Food and Nutrition Service

Title: Status of Claims Against Households.

OMB Control Number: 0584-0069.

Summary of Collection: Section 11, 13, and 16 of the Food Stamp Act of 1977, as amended (the Act) and appropriate Supplemental Nutrition Assistance Program regulation are the basis for the information collected on FNS-209. Regulations at 7 CFR 273.18(m)(5) requires State agencies to submit at the end of every quarter the completed FNS-209, Status of Claims Against Households. The information required for the FNS-209 report is obtained from a State accountable system responsible for establishing claims, sending demand letters,

collecting claims, and managing other claim activity.

Need and Use of the Information: The Food and Nutrition Service (FNS) will collect information on the outstanding aggregate claim balance; claims established; collections; any balance and collection adjustments; and the amount to be retained for collecting non-agency error claims. The information will be used by State agencies to ascertain aggregate claim balance and collections for determining overall performance, the collection amounts to return to FNS, and claim retention amounts. FNS will receive collections and report collection activity to Treasury. If this data is collected less often than quarterly, it would delay the Federal collection of the Federal share of the State agency's collections. FNS would not be able to effectively monitor the collection and recovery of program funds or protect the integrity of the program.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 53.

Frequency of Responses: Reporting: Quarterly.

Total Burden Hours: 636.
