On August 15, 2008, I, the Deputy Administrator of the Drug Enforcement Administration, issued an Order to Show Cause and Immediate Suspension of Registration to Bob's Pharmacy and Diabetic Supplies (Respondent), of Winter Haven, Florida. The Show Cause Order proposed the revocation of Respondent's DEA Certificate of Registration, FB0181216, as a retail pharmacy, and the denial of any pending application to renew or modify its registration, on the ground that Respondent has committed acts which render its "continued registration inconsistent with the public interest." More specifically, the Show Cause Order alleged that Respondent was "dispensing controlled substances into states in which it is not licensed to do so," and that it was "aiding physicians in the unauthorized practice of medicine in those states that require physicians to be licensed by the state before prescribing controlled substances to state residents." *Id.* at 2 (citing *United*, 72 FR 50407-08). The Show Cause Order also alleged that Respondent had "dispensed large quantities of controlled substances based on prescriptions purportedly written by Sheila Soman, M.D., a physician who was not authorized by DEA to prescribe controlled substances." *Id.* Based on the above, I further found that there was a "substantial likelihood that [Respondent
