BILLING CODE P

FEDERAL TRADE COMMISSION**Privacy Act of 1974; System of Records Notices**

AGENCY: Federal Trade Commission (FTC).

ACTION: Notice of revised Privacy Act system notices.

SUMMARY: The FTC is revising several of the notices that it is required to publish under the Privacy Act of 1974 to describe its systems of records about individuals. This action is intended to make these notices clearer, more accurate, and up-to-date.

DATES: This notice shall become final and effective on April 17, 2009.

FOR FURTHER INFORMATION CONTACT: Alex Tang, G. Richard Gold, or Lorie L. Pankey, Attorneys, Office of the General Counsel, FTC, 600 Pennsylvania Avenue, NW., Washington, DC 20580, (202) 326-2424.

SUPPLEMENTARY INFORMATION: To inform the public, the FTC publishes in the **FEDERAL REGISTER** and posts on its Web site a "system of records notice" (SORN) for each system of records about individuals that the FTC currently maintains within the meaning of the Privacy Act of 1974, as amended, 5 U.S.C. 552a. See (<http://www.ftc.gov/foia/listofpaysystems.shtml>). Each SORN describes the records maintained in that particular system, including the categories of individuals that the records in the system are about (e.g., FTC employees or consumers). Each

system notice also contains information about how to find out if that particular system contains any records about you.

On June 12, 2008, the FTC republished and updated all of the FTC's SORNs, describing all of the agency's systems of records covered by the Privacy Act in a single document for ease of use and reference. 73 FR 33592. To ensure the SORNs remain accurate, FTC staff engages in a comprehensive review of each SORN on a periodic basis. As a result of this systematic review, the FTC is making the following revisions to several of its SORNs.¹

I. FTC Law Enforcement Systems of Records

FTC-I-1 (Nonpublic Investigational and Other Nonpublic Legal Program Records—FTC). This SORN includes nonpublic investigational and other nonpublic program records. We have added language that clarifies the categories of individuals and types of records covered by the system.

FTC-I-7 (Office of Inspector General Investigative Files—FTC). This SORN covers investigatory records in the FTC's Office of Inspector General (OIG). The FTC is revising the retention and disposal section of this SORN to reflect that these records are retained indefinitely, pending approval of an applicable retention and disposal schedule by the National Archives and Records Administration.

II. FTC Personnel Systems of Records

FTC-II-1 (General Personnel Records—FTC). This SORN covers Official Personnel Folders (OPFs) and other personnel records that the FTC's Human Resources Management Office (HRMO) maintains about FTC employees. We are including additional authorities for the system.

FTC-II-2 (Unofficial Personnel Records—FTC). This SORN covers personnel records maintained outside of the FTC's HRMO by FTC managers about their employees, including employee performance files. We are including additional authorities for the system.

FTC-II-7 (Ethics Program Records—FTC). This SORN covers annual financial statements and other filings or requests made by FTC officials and employees under the FTC's ethics program. The FTC is making a technical revision to reflect the appropriate title of

¹ The FTC is not adding or changing any routine uses of its system records or making other significant system changes that would require prior public comment or notice to the Office of Management & Budget (OMB) and Congress. See U.S.C. 552a(e)(11), (r); OMB Circular A-130, Appendix I.

the system manager (“Designated Agency Ethics Official” as opposed to “Designated Agency Ethics Officer”).

FTC-II-10 (Employee Health Care Records—FTC). This SORN covers records maintained by the FTC’s employee health unit, which relies upon a U.S. Department of Health and Human Services Program Support Center (PSC) contractor to provide on-site health services to our employees at certain FTC facilities. The FTC is revising this SORN to clarify that this system excludes medical records pertaining to requests for reasonable accommodation, see Sections 501 and 505 of the Rehabilitation Act of 1973 as amended (Pub. L. 93-112), which would be covered by the applicable OPM Government-wide SORN, OPM/GOVT-10 (Employee Medical File System Records). See 71 FR 35342, 35360 (June 19, 2006).

III. FTC Financial Systems of Records

FTC-III-1 (Personnel Payroll System—FTC). This SORN covers payroll processing records for FTC employees and retirement records. The FTC is removing the reference to the Director of the Division of Finance and Budget as a system manager and leaving the Director of the Human Resources Management Office as now the sole FTC manager of this system.

IV. FTC Correspondence Systems of Records

FTC-IV-1 (Consumer Information System—FTC). This SORN covers complaints and information requests received from consumers. We are including additional details about the safeguards employed to protect this information.

FTC-IV-3 (National Do Not Call Registry—FTC). This SORN covers records of individuals who wish to be placed on the FTC’s telemarketing do-not-call list. It also covers information collected from telemarketers, sellers, or agents who are required to comply with the list, but only to the extent, if any, that such telemarketers, sellers, or agents are also “individuals” within the meaning of the Privacy Act. The FTC is revising the Authority for Maintenance of the System section to include references to the Do-Not-Call Improvement Act of 2007 (Pub. L. No. 110-187 (2008)) (eliminating the automatic removal of numbers from the registry) and the Do-Not-Call Registry Fee Extension Act of 2007 (Pub. L. No. 110-188 (2008)) (modifying the fees that organizations accessing the registry must pay).

VII. FTC Miscellaneous Systems of Records

FTC-VII-3 (Computer Systems User Identification and Access Records—FTC). This SORN covers records that the FTC maintains on those who have access to FTC computer systems in order to monitor and control the usage of such systems. The FTC is revising this SORN to make further clarifications in the system’s scope, purpose and safeguards. We are also adding the Assistant Chief Information Officer, Operations Assurance, Office of Information and Technology Management as a system manager.

FTC-VII-4 (Call Detail Records—FTC). This SORN covers records that the FTC maintains on telephone usage by employees, contractors and other individuals. The FTC is revising this SORN to add the Assistant Chief Information Officer for Customer Services as a system manager.

Access to the electronic database requires users to have the correct "user ID" and password combination, individual security token code, and Internet protocol ("IP") address for the user's law enforcement agency. The system database is maintained on secure servers, protected by firewalls, access and usage logs, and other security controls. Servers are maintained in a
