Frozen shrimp and prawns that are packed with marinade, spices or sauce are included in the scope of the order. In addition, food preparations, which are not "prepared meals," that contain more than 20 percent by weight of shrimp or prawn are also included in the scope of the order.

Excluded from the scope are: (1) Breaded shrimp and prawns (HTS subheading 1605.20.10.20); (2) shrimp and prawns generally classified in the *Pandalidae* family and commonly referred to as coldwater shrimp, in any state of processing; (3) fresh shrimp and prawns whether shell-on or peeled (HTS subheadings 0306.23.00.20 and 0306.23.00.40); (4) shrimp and prawns in prepared meals (HTS subheading 1605.20.05.10); (5) dried shrimp and prawns; (6) canned warmwater shrimp and prawns (HTS subheading 1605.20.10.40); (7) certain dusted shrimp; and (8) certain battered shrimp. Dusted shrimp is a shrimp-based product: (1) That is produced from fresh (or thawed-from-frozen) and peeled shrimp; (2) to which a "dusting" layer of rice or wheat flour of at least 95 percent purity has been applied; (3) with the entire surface of the shrimp flesh thoroughly and evenly coated with the flour; (4) with the non-shrimp content of the end product constituting between four and 10 percent of the product's total weight after being dusted, but prior to being frozen; and (5) that is subjected to IQF freezing immediately after application of the dusting layer. Battered shrimp is a shrimp-based product that, when dusted in accordance with the definition of dusting above, is coated with a wet viscous layer containing egg and/or milk, and par-fried.

The products covered by the order are currently classified under the following HTSUS subheadings: 0306.13.00.03, 0306.13.00.06, 0306.13.00.09, 0306.13.00.12, 0306.13.00.15, 0306.13.00.18, 0306.13.00.21, 0306.13.00.24, 0306.13.00.27, 0306.13.00.40, 1605.20.10.10, and 1605.20.10.30. These HTSUS subheadings are provided for convenience and for customs purposes only and are not dispositive, but rather the written description of the scope of the order is dispositive.

Initiation of Changed Circumstances Reviews

Pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended ("Act"), the Department will conduct a changed circumstances review upon receipt of information concerning, or a request from an interested party for a review of, an antidumping duty order which shows changed circumstances sufficient to warrant a review of the order. The Department has determined that the information submitted by the CCR Companies demonstrates changed circumstances sufficient to warrant a review. See 19 CFR 351.216(d). Additionally, section 751(b)(4) of the Act states that the Department shall not conduct a review less than 24 months after the date of publication of the less-than-fair-value determination, in the absence of good cause. As noted above, all the CCR Companies filed their requests for changed circumstances reviews more than 24 months after the publication of the Order.

In accordance with the above-referenced regulations, the Department is initiating changed circumstances reviews to determine whether the CCR Companies are the successors-in-interest to the Original Companies. In determining whether one company is the successor to another for purposes of applying the antidumping duty law, the Department examines a number of factors including, but not limited to, changes in: (1) Management; (2) production facilities; (3) supplier relationships; and (4) customer base. See, e.g., *Certain Cut-to-Length Carbon Steel Plate from Romania: Initiation and Preliminary Results of Changed Circumstances Antidumping Duty Administrative Review*, 70 FR 22847 (May 3, 2005). While no one or several of these factors will necessarily provide a dispositive indication of succession, the Department will generally consider one company to be a successor to another company if its resulting operation is similar to that of its predecessor. See *Notice of Initiation of Antidumping Duty Changed Circumstances Review: Certain Forged Stainless Steel Flanges from India*, 71 FR 327 (January 4, 2006). Thus, if the evidence demonstrates that, with respect to the production and sale of the subject merchandise, the new company operates as the same business entity as the prior company, the Department will assign the new company the cash deposit rate of its predecessor.

Due to the complexity and breadth of analysis required for five separate changed circumstance reviews, it is not practical to conduct expedited changed

circumstance reviews. Therefore, we have not issued the preliminary results of these changed circumstance reviews at this time. The Department will publish in the **Federal Register** a notice of preliminary results of the antidumping duty changed circumstances reviews, in accordance with 19 CFR 351.221(b)(4) and 19 CFR 351.221(c)(3)(i). This notice will set forth the factual and legal conclusions upon which our preliminary results are based and a description of any action proposed based on those results. Pursuant to 19 CFR 351.221(b)(4)(ii), interested parties will have an opportunity to comment on the preliminary results of the reviews. In accordance with 19 CFR 351.216(e), the Department will issue the final results of its antidumping duty changed circumstances reviews not later than 270 days after the date on which the reviews are initiated, or within 45 days if all parties to the proceeding agree to the outcome of the preliminary findings, and will publish these results in the **Federal Register**.

This notice is published in accordance with sections 751(b)(1) and 777(i) of the Act and 19 CFR 351.216 and 351.221(c)(3).

Dated: March 12, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

During the initial 45-day public comment period, the Navy hosted four public hearings.

Background

In the case of military readiness activities, sections 101(a)(5)(A) and (D) of the MMPA (16 U.S.C. 1361 *et seq.*) direct the Secretary of Commerce (Secretary) to allow, upon request, the incidental, but not intentional taking of marine mammals by U.S. citizens who engage in a specified activity (other than commercial fishing) if certain findings are made and regulations are issued or, if the taking is limited to harassment, notice of a proposed authorization is provided to the public for review.

Authorization for incidental takings may be granted if NMFS finds that the taking will have no more than a negligible impact on the species or stock(s), will not have an unmitigable adverse impact on the availability of the species or stock(s) for subsistence uses, and that the permissible methods of taking and requirements pertaining to the mitigation, monitoring and reporting of such taking are set forth.

NMFS has defined "negligible impact" in 50 CFR 216.103 as:

an impact resulting from the specified activity that cannot be reasonably expected to, and is not reasonably likely to, adversely affect the species or stock through effects on annual rates of recruitment or survival.

With respect to military readiness activities, the MMPA defines "harassment" as:

(i) any act that injures or has the significant potential to injure a marine mammal or marine mammal stock in the wild [Level A
