2. *Content and Form of Application Submission:* Requirements concerning the content of an application, together with the forms you must submit, are in the application package for this program. The International Research and Studies Program has two schedules. Research, surveys, and studies applicants must use the application package for 84.017A-1. Instructional materials applicants must use the application package for 84.017A-3.

Page Limit: The project narrative is where you, the applicant, address the selection criteria that reviewers use to evaluate your application. You must limit the project narrative [Part III] to the equivalent of no more than 30 pages, using the following standards:

- A "page" is 8.5" x 11", on one side only, with 1" margins at the top, bottom, and both sides. Page numbers and an identifier may be outside of the 1" margin.

- Double space (no more than three lines per vertical inch) all text in the project narrative, *except* titles, headings, footnotes, quotations, references, captions, and all text in charts, tables, figures, and graphs. These items may be single spaced. Charts, tables, figures, and graphs in the project narrative count toward the page limit.

- Use a font that is either 12 point or larger, or no smaller than 10 pitch

(characters per inch). However, you may use a 10 point font in charts, tables, figures, and graphs.

- Use one of the following fonts: Times New Roman, Courier, Courier New, or Arial. An application submitted in any other font (including Times Roman and Arial Narrow) will not be accepted.

The page limit does not apply to Part I, the Application for Federal Assistance face sheet (SF 424); the supplemental information form required by the Department of Education; Part II, the budget information summary form (ED Form 524); or Part IV, the assurances and certifications. The page limit also does not apply to a table of contents. If you include any attachments or appendices not specifically requested, these items will be counted as part of your project narrative [Part III] for purposes of the page limit requirement. You must include your complete response to the selection criteria in the project narrative.

We will reject your application if you exceed the page limit.

3. *Submission Dates and Times:*
Applications Available: March 24, 2009.

Deadline for Transmittal of Applications: April 23, 2009.

Applications for grants under this program must be submitted electronically using the Grants.gov Apply site (Grants.gov). For information (including dates and times) about how to submit your application electronically, or in paper format by mail or hand delivery if you qualify for an exception to the electronic submission requirement, please refer to section IV.6. *Other Submission Requirements* of this notice.

We do not consider an application that does not comply with the deadline requirements.

Individuals with disabilities who need an accommodation or auxiliary aid in connection with the application process should contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice. If the Department provides an accommodation or auxiliary aid to an individual with a disability in connection with the application process, the individual's application remains subject to all other requirements and limitations in this notice.

4. *Intergovernmental Review:* This program is not subject to Executive Order 12372 and the regulations in 34 CFR part 79.

5. *Funding Restrictions:* We reference regulations outlining funding

restrictions in the *Applicable Regulations* section of this notice.

6. *Other Submission Requirements:* Applications for grants under this program must be submitted electronically unless you qualify for an exception to this requirement in accordance with the instructions in this section.

a. *Electronic Submission of Applications*

Applications for grants under the International Research and Studies Program, CFDA number 84.017A, must be submitted electronically using the Governmentwide Grants.gov Apply site at <http://www.Grants.gov>. Through this site, you will be able to download a copy of the application package, complete it offline, and then upload and submit your application. You may not e-mail an electronic copy of a grant application to us.

We will reject your application if you submit it in paper format unless, as described elsewhere in this section, you qualify for one of the exceptions to the electronic submission requirement *and* submit, no later than two weeks before the application deadline date, a written statement to the Department that you qualify for one of these exceptions. Further information regarding calculation of the date that is two weeks before the application deadline date is provided later in this section under *Exception to Electronic Submission Requirement*.

You may access the electronic grant application for the International Research and Studies Program at <http://www.Grants.gov>. You must search for the downloadable application package for this program by the CFDA number. Do not include the CFDA number's alpha suffix in your search (e.g., search for 84.017, not 84.017A).

Please note the following:

- When you enter the Grants.gov site, you will find information about submitting an application electronically through the site, as well as the hours of operation.

- Applications received by Grants.gov are date and time stamped. Your application must be fully uploaded and submitted and must be date and time stamped by the Grants.gov system no later than 4:30:00 p.m., Washington, DC time, on the application deadline date. Except as otherwise noted in this section, we will not accept your application if it is received—that is, date and time stamped by the Grants.gov system—after 4:30:00 p.m., Washington, DC time, on the application deadline date. We do not consider an application that does not comply with the deadline

requirements. When we retrieve your application from Grants.gov, we will notify you if we are rejecting your application because it was date and time stamped by the Grants.gov system after 4:30:00 p.m., Washington, DC time, on the application deadline date.

