

DEPARTMENT OF LABOR

Employment and Training Administration

[TA-W-65,417]

Virage Logic Corporation, Hampton, NJ; Notice of Termination of Investigation

Pursuant to Section 221 of the Trade Act of 1974, as amended, an investigation was initiated on February 27, 2009 in response to a worker petition filed on behalf of workers at Virage Logic Corporation, Hampton, New Jersey.

The petitioner has requested that the petition be withdrawn. Consequently, the investigation has been terminated.

Signed at Washington, DC this 11th day of March 2009.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

[TA-W-65,356]

Wheatland Tube Company, Sharon, PA; Notice of Termination of Investigation

Pursuant to Section 221 of the Trade Act of 1974, as amended, an

investigation was initiated on February 24, 2009 in response to a petition filed by the United Steel Workers, Local 1016-00, on behalf of workers of Wheatland Tube Company, Sharon, Pennsylvania.

The petitioner has requested that the petition be withdrawn. Consequently, the investigation has been terminated.

Signed at Washington, DC, this 13th day of March 2009.

Elliott S. Kushner,

Certifying Officer, Division of Trade Adjustment Assistance.

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized,

collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed extension of "General Inquiries to State Agency Contacts." A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed below in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the **ADDRESSES** section of this notice on or before May 26, 2009.

ADDRESSES: Send comments to Nora Kincaid, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue, NE., Washington, DC 20212, 202-691-7628. (This is not a toll free number.)

FOR FURTHER INFORMATION CONTACT: Nora Kincaid, BLS Clearance Officer, 202-691-7628. (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The Bureau of Labor Statistics (BLS) awards funds to State agencies in the 50 States, the District of Columbia, Puerto Rico, Guam, and the Virgin Islands, hereinafter referred to as the "States") in order to jointly conduct BLS/State Labor Market Information and Occupational Safety and Health Statistics cooperative statistical programs, which themselves have been approved by OMB separately, as follows:

Current Employment Statistics	1220-0011
Local Area Unemployment Statistics	1220-0017
Occupational Employment Statistics	1220-0042
Quarterly Census of Employment and Wages Report	1220-0012
Annual Refiling Survey	1220-0032
Labor Market Information Cooperative Agreement	1220-0079
Multiple Worksite Report	1220-0134
Mass Layoff Statistics	1220-0090
Annual Survey of Occupational Injuries and Illnesses	1220-0045
Census of Fatal Occupational Injuries	1220-0133
BLS/OSHS Federal State Cooperative Agreement	1220-0149

(This list of BLS/State cooperative statistical programs may change over time.)

To ensure the timely flow of data and to be able to evaluate and improve the programs, it is necessary to conduct ongoing communications between the BLS and its State partners. Whether information requests deal with program deliverables, program enhancements, or administrative issues, questions and dialogue are crucial to the successful implementation of these programs.

II. Current Action

Office of Management and Budget clearance is being sought for the General Inquiries to State Agency Contacts. Information collected under this clearance is used to support the administrative and programmatic needs of jointly conducted BLS/State Labor Market Information and Occupational Safety and Health Statistics cooperative statistical programs.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information,

including the validity of the methodology and assumptions used.

- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Type of Review: Extension of a currently approved collection.

Agency: Bureau of Labor Statistics.

Title: General Inquiries to State

Agency Contacts:

OMB Number: 1220-0168.

Affected Public: State, local, or Tribal Government.

Total Respondents: 54.

Frequency: As needed.

Total Responses: 23,890.

Average Time per Response: 40 minutes.

Estimated Total Burden Hours: 15,927.

Total Burden Cost (Capital/Startup): \$0.

Total Burden Cost (Operating/Maintenance): \$0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, this 18th day of March 2009.

Kimberley D. Hill,

Acting Chief, Division of Management Systems, Bureau of Labor Statistics.

BILLING CODE 4510-24-P

NATIONAL AERONAUTICS AND SPACE ADMINISTRATION

[Notice (09-031)]

National Environmental Policy Act; Wallops Flight Facility Shoreline Restoration and Infrastructure Protection Program

AGENCY: National Aeronautics and Space Administration.

ACTION: Notice of intent to prepare an Environmental Impact Statement (EIS) and to conduct scoping for the Wallops Flight Facility Shoreline Restoration and Infrastructure Protection Program (SRIPP).

