SUPPLEMENTARY INFORMATION: The Commission’s July 21, 2008 **Federal Register** notice sought comments on the Rule’s costs, benefits, and effectiveness. The notice also requested comments on whether the Rule should permit used car dealers to use a single bilingual Buyers Guide and, if so, on how to design a bilingual Buyers Guide. In addition, it asked for comments on the Buyers Guide’s pre-printed list of major defects that may occur in used motor vehicles. Finally, the notice solicited comments on whether the Rule should be revised to permit dealers to use alternative Buyers Guides intended to facilitate the disclosure of manufacturer’s warranties and other third-party warranties.

The comment period closed on November 19, 2008. Twenty comments were received during the comment period.

On March 17, 2009, the Commission received supplemental comments from the National Automobile Dealers Association and the National Independent Automobile Dealers Association responding to comments made by other interested parties during the comment period. To provide all interested parties with the same opportunity to comment further, the Commission has decided to reopen the comment period. The Commission believes that the benefit of enhancing the record by reopening the comment period outweighs any delay. Accordingly, the Commission has decided to reopen the comment period for forty-five days.

SUPPLEMENTARY INFORMATION:

Background

On June 7, 2007, proposed regulations (REG-119097-05) were published in the **Federal Register** [72 FR 31487] providing guidance on the portion of trust corpus properly includible in a grantor's gross estate under sections 2036 and 2039. The IRS and Treasury Department determined that certain comments received in response to the proposed regulations should be addressed in a separate notice of proposed rulemaking, instead of in the final regulations published on July 14, 2008 [73 FR 40173], as TD 9414. Accordingly, this notice of proposed rulemaking proposes additional changes to the regulations in response to those comments.

The proposed regulations (REG-119097-05) addressed the amount includible in the gross estate under sections 2036 and 2039 if the grantor retains the right to receive an annuity, unitrust, or other payment from a trust for life, for any period not ascertainable without reference to the grantor's death, or for a period that does not in fact end before the grantor's death. The trusts that were the subject of the proposed regulations included grantor retained interest trusts (GRTs), such as grantor retained income trusts (GRITs), grantor retained annuity trusts (GRATs) and grantor retained unitrusts (GRUTs) described in section 2702, whether or not the grantor's retained interest was a "qualified interest" under section 2702(b), as well as other trust forms, including charitable remainder trusts (CRTs), such as charitable remainder unitrusts (CRUTs) and charitable remainder annuity trusts (CRATs) described in section 664 whether or not the trust met the qualifications of section 664(d)(1), (2), or (3). The proposed regulations incorporated the methodology provided in Rev. Rul. 76-273, 1976-2 C.B. 268, and Rev. Rul. 82-105, 1982-1 C.B. 133. See § 601.601(d)(2)(ii)(b). Under this methodology, the portion of the corpus of a GRT or a CRT includible in the decedent's gross estate under section 2036 is that portion of the trust corpus necessary to generate a return sufficient to pay the decedent's retained annuity, unitrust, or other payment.

One commentator suggested that the regulations address the portion of trust corpus of a GRAT includible in the grantor's gross estate under section 2036 if the deceased grantor retains an interest described in § 25.2702-3(b)(1)(ii)(A); that is, the annuity interest retained by the grantor increases annually during the term of the trust (a graduated retained interest). The

commentator suggested two possible methods for determining the portion of GRAT corpus includible in the grantor's gross estate if the grantor dies during the term of such a GRAT.

Another commentator questioned the result in the example contained in § 20.2036-1(c)(1)(ii) of the proposed regulations. This example considered the situation where the decedent (D) creates an irrevocable inter vivos trust, under the terms of which all trust income is to be paid to D and E, D's spouse, in equal shares during their joint lives and, on the death of the first to die of D and E, all trust income is to be paid to the survivor. On the death of the survivor of D and E, the remainder is to be paid to another individual, F. D dies survived by E. The example concludes that, because D retained the right to receive 50 percent of the trust income for a period that did not in fact end before D's death, 50 percent of the trust's corpus is includible in D's gross estate under section 2036. The example also concludes that, if instead E had predeceased D, D would have died while entitled to all of the income from the trust, so that the entire trust corpus would have been includible in D's gross estate under section 2036.

The commentator noted that, because E is identified as D's spouse, the example unnecessarily raises issues under section 2523 (gift tax marital deduction). In addition, the commentator opined that, under the facts presented, D has retained the right to receive one-half of trust income during the joint lives of D and E, and the right to receive 100 percent of the trust income if D survives E. Thus, 50 percent of the trust corpus is includible in D's gross estate by virtue of D's retained right to receive 50 percent of the trust income during D's life, and the remaining 50 percent of the trust corpus (reduced by the actuarial value of E's income interest) is includible in D's gross estate under section 2036 by virtue of D's retained right to receive all of the trust income provided D survives E.

Explanation of Provisions

In response to the comments, these proposed regulations provide the method to be used to determine the portion of trust corpus includible in the grantor's gross estate if the grantor reserves a graduated retained interest in a trust. This method applies to graduated retained interests in property whether or not the property is held in trust.

The portion of the corpus of a GRT or a CRT includible in the decedent's gross estate under section 2036 is that portion of the trust corpus necessary to generate
