

eFiling expert staff available to assist you at 202-502-8258 or efiling@ferc.gov.

(1) You may file your comments electronically by using the Quick Comment feature, which is located on the Commission's internet Web site at <http://www.ferc.gov> under the link to Documents and Filings. A Quick Comment is an easy method for interested persons to submit text-only comments on a project;

(2) You may file your comments electronically by using the eFiling feature, which is located on the Commission's internet Web site at <http://www.ferc.gov> under the link to Documents and Filings. eFiling involves preparing your submission in the same manner as you would if filing on paper, and then saving the file on your computer's hard drive. You will attach that file as your submission. New eFiling users must first create an account by clicking on "Sign up" or "eRegister." You will be asked to select the type of filing you are making. A comment on a particular project is considered a "Comment on a Filing;" or

(3) You may file your comments via mail to the Commission by sending an original and two copies of your letter to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426.

Label one copy of the comments for the attention of Gas Branch 3, PJ11.3.

Environmental Mailing List

An effort is being made to send this notice to all individuals, organizations, and government entities interested in and/or potentially affected by the proposed project. This includes all landowners who are potential right-of-way grantors, whose property may be used temporarily for project purposes, or who own land within distances defined in the Commission's regulations of certain aboveground facilities.

If you do not want to send comments at this time but still want to remain on our mailing list, please return the Information Request (Appendix 2). If you do not return the Information Request, you will be taken off the mailing list.

Becoming an Intervenor

In addition to involvement in the EA scoping process, you may want to become an "intervenor," which is an official party to the proceeding. Intervenor play a more formal role in the process and are able to file briefs, appear at hearings, and be heard by the courts if they choose to appeal the Commission's final ruling. An

intervenor formally participates in a Commission proceeding by filing a request to intervene. Instructions for becoming an intervenor are included in the User's Guide under the "e-filing" link on the Commission's Web site.

Additional Information

Additional information about the project is available from the Commission's Office of External Affairs, at 1-866-208-FERC or on the FERC Internet Web site (<http://www.ferc.gov>) using the eLibrary link. Click on the eLibrary link, click on "General Search" and enter the docket number excluding the last three digits in the Docket Number field. Be sure you have selected an appropriate date range. For assistance, please contact FERC Online Support at FercOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, contact (202) 502-8659. The eLibrary link also provides access to the texts of formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission now offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries and direct links to the documents. Go to <http://www.ferc.gov/esubscribenow.htm>.

Finally, public meetings or site visits, if applicable, will be posted on the Commission's calendar located at <http://www.ferc.gov/EventCalendar/EventsList.aspx> along with other related information.

Kimberly D. Bose,

Secretary.

[Project No. 13234-001]

City and Borough of Sitka

Notice of Request To Use Alternative Procedures in Preparing a License Application

March 24, 2009.

Take notice that the following request to use alternative procedures to prepare a license application has been filed with the Commission.

a. *Type of Application:* Request to use alternative procedures to prepare an original license application.

b. *Project No.:* 13234-001

c. *Date filed:* March 20, 2009

d. *Applicant:* City and Borough of Sitka

e. *Name of Project:* Takatz Lake Hydroelectric Project

f. *Location:* On the Takatz Lake and Takatz Creek, approximately 20 miles east of the City of Sitka, Alaska, on east side of Baranof Island. The project would occupy federal lands within the Tongass National Forest, administered by the U.S. Forest Service.

g. *Filed Pursuant to:* Federal Power Act, 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Christopher Brewton, Utility Manager, City and Borough of Sitka, Electric Department, 105 Jarvis Street, Sitka, Alaska 98335, (907) 747-1870, chrisb@cityofsitka.com.

i. *FERC Contact:* Joseph Adamson, phone at (202) 502-8085; e-mail at joseph.adamson@ferc.gov.

j. *Deadline for Comments:* 30 days from the date of this notice.

