

“eRegister.” You will be asked to select the type of filing you are making. A comment on a particular project is considered a “Comment on a Filing;” or

(3) You may file your comments via mail to the Commission by sending an original and two copies of your letter to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426.

Label one copy of the comments for the attention of Gas Branch 2, PJ11.2.

Comments will be considered by the Commission but will not serve to make the commentor a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission’s Rules of Practice and Procedures (18 CFR 385.214).³ Only intervenors have the right to seek rehearing of the Commission’s decision.

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your comments considered.

Additional information about the project is available from the Commission’s Office of External Affairs, at 1–866–208–FERC or on the FERC Internet Web site (<http://www.ferc.gov>) using the eLibrary link. Click on the eLibrary link, click on “General Search” and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at 1–866–208–3676, or for TTY, contact (202) 502–8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries and direct links to

the documents. Go to <http://www.ferc.gov/esubscribenow.htm>.

Pacific Gas and Electric Company; Notice of Availability of Environmental Assessment

March 12, 2009.

In accordance with the National Environmental Policy Act of 1969, as amended, and the Federal Energy Regulatory Commission’s regulations, 18 CFR part 380 (Order No. 486, 52 FR 47879), the Commission has reviewed an application, filed March 6, 2008, requesting approval to temporarily amend article 52 of the Potter Valley Project license. The project is located on the Eel River and the East Branch Russian River in Lake and Mendocino Counties, California.

Pacific Gas and Electric Company (licensee for the Potter Valley Project) requested approval to divert additional water from the Eel River to the East Branch Russian River in the same manner as authorized previously by the Commission in an order titled, Order Granting Temporary Amendment of License Article 52, issued March 13, 2008. The request, if granted, would provide frost protection from March 15–April 14, 2009 while the Commission continues its review of the licensee’s long-term frost protection plan.

The attached environmental assessment (EA), prepared by Commission staff in the Office of Energy Projects, analyzed the probable environmental effects of the proposed temporary amendment and has concluded that approval would not constitute a major Federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review at the Commission or may be viewed on the Commission’s Web site at <http://www.ferc.gov> using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access documents. For assistance, contact FERC Online Support at ferconlinesupport@ferc.gov or toll-free

Pine Prairie Energy Center, LLC; Notice of Intent To Prepare an Environmental Assessment for the Proposed Pine Prairie Energy Center Supplemental Expansion Project and Request for Comments on Environmental Issues

March 13, 2009.

The staff of the Federal Energy Regulatory Commission (FERC or Commission) will prepare an environmental assessment (EA) that will discuss the environmental impacts of the Pine Prairie Energy Center Supplemental Expansion Project (Expansion Project, or Project) involving construction and operation of facilities by Pine Prairie Energy Center, LLC (Pine Prairie) in Evangeline and Acadia Parishes, Louisiana.¹ This EA will be used by the Commission in its decision-making process to determine whether the Expansion Project is in the public convenience and necessity.

This notice announces the opening of the scoping process we will use to gather input from the public and interested agencies on the Expansion Project. Your input will help the Commission staff determine which issues need to be evaluated in the EA. Please note that the scoping period will close on April 13, 2009.

This notice is being sent to affected landowners; Federal, State, and local government representatives and agencies; elected officials; environmental and public interest groups; Native American Tribes; other interested parties; and local libraries and newspapers. State and local government representatives are asked to notify their constituents of this planned project and encourage them to comment on their areas of concern.

If you are a landowner receiving this notice, you may be contacted by a Pine Prairie representative about survey permission and/or the acquisition of an easement to construct, operate, and

³Interventions may also be filed electronically via the Internet in lieu of paper. See the previous discussion on filing comments electronically.

¹Pine Prairie submitted an amendment application on February 6, 2009 under Section 7 of the Natural Gas Act.
