(6) A record from the system of records may be disclosed to a Member of Congress from the record of an individual in response to an inquiry from the Member of Congress made at the request of that individual. In such cases however, the Member’s right to a record is no greater than that of the individual.

In the case of a State grand jury subpoena, the State equivalent of the U.S. Attorney and Attorney General shall be substituted.

(13) Relevant information from a system of records may be disclosed to the news media and general public where there exists a legitimate public interest, e.g., to assist in the location of fugitives, to provide notification of arrests, or where necessary for protection from imminent threat of life or property.

(14) A record may be disclosed to any official charged with the responsibility to conduct qualitative assessment reviews or peer reviews of internal safeguards and management procedures employed in investigative operations. This disclosure category includes members of the President’s Council on Integrity and Efficiency and officials and administrative staff within their investigative chain of command, as well as authorized officials of the Department of Justice and the Federal Bureau of Investigation.
