BILLING CODE 9111-23-P

DEPARTMENT OF HOMELAND SECURITY

National Communications System

[Docket No. NCS-2009-0002]

President's National Security Telecommunications Advisory Committee

AGENCY: National Communications System, DHS.

ACTION: Notice of Partially Closed Advisory Committee Meeting.

SUMMARY: The President's National Security Telecommunications Advisory Committee (NSTAC) will meet on May 21, 2009, in a partially closed session.

DATES: Thursday, May 21, 2009, from 2:30 p.m. until 5:10 p.m.

ADDRESSES: The meeting will take place at the U.S. Chamber of Commerce, 1615 H St., NW., Washington, DC. If you desire meeting materials, contact Ms. Sue Daage at (703) 235-5526 or by e-mail at sue.daage@dhs.gov. Please

submit your comments by May 28, 2009. Comments must be identified by NCS-2009-0002 and may be submitted by one of the following methods:

- **Federal eRulemaking Portal:** <http://www.regulations.gov>. Follow the instructions for submitting comments.

- **E-mail:** NSTAC1@dhs.gov. Include docket number in the subject line of the message.

- **Mail:** Office of the Manager, National Communications System, Department of Homeland Security, 245 Murray Lane, Washington, DC 20598-0615.

- **Fax:** 1-866-466-5370.

Instructions: All submissions received must include the words "Department of Homeland Security" and NCS-2009-0002, the docket number for this action. Comments received will be posted without alteration at www.regulations.gov, including any personal information provided.

Docket: For access to the docket to read background documents or comments received by the NSTAC, go to <http://www.regulations.gov>.

FOR FURTHER INFORMATION CONTACT: Ms. Sue Daage, Customer Service Division, at (703) 235-5526, e-mail: Sue.Daage@dhs.gov, or write the Deputy Manager, National Communications System, Department of Homeland Security, 245 Murray Lane, Washington, DC 20598-0615.

SUPPLEMENTARY INFORMATION: The NSTAC advises the President on issues and problems related to implementing national security and emergency preparedness telecommunications policy. Notice of this meeting is given under the Federal Advisory Committee Act, Public Law 92-463, as amended, appearing in 5 U.S.C. App. 2.

At the upcoming meeting, between 2:30 p.m. and 3:40 p.m., the NSTAC will receive comments from government stakeholders, including comments from the Federal Communications Commission Acting Chief of the Public Safety and Homeland Security Bureau, and discuss ongoing NSTAC work on research and development, and outreach efforts. This portion of the meeting will be open to the public.

Between 3:45 p.m. and 5:10 p.m., the NSTAC will receive briefings from the Director for the National Security Space Office and the Acting Senior Director for Cyber Space. The NSTAC will discuss cybersecurity and satellite security issues. This portion of the meeting will be closed to the public.

Basis for Closure: Briefings from the Director for the National Security Space Office and the Acting Senior Director for Cyber Space, as well as discussions on

cybersecurity and satellite security, will likely involve sensitive infrastructure information. The NSTAC's discussions will likely include information which is predominantly internal and that, if disclosed, would significantly risk circumvention of Department of Homeland Security (DHS) regulations or statutes—specifically, identification of vulnerabilities in the Federal Government's cyber network, along with strategies for mitigating those vulnerabilities and other sensitive law enforcement or homeland security information. NSTAC members will likely inform the discussion by contributing confidential and voluntarily provided commercial information relating to private-sector network vulnerabilities that they would not customarily release to the public. Disclosure of this information can be reasonably expected to frustrate DHS's ongoing cybersecurity programs and initiatives and could be used to exploit vulnerabilities in the Federal Government's cyber network. Accordingly, the 3:45 p.m. and 5:10 p.m. portions of this meeting will be closed to the public pursuant to the authority set forth in 5 U.S.C. 552(b)(2), (4) and (9)(B).

Dated: May 1, 2009.

James Madon,

Director, National Communications System.

SUPPLEMENTARY INFORMATION:

Title: Social Science Assessment and Geographic Analysis of Marine Recreational Uses and Visitor Attitudes at Dry Tortugas and Biscayne National Parks.

Bureau Form Number: None.

OMB Number: To be requested.

Expiration Date: To be requested.

Type of Request: New Collection.

Description of Need: The National Park Service (NPS) Act of 1916, 38 Stat 535, 16 USC 1, *et seq.*, requires that the NPS preserve national parks for the use and enjoyment of present and future generations. The National Park Service is developing a visitor-focused program to reduce recreational impacts on marine resources in certain ocean units of the National Park System. The program aims to remove and mitigate degradation of ocean resources by enabling visitors to avoid boat grounding, anchor damage, fishing violations, wildlife disturbance, invasive species introduction, pollution and other impacts from boating, fishing, scuba diving, snorkeling and kayaking. Coral reefs, seagrass beds, fish, birds, marine mammals and other sensitive habitats and wildlife are particularly vulnerable to damage or disturbance. However, most visitors will use marine resources responsibly if provided

appropriate information and navigational tools to encourage safe and environmentally sound behavior. Dry Tortugas National Park (DRTO) has adopted various anchoring or fishing prohibitions, and Biscayne National Park (BISC) is developing a Fisheries Management Plan and amendments to the Park General Management Plan. In order to succeed, these measures require a full understanding of local visitor use patterns and attitudes and a strategy to incorporate this information into resource management, education and enforcement efforts. The project will survey visitor attitudes, perceptions and beliefs concerning marine resources and provide a geospatial assessment of geographic locations of visitor uses at DRTO and BISC. The reports will be used to assess levels and patterns of recreational uses in these parks and develop and evaluate strategic communication efforts. This information will support efforts to address marine recreational impacts on sensitive habitats and marine resources, and guide strategies to reduce these impacts through education and outreach, navigational aids, and enhanced compliance with rules and regulations, working closely with the public and marine recreational communities.

Automated data collection: This information will be collected by identifying voluntary participants and providing surveys to be completed and returned via postal mail or electronic mail.

Description of respondents: Visitors to Biscayne and Dry Tortugas National Parks, Florida who visit between February 1st, 2010 and November 1st, 2010.

Estimated average number of respondents: We will contact 5,000 individuals stratified by month and expect 2,500 or 50 percent, to agree to respond.

Estimated average number of responses: We expect to collect 2,500 completed surveys.

Estimated average burden hours per response: 3 minutes for non-respondents and 23 minutes for respondents.

Frequency of Response: 1 time per respondent.

Estimated total annual reporting burden: 1,083 hours.

Comments are invited on: (1) The practical utility of the information being gathered; (2) the accuracy of the burden hour estimate; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden to respondents, including use of

automated information techniques or other forms of information technology. Before including your address, phone number, e-mail address, or other personal identifying information in your comment—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Dated: April 29, 2009.