- The amount of time it can take to upload an application will vary depending on a variety of factors, including the size of the application and the speed of your Internet connection. Therefore, we strongly recommend that you do not wait until the application deadline date to begin the submission process through Grants.gov.

- You should review and follow the Education Submission Procedures for submitting an application through Grants.gov that are included in the application package for this program to ensure that you submit your application in a timely manner to the Grants.gov system. You can also find the Education Submission Procedures pertaining to Grants.gov at <http://e-Grants.ed.gov/help/GrantsgovSubmissionProcedures.pdf>.

- To submit your application via Grants.gov, you must complete all steps in the Grants.gov registration process (see http://www.grants.gov/applicants/get_registered.jsp). These steps include (1) registering your organization, a multi-part process that includes registration with the Central Contractor Registry (CCR); (2) registering yourself as an Authorized Organization Representative (AOR); and (3) getting authorized as an AOR by your organization. Details on these steps are outlined in the Grants.gov 3-Step Registration Guide (see <http://www.grants.gov/section910/Grants.govRegistrationBrochure.pdf>).

You also must provide on your application the same D-U-N-S Number used with this registration. Please note that the registration process may take five or more business days to complete, and you must have completed all registration steps to allow you to submit successfully an application via Grants.gov. In addition you will need to update your CCR registration on an annual basis. This may take three or more business days to complete.

- You will not receive additional point value because you submit your application in electronic format, nor will we penalize you if you qualify for an exception to the electronic submission requirement, as described elsewhere in this section, and submit your application in paper format.

- You must submit all documents electronically, including all information you typically provide on the following forms: Application for Federal

Assistance (SF 424), the Department of Education Supplemental Information for SF 424, Budget Information—Non-Construction Programs (ED 524), and all necessary assurances and certifications.

- You must attach any narrative sections of your application as files in a .DOC (document), .RTF (rich text), or .PDF (Portable Document) format. If you upload a file type other than the three file types specified in this paragraph or submit a password-protected file, we will not review that material.

- Your electronic application must comply with any page-limit requirements described in this notice.

- After you electronically submit your application, you will receive from Grants.gov an automatic notification of receipt that contains a Grants.gov tracking number. (This notification indicates receipt by Grants.gov only, not receipt by the Department.) The Department then will retrieve your application from Grants.gov and send a second notification to you by e-mail. This second notification indicates that the Department has received your application and has assigned your application a PR/Award number (an ED-specified identifying number unique to your application).

- We may request that you provide us original signatures on forms at a later date.

Application Deadline Date Extension in Case of Technical Issues with the Grants.gov System: If you are experiencing problems submitting your application through Grants.gov, please contact the Grants.gov Support Desk, toll free, at 1-800-518-4726. You must obtain a Grants.gov Support Desk Case Number and must keep a record of it.

If you are prevented from electronically submitting your application on the application deadline date because of technical problems with the Grants.gov system, we will grant you an extension until 4:30:00 p.m., Washington, DC time, the following business day to enable you to transmit your application electronically or by hand delivery. You also may mail your application by following the mailing instructions described elsewhere in this notice.

If you submit an application after 4:30:00 p.m., Washington, DC time, on the application deadline date, please contact the person listed under **FOR FURTHER INFORMATION CONTACT** in section VII of this notice and provide an explanation of the technical problem you experienced with Grants.gov, along with the Grants.gov Support Desk Case Number. We will accept your application if we can confirm that a technical problem occurred with the

Grants.gov system and that that problem affected your ability to submit your application by 4:30:00 p.m., Washington, DC time, on the application deadline date. The Department will contact you after a determination is made on whether your application will be accepted.

Note: The extensions to which we refer in this section apply only to the unavailability of, or technical problems with, the Grants.gov system. We will not grant you an extension if you failed to fully register to submit your application to Grants.gov before the application deadline date and time or if the technical problem you experienced is unrelated to the Grants.gov system.

Exception to Electronic Submission Requirement: You qualify for an exception to the electronic submission requirement, and may submit your application in paper format, if you are unable to submit an application through the Grants.gov system because—

- You do not have access to the Internet; or

- You do not have the capacity to upload large documents to the Grants.gov system; and

- No later than two weeks before the application deadline date (14 calendar days or, if the fourteenth calendar day before the application deadline date falls on a Federal holiday, the next business day following the Federal holiday), you mail or fax a written statement to the Department, explaining which of the two grounds for an exception prevents you from using the Internet to submit your application.

