

requested revocation of the *Hot-Rolled Steel Order with respect to its sales of subject merchandise*. See *Certain Hot-Rolled Carbon Steel Flat Products From Thailand: Preliminary Results of Antidumping Duty Administrative Review and Intent to Revoke and Rescind in Part*, 70 FR 73197 (December 9, 2005).

In its revocation request, SSI agreed to immediate reinstatement in the *Hot-Rolled Steel Order*, so long as any producer or reseller is subject to the order, should the Department determine that SSI “sold the subject merchandise at less than normal value.” See SSI’s November 30, 2004, letter to the Department requesting revocation. On May 17, 2006, the Department revoked the antidumping duty order with respect to SSI after having determined that SSI sold the merchandise at not less than normal value for a period of at least three consecutive years.¹ See *Revocation*.

As the result of an adequate allegation from a domestic interested party in this proceeding (*i.e.*, United States Steel Corporation), the Department, pursuant to section 751(b)(1) of the Tariff Act of 1930, as amended (“the Act”), is now conducting a changed circumstances review to determine whether SSI has resumed dumping hot-rolled steel and whether the antidumping order should be reinstated for hot-rolled steel from Thailand manufactured and exported by SSI. See *Initiation of Antidumping Duty Changed Circumstances Review: Certain Hot-Rolled Carbon Steel Flat Products from Thailand*, 73 FR 18766 (April 7, 2008).

“On October 29, 2008, based upon the complexity of the issues presented in this review, we extended the time limit for completion of this changed circumstances review until April 22, 2009. See *Certain Hot-Rolled Carbon Steel Flat Products from Thailand: Extension of Time Limit for Final Results of Changed Circumstances*

Review, 73 FR 64303 (October 29, 2008) (“*Extension Notice*”).²

On December 30, 2008, the Department published the preliminary results of the changed circumstances review and intent to reinstate SSI in the antidumping duty order on hot-rolled steel from Thailand. See *Certain Hot-Rolled Carbon Steel Flat Products from Thailand: Preliminary Results of Changed Circumstances Review and Intent To Reinstate Sahaviriya Steel Industries Public Company Limited in the Antidumping Duty Order*, 73 FR 79809 (December 30, 2008) (“*Preliminary Results*”).³

Extension of Time Limits for Final Results

As the Department stated in both the *Extension Notice* and the *Preliminary Results*, the Department intended to issue the final results of this antidumping duty changed circumstances review on hot-rolled steel from Thailand by April 22, 2009. However, it is not practicable to complete the review within this time period. In order to evaluate fairly the issues raised by all interested parties in their respective case and rebuttal briefs, we are extending the time frame for completion of this review. As a result, pursuant to 19 CFR 351.302(b), we are extending the time limit for completion of the review by 15 days. See *Certain Pasta from Italy: Notice of Extension of Final Results of Antidumping Duty Changed Circumstances Review*, 73 FR 46871 (August 12, 2008), and *Polyethylene Terephthalate Film Sheet and Strip from the Republic of Korea: Extension of Time Limit for Final Results of Changed Circumstances Review*, 73 FR 6931 (February 6, 2008). Therefore, the final results are now due no later than May 7, 2009.

This notice is published in accordance with sections 751(b) and 771(i) of the Act.

Dated: April 22, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

This is a decision consolidated pursuant to Section 6(c) of the Educational, Scientific, and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301). Related records can be viewed between 8:30 A.M. and 5:00 P.M. in Room 3705, U.S. Department of Commerce, 14th and Constitution Avenue., NW, Washington, D.C.

Docket Number: 09-004. Applicant: William S. Middleton Veterans Administration Hospital, Madison, WI 53706. Instrument: Electron Microscope, Model H-760-III. Manufacturer: Hitachi High Technologies Corporation, Japan. Intended Use: See notice at 74 FR 11527, March 18, 2009.

Docket Number: 09-006. Applicant: Bergen County Technical Schools/ Bergen County Academies, Hackensack, NJ 07601. Instrument: Transmission Electron Microscope, Model JEM-2100. Manufacturer: JEOL, Ltd., Japan. Intended Use: See notice at 74 FR 11527, March 18, 2009.

Comments: None received. Decision: Approved. No instrument of equivalent scientific value to the foreign instrument, for such purposes as these instruments are intended to be used, was being manufactured in the United States at the time the instruments were ordered. Reasons: Each foreign instrument is an electron microscope and is intended for research or scientific educational uses requiring an electron microscope. We know of no electron microscope, or any other instrument suited to these purposes, which was being manufactured in the United States at the time of order of each instrument.

Dated: April 23, 2009.
