DEPARTMENT OF COMMERCE

International Trade Administration

Subsidy Programs Provided by Countries Exporting Softwood Lumber and Softwood Lumber Products to the United States; Request for Comment

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (Department) seeks public comment on any subsidies, including stumpage subsidies, provided by certain countries exporting softwood lumber or softwood lumber products to the United States during the period July 1 through December 31, 2008.

DATES: Comments must be submitted within thirty days after publication of this notice.

ADDRESSES: Written comments (original and six copies) should be sent to the Secretary of Commerce, Attn: James Terpstra, Import Administration, APO/ Dockets Unit, Room 1870, U.S. Department of Commerce, 14th Street & Constitution Ave., NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: James Terpstra, Import Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-3965.

SUPPLEMENTARY INFORMATION:

Background

On June 18, 2008, Section 805 of Title VIII of the Tariff Act of 1930 (the Softwood Lumber Act of 2008) was

enacted into law. Under this provision, the Secretary of Commerce is mandated to submit to the appropriate Congressional committees a report every 180 days on any subsidies provided by countries exporting softwood lumber or softwood lumber products to the United States, including stumpage subsidies. Commerce submitted its first subsidies report to Congress on December 15, 2008. As part of its report, Commerce intends to include a list of subsidy programs identified with sufficient clarity by the public in response to this notice.

Request for Comment

Given the large number of countries that export softwood lumber and softwood lumber products to the United States, we are soliciting public comment only on subsidies provided by countries whose exports accounted for at least one percent of total U.S. imports of softwood lumber by quantity, as classified under Harmonized Tariff Schedule code 4407.1001 (which accounts for the vast majority of imports), during the period July 1 through December 31, 2008. Official U.S. import data published by the United States International Trade Commission Tariff and Trade DataWeb indicate that exports of softwood lumber from Canada, Chile, and Germany each account for at least one percent of U.S. imports of softwood lumber products during that time period. We intend to rely on similar previous six-month periods to identify the countries subject to future reports on softwood lumber subsidies. For example, we will rely on U.S. imports of softwood lumber and softwood lumber products during the period January 1 through June 30, 2009, to select the countries subject to the next report.

Under U.S. trade law, a subsidy exists where a government authority: (i) Provides a financial contribution, (ii) provides any form of income or price support within the meaning of Article XVI of the GATT 1994, or (iii) makes a payment to a funding mechanism to provide a financial contribution to a person, or entrusts or directs a private entity to make a financial contribution, if providing the contribution would normally be vested in the government and the practice does not differ in substance from practices normally followed by governments, and a benefit is thereby conferred. *See* section 771(5)(B) of the of the Tariff Act of 1930.

Parties should include in their comments: (1) The country which provided the subsidy, (2) the name of the subsidy program, (3) a brief (3-4 sentence) description of the subsidy

program, and (4) the government body or authority that provided the subsidy.

Submission of Comment

Persons wishing to comment should file a signed original and six copies of each set of comments by the date specified above. The Department will not accept comments accompanied by a request that a part or all of the material be treated confidentially due to business proprietary concerns or for any other reason. The Department will return such comments and materials to the persons submitting the comments and will not include them in its report on softwood lumber subsidies. The Department also requests submission of comments in electronic form to accompany the required paper copies. Comments filed in electronic form should be submitted on CD-ROM with the paper copies or by e-mail to the Webmaster below.

Comments received in electronic form will be made available to the public in Portable Document Format (PDF) on the Import Administration Web site at the following address: <http://ia.ita.doc.gov>. Any questions concerning file formatting, document conversion, access on the Internet, or other electronic filing issues should be addressed to Andrew Lee Beller, Import Administration Webmaster, at (202) 482-0866, e-mail address: webmaster-support@ita.doc.gov.

All comments and submissions should be mailed to James Terpstra, Import Administration; Subject: Softwood Lumber Subsidies Bi-Annual Report: Request for Comment; Room 1870, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW., Washington, DC, 20230, by no later than 5 p.m., on the above-referenced deadline date.

Dated: April 27, 2009.

