In this action, the United States seeks civil penalties and injunctive relief for the violations of Environmental Requirements identified in Appendices A, B, and C to the lodged Consent Decree that INVISTA voluntarily identified to the EPA after conducting its compliance management system and a series of comprehensive audits of facilities that INVISTA acquired in

The settlement resolves the violations that are set forth in Appendices A, B, and C to the Consent Decree. INVISTA has certified in the Decree that it has corrected the violations alleged in Appendix A. INVISTA has agreed to implement injunctive relief measures to resolve the alleged Clean Air Act violations in Appendices B and C under: the Prevention of Significant Deterioration and/or New Source Review program at the Seaford, Chattanooga, Victoria, and Camden Facilities; the Benzene National Emissions Standards for Hazardous Air Pollutants program for the Orange and Victoria Facilities; the Leak Detection and Repair program for the Orange and Victoria Facilities; and the New Source Performance Standards program for the Orange Facility.
