

However, if the Department determines that it is not practicable to complete the review within this time period, section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations allow the Department to extend the 245-day period to 365 days and the 120-day period to 180 days.

Pursuant to section 751(a)(3)(A) of the Act and section 351.213(h) of the Department's regulations, we determine that it is not practicable to complete this administrative review within the statutory time limit of 245 days. The Department requires additional time to analyze the production inputs that Foshan Shunde utilized to compile its Section D factors of production response. Additionally, the Department requires additional time to consider comments from interested parties concerning the proper valuation of Foshan Shunde's production inputs. Therefore, in accordance with section 751(a)(3)(A) of the Act and section 351.213(h)(2) of the Department's regulations, the Department is extending the time limit for the completion of these preliminary results by 120 days. The deadline for completion of the preliminary results is now September 1, 2009. The final results will continue to be due 120 days after the date of publication of the notice of preliminary results.

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: April 24, 2009.

**John M. Andersen,**

*Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.*

#### Application(s) for Duty-Free Entry of Scientific Instruments

Pursuant to Section 6(c) of the Educational, Scientific and Cultural Materials Importation Act of 1966 (Pub. L. 89-651, as amended by Pub. L. 106-36; 80 Stat. 897; 15 CFR part 301), we invite comments on the question of whether instruments of equivalent scientific value, for the purposes for which the instruments shown below are intended to be used, are being manufactured in the United States.

Comments must comply with 15 CFR 301.5(a)(3) and (4) of the regulations and be postmarked on or before May 21, 2009. Address written comments to

Statutory Import Programs Staff, Room 3720, U.S. Department of Commerce, Washington, D.C. 20230. Applications may be examined between 8:30 A.M. and 5:00 P.M. at the U.S. Department of Commerce in Room 3720.

Docket Number: 09-017. Applicant: University of Iowa, 85 EMRB/CMRF, Iowa City, IA 52242. Instrument: Electron Microscope. Manufacturer: JEOL, Japan. Intended Use: The instrument will be used for a number of research activities in the areas of chemistry, biochemistry, internal medicine and environmental engineering. These research activities require a telescope with energy dispersive spectroscopy and electron energy loss spectroscopy. Justification for Duty-Free Entry: No U.S.-made instruments of same general category. Application accepted by Commissioner of Customs: April 16, 2009.

Dated: April 27, 2009.

**Christopher Cassel,**

*Acting Director, IA Subsidies Enforcement Office.*

### National Oceanic and Atmospheric Administration

**RIN 0648-X097**

#### Endangered and Threatened Species; Take of Anadromous Fish

**AGENCY:** National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration, Commerce.

**ACTION:** Notice of availability and request for comments.

**SUMMARY:** Notice is hereby given that NMFS has received an application from the Washington Department of Fish and Wildlife (WDFW) for a direct take permit pursuant to the Endangered Species Act of 1973, as amended (ESA). The duration of the proposed permit is ten years. This document serves to notify the public of the availability for comment of the permit application. All comments received will become part of the public record and will be available for review pursuant to the ESA.

**DATES:** Written comments on the application and draft EA must be received at the appropriate address or fax number (see **ADDRESSES**) no later than 5 p.m. Pacific time on June 1, 2009.

**ADDRESSES:** Written comments on the application should be sent to Nora Berwick, National Marine Fisheries

Services, Salmon Recovery Division, 1201 N.E. Lloyd Boulevard, Suite 1100, Portland, OR 97232. Comments may also be submitted by e-mail to: sunsetfalls.nwr@noaa.gov. Include in the subject line of the e-mail comment the following identifier: Comments on Sunset Falls fishway. Comments may also be sent via facsimile (fax) to (503) 872-2737. Requests for copies of the permit application should be directed to the National Marine Fisheries Services, Salmon Recovery Division, 1201 N.E. Lloyd Boulevard, Suite 1100, Portland, OR 97232. The documents are also available on the Internet at www.nwr.noaa.gov. Comments received will also be available for public inspection, by appointment, during normal business hours by calling (503) 736-4737.

**FOR FURTHER INFORMATION CONTACT:** Nora Berwick, Portland, OR, at phone number: (503) 231-6887, e-mail: nora.berwick@noaa.gov.

**SUPPLEMENTARY INFORMATION:** This notice is relevant to the following species and evolutionarily significant units (ESUs):

Chinook salmon (*Oncorhynchus tshawytscha*): threatened Puget Sound Steelhead (*Oncorhynchus mykiss*): threatened Puget Sound

#### Background

Section 9 of the ESA and Federal regulations prohibit the taking of a species listed as endangered or threatened. The term take is defined under the ESA to mean harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct. NMFS may issue permits to take listed species for any act otherwise prohibited by section 9 for scientific purposes or to enhance the propagation or survival of the affected species, under section 10(a)(1)(A) of the ESA. NMFS regulations governing permits for threatened and endangered species are promulgated at 50 CFR 222.307.

NMFS expects to take action on a ESA section 10(a)(1)(A) submittal received from the applicant. In an application received on February 27, 2009, WDFW applied to NMFS for an ESA section 10(a)(1)(A) permit for the direct take of ESA-listed threatened Puget Sound Chinook salmon and threatened Puget Sound steelhead from the South Fork Skykomish River in Washington state. The existing fishway at Sunset Falls will continue to be operated to trap Chinook salmon and steelhead arriving at the trap, and to haul trapped fish upstream for release into available habitat above three impassable waterfalls.
