

If, however, one party fails to designate a member of the board, the party making the request may ask the NMB to designate a member on behalf of the other party. The NMB must designate the representative who, together with the other party constitute the public board. It will be the task of these two individuals to decide on the terms of the agreement. If these individuals are unable to decide upon the terms, the Railway Labor Act provides that one of these parties may request that the NMB designate a neutral to resolve the remaining matters which are procedural issues. Pursuant to 29 CFR 1207.2, requests for the NMB to appoint either representatives or neutrals must be made on printed forms which may be secured from the NMB.

This form is necessary for the NMB to fulfill its statutory responsibilities. Without this information, the NMB would not be able to assist the railroad labor and management representatives in resolving disputes, which is contrary to the intent of the Railway Labor Act.
