(1) * * *

(ii) Except as provided in paragraph (c)(2) of this section, all veterans who are eligible to receive both military retired pay and disability compensation at the same time under paragraphs (b)(1) or (b)(2) of this section must file a waiver in order to receive the maximum allowable amount of disability compensation during the phase-in period. The phase-in period ends on December 31, 2013. After the phase-in period, veterans retired under 10 U.S.C. chapter 61 who are eligible for concurrent receipt must still file a waiver under the circumstances described in paragraph (b)(2)(ii) of this section.

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[MD202-3118; FRL-8775-2]

Approval and Promulgation of Air Quality Implementation Plans; Maryland; Update to Materials Incorporated by Reference

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule; notice of administrative change.

SUMMARY: EPA is updating the materials submitted by Maryland that are incorporated by reference (IBR) into the State implementation plan (SIP). The regulations affected by this update have been previously submitted by the Maryland Department of the Environment (MDE) and approved by EPA. This update affects the SIP materials that are available for public inspection at the National Archives and Records Administration (NARA), the Air and Radiation Docket and Information Center located at EPA Headquarters in Washington, DC, and the Regional Office.

DATES: *Effective Date:* This action is effective March 19, 2009.

ADDRESSES: SIP materials which are incorporated by reference into 40 CFR part 52 are available for inspection at the following locations: Air Protection Division, U.S. Environmental Protection Agency, Region III, 1650 Arch Street, Philadelphia, Pennsylvania 19103; the Air and Radiation Docket and Information Center, EPA Headquarters Library, Room Number 3334, EPA West Building, 1301 Constitution Ave., NW., Washington, DC 20460, and the National Archives and Records Administration. If you wish to obtain materials from a docket in the EPA Headquarters Library, please call the Office of Air and Radiation (OAR) Docket/Telephone number: (202) 566-1742; or the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202-741-6030, or go to: <http://www.archives.gov/>

FOR FURTHER INFORMATION CONTACT: Harold A. Frankford, (215) 814-2108 or by e-mail at frankford.harold@epa.gov.

SUPPLEMENTARY INFORMATION: The SIP is a living document which the State revises as necessary to address the unique air pollution problems in the State. Therefore, EPA from time to time must take action on SIP revisions containing new and/or revised regulations to make them part of the SIP. On May 22, 1997 (62 FR 27968), EPA revised the procedures for incorporating by reference federally-approved SIPs, as a result of consultations between EPA and the Office of the Federal Register (OFR). The description of the revised SIP document, IBR procedures and “Identification of plan” format are discussed in further detail in the May 22, 1997 **Federal Register** document. On November 29, 2004 (69 FR 69304), EPA published a document in the **Federal Register** beginning the new IBR procedure for Maryland. On February 2, 2006 (71 FR 5607) and May 18, 2007 (72 FR 27957), EPA published an update to the IBR material for Maryland. On March 11, 2008 (73 FR 12895), EPA published a correction update to the IBR material pertaining to source-specific requirements. In this document, EPA is doing the following:

1. Announcing the update to the IBR material as of December 1, 2008.

2. Making corrections to the following entries listed in the paragraph 52.1070(c) chart, as described below:

a. COMAR 26.11.01.01B(53)—moving the text from the “State effective date” and the “EPA approval date” columns to the “EPA approval date” and “Additional explanation/citation at 40 CFR 52.1100” columns respectively; and adding new text to the “State effective date column.”

b. COMAR 26.11.06.02—correcting the regulatory citation in the “Additional explanation/citation at 40 CFR 52.1100” column.

c. COMAR 26.11.13.08—correcting the page citation in the “EPA approval date” column.

d. COMAR 26.11.17.01 and .03—correcting the text in the “State effective date” and “EPA approval date” columns.

e. COMAR 26.11.24.05-1—adding explanatory text to the “Additional explanation/citation at 40 CFR § 52.1100” column.

f. COMAR 26.11.32.13—revising the explanatory text in the “Additional explanation/citation at 40 CFR 52.1100” column.

g. TM81–04 and TM83–05—removing these entries from the chart. EPA had approved revisions to COMAR 26.11.10.07 on September 7, 2001 (66 FR 46727) and November 7, 2001 (66 FR 56222), indicating that TM91–01 had replaced TM81–04 and TM83–05 as the SIP enforceable test method document for iron and steel production facilities. See currently, §§ 52.1100(c)(153)(B)(1) and 52.1100(c)(163)(B)(3). Thus, EPA has determined that the inclusion of entries for TM81–04 and TM91–1 in paragraph 52.1070(c) published on or after November 29, 2004 has been in error.

