Notice of a Change in Status of an Extended Benefit (EB) Period for South Carolina

AGENCY: Employment and Training Administration, Labor.

ACTION: Notice.

SUMMARY: This notice announces a change in benefit period eligibility under the EB program for South Carolina.

The following change has occurred since the publication of the last notice regarding the State's EB status:

- The 13-week insured unemployment rate (IUR) for South Carolina for the week ending February 21, 2009, rose above 5.0 percent and exceeded 120 percent of the corresponding average rate in the two prior years. Therefore, beginning the week of March 8, 2009, eligible unemployed workers will be able to collect up to an additional 13 weeks of UI benefits.

Information for Claimants

The duration of benefits payable in the EB program, and the terms and conditions on which they are payable, are governed by the Federal-State Extended Unemployment Compensation Act of 1970, as amended, and the operating instructions issued to the states by the U.S. Department of Labor. In the case of a state beginning an EB period, the State Workforce Agency will furnish a written notice of potential entitlement to each individual who has exhausted all rights to regular benefits and is potentially eligible for EB (20 CFR 615.13(c)(1)).

Persons who believe they may be entitled to EB or who wish to inquire about their rights under the program should contact their State Workforce Agency.
