**Kensington Windows, Inc., a Subsidiary of Jancor Companies, Inc., Vandergrift, PA; Notice of Negative Determination Regarding Application for Reconsideration**

By application dated February 27, 2009, the International Union of Electronic, Electrical, Salaried, Machine and Furniture Workers (IUE), Local 188643 requested administrative reconsideration of the Department's negative determination regarding eligibility for workers and former workers of Kensington Windows, Inc., a subsidiary of Jancor Companies, Inc., Vandergrift, Pennsylvania (subject firm) to apply for Trade Adjustment Assistance (TAA) and Alternative Trade Adjustment Assistance (ATAA). The Department's Notice of Affirmative Determination Regarding Application for Reconsideration was signed on March 12, 2009, and published in the **Federal Register** on March 23, 2009 (74 FR 12151).

The initial determination was based on the Department's findings that imports of vinyl replacement windows and doors did not contribute importantly to worker separations at the subject firm and that no shift of production to a foreign country occurred.

In the request for reconsideration, the petitioner alleges that the workers of the subject firm were negatively impacted by foreign imports and requested the Department of Labor conduct an in depth analysis of the customer surveys.

In order to apply for TAA based on increased imports, the subject worker group must meet the group eligibility requirements under Section 222(a) of the Trade Act of 1974, as amended. Under Section 222(a)(2)(A), the following criteria must be met:

A. A significant number or proportion of the workers in such workers' firm, or an appropriate subdivision of the firm, have become totally or partially separated, or are threatened to become totally or partially separated; *and*

B. The sales or production, or both, of such firm or subdivision have decreased absolutely; *and*

C. Increased imports of articles like or directly competitive with articles produced by such firm or subdivision have contributed importantly to such workers' separation or threat of separation and to the decline in sales or production of such firm or subdivision.

During the reconsideration investigation, the Department conducted a more detailed survey of additional customers regarding their purchases of vinyl replacement windows and doors (including like or directly competitive articles) during 2006, 2007, January through November 2007 and January through November 2008. Based on the information provided by the major declining customers, the Department determined that none of the customers imported vinyl replacement windows and doors while decreasing their purchases from the subject firm during the relevant period.

Based on the information above, the Department determines that the group eligibility requirements under Section 222(a) of the Trade Act of 1974, as amended, were not met.

In order for the Department to issue a certification of eligibility to apply for ATAA, the subject worker group must be certified eligible to apply for TAA. Since the subject workers are denied

eligibility to apply for TAA, the workers cannot be certified eligible for ATAA.

**Conclusion**

After reconsideration, I affirm the original notice of negative determination of eligibility to apply for worker adjustment assistance for workers and former workers of Kensington Windows, Inc., a subsidiary of Jancor Companies, Inc., Vandergrift, Pennsylvania.

Signed at Washington, DC, this 3rd day of April 2009.

**A. Schulman, Inc.; Polybatch Color Center Sharon Center, Ohio; Notice of Revised Determination on Reconsideration**

On February 24, 2009, the Department issued an Affirmative Determination Regarding Application for Reconsideration applicable to workers and former workers of the subject firm. The notice was published in the **Federal Register** on March 4, 2009 (74 FR 9430).

The previous investigation initiated on November 10, 2008, resulted in a negative determination issued on December 22, 2008, was based on the finding that imports of color concentrates did not contribute importantly to worker separations at the subject firm and no shift of production to a foreign source occurred. The denial notice was published in the **Federal Register** on January 14, 2009 (74 FR 2139).

To support the request for reconsideration, the petitioner supplied additional information to supplement that which was gathered during the initial investigation. Upon further review of the information and contact with the company official, it was revealed that the subject firm shifted a portion of plant production to Mexico and that shift contributed to the layoffs at the subject firm during the relevant period.

In accordance with Section 246 the Trade Act of 1974 (26 U.S.C. 2813), as amended, the Department of Labor herein presents the results of its investigation regarding certification of eligibility to apply for alternative trade adjustment assistance (ATAA) for older workers.

In order for the Department to issue a certification of eligibility to apply for ATAA, the group eligibility requirements of Section 246 of the Trade Act must be met. The Department has determined in this case that the requirements of Section 246 have been met.

A significant number of workers at the firm are age 50 or over and possess skills that are not easily transferable. Competitive conditions within the industry are adverse.

### Conclusion

After careful review of the facts obtained in the investigation, I determine that there was a shift in production from the workers' firm or subdivision to Mexico of articles that are like or directly competitive with those produced by the subject firm or subdivision. In accordance with the provisions of the Act, I make the following certification:

All workers of A. Schulman, Inc., Polybatch Color Center, Sharon Center, Ohio, who became totally or partially separated from employment on or after October 17, 2007, through two years from the date of this certification, are eligible to apply for adjustment assistance under Section 223 of the Trade Act of 1974, and are eligible to apply for alternative trade adjustment assistance under Section 246 of the Trade Act of 1974.

Signed in Washington, DC, this 2nd day of April 2009.
