For your convenience, there are three methods in which you can use to submit your comments to the Commission. In all instances please reference the project docket number (CP09-60-000) with your submission. The Commission encourages electronic filing of comments and has dedicated eFiling expert staff available to assist you at 202-502-8258 or efiling@ferc.gov.

(1) You may file your comments electronically by using the Quick Comment feature, which is located on the Commission's internet Web site at <http://www.ferc.gov> under the link to Documents and Filings. A Quick Comment is an easy method for interested persons to submit text-only comments on a project;

(2) You may file your comments electronically by using the eFiling feature, which is located on the Commission's Internet Web site at <http://www.ferc.gov> under the link to Documents and Filings. eFiling involves preparing your submission in the same manner as you would if filing on paper, and then saving the file on your computer's hard drive. You will attach that file as your submission. New eFiling users must first create an account by clicking on "Sign up" or "eRegister". You will be asked to select the type of filing you are making. A comment on a particular project is considered a "Comment on a Filing;" or

(3) You may file your comments via mail to the Commission by sending an original and two copies of your letter to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First St., NE., Room 1A, Washington, DC 20426.

Label one copy of the comments for the attention of Gas Branch 3, PJ11.3. Mail your comments promptly, so that they will be received in Washington, DC on or before June 8, 2009.

Comments will be considered by the Commission but will not serve to make the commentor a party to the proceeding. Any person seeking to become a party to the proceeding must file a motion to intervene pursuant to Rule 214 of the Commission's Rules of Practice and Procedures (18 CFR 385.214). Only intervenors have the right to seek rehearing of the Commission's decision. Further instructions for becoming an intervenor are included in the User's Guide under

the "e-filing" link on the Commission's Web site (<http://www.ferc.gov>).

Affected landowners and parties with environmental concerns may be granted intervenor status upon showing good cause by stating that they have a clear and direct interest in this proceeding which would not be adequately represented by any other parties. You do not need intervenor status to have your comments considered.

The COE is also soliciting comments from the public in order to consider and evaluate the impacts of the proposed project to waters of the United States, including jurisdictional wetlands. All comments received by the COE will become a part of the COE's administrative record and will be considered by the COE in evaluating the Department of the Army permit application. You may submit comments directly to the COE. The COE project number is NAB-2008-01241-M05 (200861276 T61277) (Dominion Cove Point LNG/Pier Reinforcement Project). Copies of any written statements expressing concern for aquatic resources may be submitted to: Mrs. Kathy Anderson, Corps of Engineers, CENAB-OP-RMS, P.O. Box 1715, Baltimore, Maryland 21203-1715.
