

385.214). Anyone filing a motion to intervene or protest must serve a copy of that document on the Applicant.

Notice is hereby given that the deadline for filing protests with regard to the applicant's request for blanket authorization, under 18 CFR Part 34, of future issuances of securities and assumptions of liability, is April 27, 2009.

The Commission encourages electronic submission of protests and interventions in lieu of paper, using the FERC Online links at <http://www.ferc.gov>. To facilitate electronic service, persons with Internet access who will eFile a document and/or be listed as a contact for an intervenor must create and validate an eRegistration account using the eRegistration link. Select the eFiling link to log on and submit the intervention or protests.

Persons unable to file electronically should submit an original and 14 copies of the intervention or protest to the Federal Energy Regulatory Commission, 888 First St., NE., Washington, DC 20426.

The filings in the above-referenced proceeding are accessible in the Commission's eLibrary system by clicking on the appropriate link in the above list. They are also available for review in the Commission's Public Reference Room in Washington, DC. There is an eSubscription link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail FERCOnlineSupport@ferc.gov or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

[Docket No. CP09-89-000]

CenterPoint Energy Gas Transmission Company; Notice of Request Under Blanket Authorization

April 8, 2008.

Take notice that on March 26, 2009, CenterPoint Energy Gas Transmission Company (CenterPoint), 1111 Louisiana Street, Houston, Texas, filed in Docket No. CP09-89-000 a prior notice request pursuant to sections 157.205 of the Commission's regulations under the Natural Gas Act (NGA), and CenterPoint's blanket certificate issued in Docket No. CP82-384-000 on September 1, 1982,¹ and amended in Docket No. CP82-384-001 on February 10, 1983.² CenterPoint seeks authorization to install approximately 5.6 mile of 16-inch pipe, Line F-625, and an 8-inch delivery meter in Caddo Parish, Louisiana, all as more fully set forth in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the Web at <http://www.ferc.gov> using the "eLibrary" link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208-3676 or TTY, (202) 502-8659.

Specifically, CenterPoint proposes to install approximately 5.6 miles of 16-inch diameter steel pipe, Line 625, extending from a 16-inch tap on CenterPoint's existing Line F-West at 372+00, and an 8-inch ultrasonic meter skid at the terminus of Line F-625 located within the Arsenal Hills Plant facilities. The 8-inch meter station will consist of ultrasonic and low flow turbine meters, worker and monitor regulators, and a control/gas chromatograph package which includes a Daniel gas chromatograph, moisture analyzer and Bristol electronic gas measurement. Additional auxiliary materials will be installed including filter separators, a 25 barrel drain tank, a 24-volt DC battery system, marshalling panels, SCADA and communications package, transmitters, yard piping and valves. The proposed facilities will be designed for a maximum allowable operating pressure of 1000 psig and a 650 psig delivery pressure with a capacity of 80,000 Dth/d. The estimated
