SUPPLEMENTARY INFORMATION:

Title: Importation of Shelled Garden Peas from Kenya.

OMB Number: 0579-0302.

Type of Request: Extension of approval of an information collection.

Abstract: The Plant Protection Act (PPA, 7 U.S.C. 7701 *et seq.*) authorizes the Secretary of Agriculture to restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. Regulations authorized by the PPA concerning the importation of fruits and vegetables into the United States from certain parts of the world are contained in "Subpart—Fruits and Vegetables" (7 CFR 319.56-1 through 319.56-48).

Under these regulations, shelled garden peas from Kenya may be

imported into the United States only under certain conditions to prevent the introduction of plant pests into the United States. The regulations in § 319.56-45 require that shipments of peas be accompanied by a phytosanitary certificate issued by the national plant protection organization of Kenya with an additional declaration stating that the peas have been shelled and washed in accordance with § 319.56-45 and have been inspected and found free of pests.

We are asking the Office of Management and Budget (OMB) to approve our use of this information collection activity for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

(1) Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;

(2) Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;

(3) Enhance the quality, utility, and clarity of the information to be collected; and

(4) Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of Burden: The public reporting burden for this collection of information is estimated to average 0.15 hours per response.

Respondents: Importers and Kenyan national plant protection organizations and producers.

Estimated Annual Number of Respondents: 2.

Estimated Annual Number of Responses per Respondent: 20.

Estimated Annual Number of Responses: 40.

Estimated Total Annual Burden on Respondents: 6 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 10th day of March 2009.

Kevin Shea,

Acting Administrator, Animal and Plant Health Inspection Service.

BILLING CODE 6335-01-P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Telecommunications and Information Administration (NTIA).

Title: Application for Low-Power Television and Translator Upgrade Program.

OMB Control Number: None.

Form Number(s): None.

Type of Request: Regular submission.

Number of Respondents: 1,250.

Average Hours per Response: 1 hour and 15 minutes.

Burden Hours: 1,563.

Needs and Uses: The Digital Television Transition and Public Safety

Act of 2005 (Act), as amended by the DTV Delay Act, Public Law 111-4, permits low-power television and translator stations to continue to broadcast in analog after June 12, 2009, the date on which full-power television facilities are required to convert to digital broadcasting. Most low-power television or translator stations extend the service area of a full-power television station by receiving the full-power station's off-air signal and then rebroadcasting the programming on another channel.

The Act directs NTIA to administer a program through which an eligible low-power television or translator station may receive reimbursement for equipment to upgrade low-power television stations from analog to digital in eligible rural communities.

The information collection will be used by NTIA to receive applications from low-power television and translator stations requesting Federal reimbursement toward the purchase of digital transmission equipment. The applications will be used by NTIA to determine the eligibility of applicant stations to receive funds from the Upgrade Program and to determine those stations eligible for priority compensation.

Affected Public: Business or other for-profit organizations; not-for-profit institutions.

Frequency: On occasion.

Respondent's Obligation: Voluntary.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to Nicholas Fraser, OMB Desk Officer, FAX number (202) 395-5806, or Nicholas_A_Fraser@omb.eop.gov.

Dated: March 10, 2009.