All documents (original and eight copies) should be filed with: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

Comments may be filed electronically via the Internet in lieu of paper. The Commission strongly encourages electronic filings. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

k. The project would consist of a 200-foot-high primary concrete arch dam with spillway and parapet wall that would raise the elevation of the existing lake; 30-foot-high secondary saddle dam; an impoundment with a 740-acre surface area at a full pool elevation of 1,040 feet mean sea level, with an active capacity of 82,000 acre-feet; an approximately 4-mile-long access road; a 2,800-foot-long, 6.5-foot by 7-foot modified unlined horseshoe tunnel fed by an intake into a 72-inch-diameter 1,000-foot-long steel penstock leading to a powerhouse containing two Francis-type generating units, having a total installed capacity of 27,700 kilowatts; an approximately 21-mile-long, 115 kilovolt (kv) or 138 kv transmission line that consists of a combination of submarine, overhead, and underground segments.

l. A copy of the request to use alternative procedures is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the

last three digits in the docket number field to access the document. For assistance, contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll-free at 1-866-208-3676, or for TTY, (202) 502-8659. A copy is also available for inspection and reproduction at the address in item h above.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via e-mail of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

m. The City and Borough of Sitka has demonstrated that it has made an effort to contact all federal and state resources agencies, non-governmental organizations (NGO), and others affected by the project. The City and Borough of Sitka has also demonstrated that a consensus exists that the use of alternative procedures is appropriate in this case. The City and Borough of Sitka has submitted a communications protocol that is supported by the stakeholders.

The purpose of this notice is to invite any additional comments on the City and Borough of Sitka's request to use the alternative procedures, pursuant to section 4.34(i) of the Commission's regulations. Additional notices seeking comments on the specific project proposal, interventions and protests, and recommended terms and conditions will be issued at a later date. The City and Borough of Sitka will complete and file a preliminary Environmental Assessment, in lieu of Exhibit E of the license application. This differs from the traditional process, in which an applicant consults with agencies, Indian tribes, NGOs, and other parties during preparation of the license application and before filing the application, but the Commission staff performs the environmental review after the application is filed. The alternative procedures are intended to simplify and expedite the licensing process by combining the pre-filing consultation and environmental review processes into a single process, to facilitate greater participation, and to improve communication and cooperation among the participants.

The City and Borough of Sitka has met with federal and state resources agencies regarding the proposed Takatz Lake Hydroelectric Project. The City and Borough of Sitka intends to file 6-month progress reports during the alternative procedures process that leads to the

filing of a license application by September 2011.

Kimberly D. Bose,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. CP09-79-000]

Leaf River Energy Center LLC; Notice of Request Under Blanket Authorization

March 24, 2009.

Take notice that on March 10, 2009, Leaf River Energy Center LLC (Leaf River), 53 Riverside Avenue, Westport, Connecticut, 06880, filed in Docket number CP09-79-000, a prior notice request pursuant to sections 157.205 and 157.208 of the Commission's regulations under the Natural Gas Act (NGA), and Leaf River's blanket certificate issued in Docket number CP08-8-000. Leaf River asked for authorization to construct, own and operate a new natural gas pipeline lateral and associated facilities (Sonat Lateral) that will connect the Leaf River Energy Center, a certificated underground natural gas storage and pipeline header facilities, located in Smith, Jasper and Clarke Counties, Mississippi, with a Southern Natural Gas Company (Sonat) interstate natural gas transmission pipeline in place of the facilities that Leaf River originally proposed for that purpose. Leaf River submitted information supplementing prior notice of proposed construction activity under blanket certificate on March 23, 2009, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at (866) 208-3676, or TTY, contact (202) 502-8659.

Any questions concerning this application may be directed to Laura L. Luce, Leaf River Energy Center LLC, 53 Riverside Avenue, Westport, CT 06880, at (203) 557-1000 or at lluce@ngsenergy.com.

Any person may, within 60 days after the issuance of the instant notice by the

Commission, file pursuant to Rule 214 of the Commission's Procedural Rules (18 CFR 385.214) a motion to intervene or notice of intervention. Any person filing to intervene or the Commission's staff may, pursuant to section 157.205 of the Commission's Regulations under the Natural Gas Act (NGA) (18 CFR 157.205) file a protest to the request. If no protest is filed within the time allowed therefore, the proposed activity shall be deemed to be authorized effective the day after the time allowed for protest. If a protest is filed and not withdrawn within 30 days after the time allowed for filing a protest, the instant request shall be treated as an application for authorization pursuant to section 7 of the NGA.

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a) (1) (iii) and the instructions on the Commission's Web site (<http://www.ferc.gov>) under the "e-Filing" link.

Kimberly D. Bose,
Secretary.
