

permit the proposed rule change to be implemented immediately. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest because the rule change is substantially similar to rule changes by other SROs previously approved by the Commission, and will promote consistency between the rules of the ISE and other SROs. Thus, the Commission, consistent with the protection of investors and the public interest, has determined to waive the 30-day operative delay so that the proposal may take effect immediately.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-59804; File No. SR-BX-2009-020]

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing of Proposed Rule Change Regarding Market Maker Obligations

April 21, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 8, 2009, NASDAQ OMX BX, Inc. (the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The purpose of the proposed rule change is to amend Chapter VI, Section 6 (Market Maker Quotations) of the BOX

Rules to amend certain Market Maker obligations. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission's Public Reference Room and also on the Exchange's Internet Web site at <http://nasdaqomxbx.cchwallstreet.com/NASDAQOMXB/Filings/>.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend Chapter VI, Section 6 (Market Maker Quotations) of the BOX Rules to amend certain Market Maker obligations. As proposed, the Exchange will amend the obligations of a Market Maker regarding the Request for Quote ("RFQ") process. The new language found in section 6(b) clarifies that within three seconds of receiving an RFQ that a Market Maker must continuously maintain, without interruption, a valid two-sided quote for at least thirty seconds. However, if during that thirty second time span, the quote becomes invalid,³ the Market Maker must as soon as practicable, but within five seconds, post a valid two sided quote. In addition, current section 6(d)(ii), which provided for a Market Maker to submit a quote in the interests of a fair and orderly market when called upon by Options Official will be removed. Instead, as proposed, section 6(b)(iv) will be used for circumstances where an Options Official determines, that a Market Maker should be called upon to quote in the interests of a fair and orderly market. Specifically, this new section will provide that an Options Official may, whenever on the judgment of such official, in the interest of a fair and orderly market, call upon Market Makers to post a quote in the

³ One example of such a circumstance is an execution resulting from that quote.

same manner as if an RFQ was issued by an Options Participant. Options Participants will receive the message in the same manner whether the request is issued by a Participant or an Options Official. Similarly, a Market Maker is required to continuously maintain, without interruption, a valid two-sided quote for at least thirty seconds. However, if during that thirty second time span, the quote becomes invalid, the Market Maker must, as soon as practicable, but within five seconds post a valid two sided quote.

In addition, as proposed, section 6(d) will establish quoting standards based upon a percentage of time measurement. The proposal will clarify that this section entitled "continuous quoting" reflects quoting parameters based on a daily time measurement. The proposal also seeks to remove references to series and replace them with class. Consequently, under the proposal, Market Makers will be required to submit valid quotes on a daily basis for at least 80% of the time that a class is open in 90% of their appointed classes. In addition, on a daily basis, a Market Maker shall post valid quotes at least sixty percent (60%) of the time in each of its appointed classes during the time that the class is open for trading. Thus, allowing a Market Maker to focus their strategy on the entire class to which it was appointed, rather than implementing a strategy utilizing each series within a class. This allows a Market Maker, if it chooses, to bring more liquidity to the more actively traded series, rather than focusing on series with less activity.

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act,⁴ in general, and Section 6(b)(5) of the Act,⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Specifically, the proposal will simplify the rule.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in

any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 35 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve such proposed rule change, or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.