If you mail your written statement to the Department, it must be postmarked no later than two weeks before the application deadline date. If you fax your written statement to the Department, we must receive the faxed statement no later than two weeks before the application deadline date.

Address and mail or fax your statement to: Carla White, U.S. Department of Education, 1990 K Street, NW., Room 6085, Washington, DC 20006-8521. FAX: (202) 502-7860.

If you mail your application through the U.S. Postal Service, we do not accept either of the following as proof of mailing:

- (1) A private metered postmark.
- (2) A mail receipt that is not dated by the U.S. Postal Service.

If your application is postmarked after the application deadline date, we will not consider your application.

Note: The U.S. Postal Service does not uniformly provide a dated postmark. Before relying on this method, you should check with your local post office.

c. Submission of Paper Applications by Hand Delivery

Full Text of Announcement

I. Funding Opportunity Description

Purpose of Program: The Native Hawaiian Career and Technical Education Program (NHCTEP) provides grants to eligible applicants to plan, conduct, and administer programs, or portions of programs, that are authorized by and consistent with the purposes of section 116 of the Carl D. Perkins Career and Technical Education

Act of 2006 (Act) for the benefit of Native Hawaiians.

Background: Under section 116(h) of the Act, eligible community-based organizations receive NHCTEP grants to plan, conduct, and administer programs, or portions thereof, that are consistent with the purposes of section 116 of the Act, for the benefit of Native Hawaiians. Section 116(e) of the Act provides that educational programs, services, and activities funded under NHCTEP must support and help to improve career and technical education programs. (20 U.S.C. 2326(e)) This requirement, along with the statutory definition of career and technical education, aligns NHCTEP with other programs authorized under the Act that require grantees to offer a sequence of courses that provides individuals with coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in current or emerging professions. (20 U.S.C. 2302(5))

Under this competition the Secretary awards grants to carry out projects that provide organized educational activities offering a sequence of courses that—

(a) Provide individuals with coherent and rigorous content aligned with challenging academic standards and relevant technical knowledge and skills needed to prepare for further education and careers in current or emerging professions;

(b) Provide technical skill proficiency, an industry-recognized credential, a certificate, or an associate degree; and

(c) Include competency-based applied learning that contributes to the academic knowledge, higher-order reasoning and problem-solving skills, work attitudes, general employability skills, technical skills, and occupation-specific skills, and knowledge of all aspects of an industry, including entrepreneurship, of an individual.

Projects may include prerequisite courses (other than remedial courses) that meet the definitional requirements of section 3(5)(A) of the Act. (20 U.S.C. 2302(5)(A)).

Requirements: The Assistant Secretary for Vocational and Adult Education has established the following requirements for this program. These requirements are from the notice of final requirements, definitions, and selection criteria published elsewhere in this issue of the **Federal Register**.

Authorized Programs, Services, and Activities:

(a) *Authorized Programs.* Under this competition the Secretary awards grants to carry out projects that—

(1) Develop new programs, services, or activities or improve or expand existing programs, services, or activities that are consistent with the purposes of the Act. In other words, the Department will support “expansions” or “improvements” that include, but are not necessarily limited to, the expansion of effective programs or practices; upgrading of activities, equipment, or materials; increasing staff capacity; adoption of new technology; modification of curriculum; or implementation of new policies to improve program effectiveness and outcomes; and

(2) Fund a career and technical education program, service, or activity that—

(i) Is a new program, service, or activity that was not provided by the applicant during the instructional term (a defined period, such as a semester, trimester, or quarter, within the academic year) that preceded the request for funding under NHCTEP;

(ii) Will improve or expand an existing career and technical education program; or

(iii) Inherently improves career and technical education. A program, service, or activity “inherently improves career and technical education” if it—

(A) Develops new career and technical education programs of study for approval by the appropriate accreditation agency;

(B) Strengthens the rigor of the academic and career and technical components of funded programs;

(C) Uses curriculum that is aligned with industry-recognized standards and will result in students attaining industry-recognized credentials, certificates, or degrees;

(D) Integrates academics (other than remedial courses) with career and technical education programs through a coherent sequence of courses to help ensure learning in the core academic and career and technical subjects;

(E) Links career and technical education at the secondary level with career and technical education at the postsecondary level, and facilitates students’ pursuit of a baccalaureate degree;

(F) Expands the scope, depth, and relevance of curriculum, especially content that provides students with a comprehensive understanding of all aspects of an industry and a variety of hands-on, job-specific experiences; or

(G) Offers—

(1) Work-related experience, internships, cooperative education, school-based enterprises, studies in entrepreneurship, community service learning, and job shadowing that are
