

Remedy, the Public Interest, and Bonding (Public Version) (March 16, 2009) (available on EDIS) at 33–34.

The Commission requests additional briefing regarding the appropriateness of Tessera's proposed remedy. Specifically the Commission is particularly interested in responses to the following questions:

1. Please address whether Tessera is entitled to a GEO under 19 U.S.C. 1337(d)(2).

2. Please address whether the Commission has the authority under the statute to issue a "tailored GEO," which would ostensibly reach only specified downstream products and manufacturers while subjecting a complainant to the additional requirements of 19 U.S.C. 1337(d)(2).

3. Please address whether the Commission has the authority to issue two different exclusion orders at two different times, specifically whether the Commission can issue an LEO immediately and then issue a GEO at a later date.

The Commission has also determined that the target date be extended to May 20, 2009.

Written Submissions: Parties to the investigation, interested government agencies, and any other interested parties are encouraged to file written submissions on the issues of remedy, the public interest, and bonding. Such submissions should address the questions posed by the Commission above, as well as the recommended determination by the ALJ on remedy and bonding.

The written submissions must be filed no later than close of business on Friday, April 10, 2009. Reply submissions must be filed no later than the close of business on Monday, April 20, 2009. No further submissions on these issues will be permitted unless otherwise ordered by the Commission.

Persons filing written submissions must file the original document and 12 true copies thereof on or before the deadlines stated above with the Office of the Secretary. Any person desiring to submit a document to the Commission in confidence must request confidential treatment unless the information has already been granted such treatment during the proceedings. All such requests should be directed to the Secretary of the Commission and must include a full statement of the reasons why the Commission should grant such treatment. See 19 CFR 210.6. Documents for which confidential treatment by the Commission is sought will be treated accordingly. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary.

The authority for the Commission's determination is contained in section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and in section 210.42 of the Commission's Rules of Practice and Procedure (19 CFR 210.42).

Issued: March 26, 2009.

By order of the Commission.

Marilyn R. Abbott,

Secretary to the Commission.