3. Correcting minor miscellaneous typographical errors in the paragraph (c) and (d) charts.

4. Making corrections to the following entries listed in the paragraph 52.1070(d) chart, as described below:

a. PEPCO Chalk Point Units #1 and #2—Adding “Potomac Electric Power Company” to the “Name of source” column.

b. Kaydon Ring and Seal—removing text describing the SIP effective date from the “Additional explanation” column.

5. Making corrections to typographical errors of the **Federal Register** citations for the following entries listed in the paragraph 52.1070(e) chart:

a. 1990 Base Year Emissions Inventory—Kent & Queen Anne’s Counties.

b. 1990 Base Year Emissions Inventory—Metropolitan Baltimore Ozone Nonattainment Area.

c. 1990 Base Year Emissions Inventory—Philadelphia-Wilmington-Trenton Ozone Nonattainment Area (Cecil County).

d. Post-1996 Rate of Progress Plan & contingency measures—Philadelphia-Wilmington-Trenton Ozone Nonattainment Area (Cecil County). EPA has determined that today’s rule falls under the “good cause” exemption in section 553(b)(3)(B) of the Administrative Procedures Act (APA) which, upon finding “good cause” authorizes agencies to dispense with public participation, and section 553(d)(3) which allows an agency to make a rule effective immediately (thereby avoiding the 30-day delayed effective date otherwise provided for in the APA). Today’s rule simply codifies provisions which are already in effect as a matter of law in Federal and approved State programs. Under section 553 of the APA, an agency may find good cause where procedures are “impractical, unnecessary, or contrary to the public interest.” Public comment is

“unnecessary” and “contrary to the public interest” since the codification only reflects existing law. Immediate notice in the CFR benefits the public by removing outdated citations and incorrect chart entries.

Statutory and Executive Order Reviews

A. General Requirements

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable Federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting Federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

- Is not a “significant regulatory action” subject to review by the Office of Management and Budget under Executive Order 12866 (58 FR 51735, October 4, 1993);
- Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 *et seq.*);
- Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*);
- Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
- Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
- Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
- Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
- Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
- Does not provide EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

B. Submission to Congress and the Comptroller General

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. EPA will submit a report containing this rule and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the **Federal Register**. This rule is not a “major rule” as defined by 5 U.S.C. 804(2).

C. Petitions for Judicial Review

EPA has also determined that the provisions of section 307(b)(1) of the Clean Air Act pertaining to petitions for judicial review are not applicable to this action. Prior EPA rulemaking actions for each individual component of the Maryland SIP compilations had previously afforded interested parties the opportunity to file a petition for judicial review in the United States Court of Appeals for the appropriate circuit within 60 days of such rulemaking action. Thus, EPA sees no need in this action to reopen the 60-day period for filing such petitions for judicial review for this “Identification of plan” reorganization update action for Maryland.

SUPPLEMENTARY INFORMATION:

I. Background

On June 7, 2007 (72 FR 31493), EPA published a notice of proposed rulemaking (NPR) for the Commonwealth of Virginia. The NPR proposed approval of the amendments to Virginia's open burning regulation (9 VAC 5, Chapter 40, Part II, Article 40, Sections 5–40–5600 through 5–40–5630). The formal SIP revision was submitted by the Virginia Department of Environmental Quality (VADEQ) on February 5, 2007. The provisions of Virginia's open burning regulation and the rationale for EPA's proposed action are explained in the NPR and will not be restated here. On July 9, 2007, EPA received comments from VADEQ on the June 7, 2007 NPR. The comments state that they are not to be considered adverse to EPA's proposed action; rather, VADEQ requests that EPA revise the preamble to the rule where the

preamble is arguably inconsistent with Virginia's submittal. A summary of those comments and EPA's responses are provided in Section II of this document.

II. Summary of Public Comments and EPA Responses

Comment: The commenter requests to correct the following under the "Summary of SIP Revision," the list of volatile organic compound (VOC) emission control areas:

1. Western Virginia Emissions Control Area: Add "Roanoke City;" change "Salem County" to "Salem City;" and change "Winchester County" to "Winchester City."

2. Hampton Roads Emissions Control Area: Add "Gloucester County" and "Isle of Wight County" and change "Suffolk County" to Suffolk City."

3. Richmond Emissions Control Area: Add "Prince George County" and "Petersburg City."

Response: EPA acknowledges that the June 7, 2007 proposal inadvertently omitted the above-referenced geographic areas, which were included in Virginia's submittal.

Comment: The commenter requests that the seasonal restrictions in 9 VAC 5–40–5630(A)(8) and 9 VAC 5–40–5630(A)(10) as applying in the County of Gloucester and the County of Isle of Wight not become part of Virginia SIP until 2009.

Response: The effective date of this approval is 2009; therefore this comment is moot.

Comment: The commenter requests to remove the terms "landfill," "local