DEPARTMENT OF DEFENSE

Department of the Army

Notice of Availability for the Draft Environmental Impact Statement (DEIS) for Stationing and Training of Increased Aviation Assets Within U.S. Army Alaska

AGENCY: Department of the Army, DOD.

ACTION: Notice of availability.

SUMMARY: The Department of the Army announces the availability of a DEIS for the implementation of the decisions to increase numbers and types of aviation assets and training at Fort Wainwright, Fort Richardson or other military installations in Alaska. The proposed aviation unit, an Aviation Task Force or Combat Aviation Brigade, would potentially consist of up to 62 medium and heavy lift helicopters, 30 combat scout helicopters, 24 attack helicopters, and between 1,200 to 2,850 personnel.

DATES: The public comment period ends 45 days following publication of a

Notice of Availability in the **Federal Register** by the U.S. Environmental Protection Agency.

ADDRESSES: Written comments should be forwarded to Ms. Carrie McEnteer, Directorate of Public Works, Attention: IMPA-FWA-PWE, 1060 Gaffney Road #4500, Fort Wainwright, AK 99703-4500, by fax at (907) 353-9867, or by e-mail at carrie.mcenteerus.army.mil.

FOR FURTHER INFORMATION CONTACT: Ms. Linda L. Douglass, Public Affairs Office, 1060 Gaffney Road #5900, Fort Wainwright, AK 99703-5900; telephone: (907) 353-6701 or (907) 384-2546, e-mail: linda.douglassusarmy.mil.

SUPPLEMENTARY INFORMATION: The Proposed Action and analysis in the EIS includes the reorganization of existing aviation assets (approximately 640 personnel and 30 medium and heavy lift helicopters) in U.S. Army Alaska (USARAK) to become a frontline aviation unit with an increased capacity that could range in size from an Aviation Task Force (approximately 1,200 personnel, 40 medium and heavy lift helicopters and 30 combat scout helicopters) to a Combat Aviation Brigade (approximately 2,850 personnel, 60 medium and heavy lift helicopters, 30 combat scout helicopters, and 24 attack aviation helicopters).

While USARAK has historically supported unit training activities within Alaska with rotary-winged aircraft (helicopters), the types and numbers of current assets are not sufficient to provide the full range of integrated tactical training required by the modern Brigade Combat Team. The proposed increase and reorganization of USARAK's aviation assets would resolve this shortcoming. The new aviation unit would provide key aviation assets for operational deployment abroad and would serve to enhance the training capability of USARAK's two Brigade Combat Teams by providing a local opportunity to conduct integrated training with multiple types of Army aviation assets.

In addition to consideration of a No Action Alternative (use of existing aviation assets and infrastructure to support USARAK Brigade Combat Team training with no increase to current integrated land-air training capability), two additional alternatives are proposed as possible scenarios for the reorganization of existing USARAK aviation assets. The alternatives vary by aviation unit size, aviation asset composition and stationing location. Alternatives include: (1) Expansion of Existing Aviation Units into an Aviation Task Force—convert existing USARAK aviation assets into an Aviation Task

Force (station approximately 1,200 personnel and 30 additional helicopters, build sufficient new infrastructure to support the new aviation inventory at Fort Wainwright and conduct increased aviation training on existing Alaska military training lands and ranges); and (2) Expansion of Existing Aviation Assets into a Combat Aviation Brigade with stationing of Soldiers and helicopters at Fort Wainwright, Fort Richardson and Eielson Air Force Base—convert existing USARAK aviation assets into a Combat Aviation Brigade (station approximately 2,850 personnel and an additional 84 helicopters at the three military installations, build sufficient new infrastructure only at Fort Wainwright to support the new aviation inventory and conduct increased aviation training on existing Alaska military training lands and ranges). After reviewing the alternatives presented in the DEIS, the Army has selected the Aviation Task Force alternative as its preferred alternative.

The DEIS is available for public review at local libraries and at the following Web site: http://www.usarak.army.mil/conservation/NEPA_home.htm. Comments from the public will be considered before any final decision is made.

Dated: April 20, 2009.

Deputy Assistant Secretary of the Army, Environment, Safety, and Occupational Health.