SUMMARY: Pursuant to the National Environmental Policy Act, as amended,

(NEPA) (42 U.S.C. 4321 *et seq.*), the Council on Environmental Quality Regulations for Implementing the Procedural Provisions of NEPA (40 CFR Parts 1500-1508), and NASA's NEPA policy and procedures (14 CFR Part 1216, subpart 1216.3), NASA intends to prepare an EIS for the implementation of a long-term SRIPP at Wallops Flight Facility (WFF). The U.S. Minerals Management Service (MMS) and the U.S. Army Corps of Engineers, Norfolk District, have been asked to participate as Cooperating Agencies as they possess both regulatory authority and specialized expertise pertaining to the Proposed Action. MMS has recently accepted NASA's request and will serve as a Cooperating Agency in the preparation of this EIS.

In May 2007, NASA released for public comment a *Draft Programmatic Environmental Assessment for Goddard Space Flight Center's Wallops Flight Facility, Shoreline Restoration and Infrastructure Protection Program*. Since that time, NASA's Proposed Action has changed and NASA will now prepare an EIS for the Proposed Action currently under consideration.

The SRIPP would be implemented to restore the Wallops Island shoreline and to protect the over \$800 million in Federal and state assets on Wallops Island that are increasingly at risk from larger than normal storm events, storm waves, and flooding damage. The design and implementation of a solution to provide Wallops Island infrastructure with the necessary protection from both storm energy and flooding form the basis of the Proposed Action and alternatives to be analyzed in the WFF SRIPP EIS. The project's design lifespan would be fifty (50) years. The No Action Alternative is to not implement the WFF SRIPP, but to continue making emergency repairs to the Wallops Island shoreline as necessary.

NASA will hold a public scoping meeting as part of the NEPA process associated with the development of the EIS. The public meeting location and date identified at this time are provided under **SUPPLEMENTARY INFORMATION** below.

DATES: Interested parties are invited to submit comments on environmental issues and concerns, preferably in writing, on or before May 11, 2009, to assure full consideration during the scoping process.

ADDRESSES: Comments submitted by mail should be addressed to 250/NEPA Manager, WFF Shoreline Restoration and Infrastructure Protection Program, NASA Goddard Space Flight Center's Wallops Flight Facility, Wallops Island,

Virginia 23337. Comments may be submitted via e-mail to wff_shoreline_eis@majordomo.gsfc.nasa.gov.

FOR FURTHER INFORMATION CONTACT:

WFF Shoreline Restoration and Infrastructure Protection Program EIS by e-mail addressed to wff_shoreline_eis@majordomo.gsfc.nasa.gov or by mail addressed to 250/NEPA Manager, WFF Shoreline Restoration and Infrastructure Protection Program, NASA Goddard Space Flight Center's Wallops Flight Facility, Wallops Island, Virginia 23337. Additional information about the WFF Shoreline Restoration and Infrastructure Protection Program and NASA's NEPA process may be found on the internet at http://sites.wff.nasa.gov/code250/shoreline_eis.html.

SUPPLEMENTARY INFORMATION: WFF is a NASA Goddard Space Flight Center field installation located in Accomack County on the Eastern Shore of Virginia. As the oldest active launch range in the continental United States and the only range completely under NASA management, WFF has launched over 15,000 orbital and suborbital rockets since its operations began in the early 1940s.

WFF consists of three distinct landmasses totaling nearly 2,630 hectares (6,500 acres)—the Main Base, Wallops Mainland, and Wallops Island. To meet the safety and technical requirements of its various missions, many of WFF's primary launch support facilities reside on Wallops Island (island) which is located directly on the Atlantic Ocean. Even prior to NASA's presence on the island, the landmass has been subject to the effects of shoreline retreat, with measured losses averaging approximately 3.7 meters (12.2 feet) per year since 1857. Since the early 1960s, NASA has implemented several shoreline protection projects on the island that have included construction of wooden groins perpendicular to its shoreline, construction of a rock armor seawall parallel to its shoreline, and placement of dredged material along its shorefront. Despite these efforts, the ocean has continued to encroach substantially toward launch pads, infrastructure, and test and training facilities belonging to NASA, the U.S. Navy, and the Mid-Atlantic Regional Spaceport. In calendar years 2006 and 2007, NASA prepared a Draft SRIPP Programmatic Environmental Assessment to assess a wide variety of shoreline protection and flood control measures on the island. After receiving public comment and carefully considering the objectives of the project, NASA has since modified
