SUPPLEMENTARY INFORMATION:

The Greater Atlantic City Chamber of Commerce on behalf of the bridge owner, the New Jersey Department of Transportation, has requested a temporary deviation for the current operating regulation set out in 33 CFR 117.733 (f) to close the US40-322 (Albany Avenue) Bridge to navigation for the sole purpose of traffic control during the Atlantic City Air Show scheduled for Wednesday, August 19, 2009, from 10 a.m. to 5 p.m.

The US40-322 (Albany Avenue Bridge) at ICW mile 70.0, across Inside Thorofare at Atlantic City, NJ, is a lift drawbridge and has a vertical clearance in the closed position of 10 feet, above mean high water. The current operating regulation set out in 33 CFR 117.733 (f) requires the draw shall open on signal except that: Year-round from 11 p.m. to 7 a.m. and from November 1 through March 31 from 3 p.m. to 11 p.m., the draw need only open if at least four hours notice is given, From June 1

through September 30: from 9 a.m. to 4 p.m. and from 6 p.m. to 9 p.m., the draw need only open on the hour and half hour; and from 4 p.m. to 6 p.m., the draw need not open.

During the event, vessel operators with mast height lower than 10 feet will continue to be able to transit through the drawbridge. The Atlantic Ocean is an alternate route for vessels with a mast height greater than 10 feet. In the event of a maritime emergency, the drawbridge will be available for vessel openings.

The Coast Guard will inform the users of the waterway through our Local and Broadcast Notices to Mariners of the closure period for the bridge so that vessels can arrange their transits and to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: April 1, 2009.

Chief, Bridge Administration Branch Fifth Coast Guard District.
