

restore tidal influence to the site; however, continued maintenance of the Dutchman and South Slough levees would occur. Under this alternative, because the lead agencies would be required to maintain the northern levee along Dutchman Slough in perpetuity, maintenance activities would likely increase as the levees age and as scour increases in response to activities undertaken by the Napa Sonoma Restoration Project. Under the No-Action Alternative, the components of the Proposed Action would not be implemented.

Preferred Restoration Alternative

The Preferred Restoration Alternative would restore the entire 1,500-ac Cullinan Ranch Site with implementation of the following project components:

- *Component 1:* Construct boardwalk to provide access to existing electrical towers.
- *Component 2:* If needed, drainage ditches would be blocked to promote redevelopment of natural sloughs.
- *Component 3:* Improve the DFG Pond 1 levee and install water control structures.
- *Component 4:* Protect Highway 37 from project-induced flooding and erosion, through levee construction.
- *Component 5:* Construct public access areas.
- *Component 6:* Breach the levees along Dutchman and South Sloughs and Guadalcanal Village.
- *Component 7:* Implement long-term monitoring.

Partial Restoration Alternative

The Partial Restoration Alternative would restore 300 ac of the Cullinan Ranch Site. The Partial Restoration Alternative was developed in order to limit potential impacts to the hydrology of Dutchman Slough. While it would meet the purpose and need of the project, a smaller overall area within Cullinan Ranch would be restored, and connectivity with other adjacent restoration projects would be limited.

The Partial Restoration Alternative would include implementation of the following project components:

- *Component 1:* If needed, drainage ditches would be blocked to promote redevelopment of natural Sloughs.
- *Component 2:* Construct internal levee.
- *Component 3:* Protect Highway 37 from project-induced flooding and erosion, through levee construction.
- *Component 4:* Breach the levee along Dutchman Slough.
- *Component 5:* Long-term monitoring.

The final EIS/EIR contains our responses to all comments received on the draft document. Following the release of the abbreviated final EIS/EIR, we will prepare a Record of Decision not sooner than 30 days after the Environmental Protection Agency has published its notice of filing of the document in the **Federal Register**. We anticipate that we will issue a Record of Decision in the summer of 2009.

We provide this notice under regulations implementing NEPA (40 CFR 1506.6).

Dated: May 13, 2009.

BILLING CODE P**DEPARTMENT OF JUSTICE****Foreign Claims Settlement
Commission**

[OMB Number 1105–NEW]

**Agency Information Collection
Activities: Proposed Collection;
Comments Requested**

ACTION: Emergency 30-Day Notice of
Information Collection Under Review:
Collection of Information on Claims for
Compensation for Physical and
Emotional Injury, Death, and
Commercial Claims Against the
Government of Libya and Referred to
the Foreign Claims Settlement
Commission by the Department of State
Legal Adviser.

The Department of Justice, Foreign
Claims Settlement Commission
(Commission) has submitted the
following information collection request
to the Office of Management and Budget
(OMB) for review and approval in
accordance with the Paperwork
Reduction Act of 1995. The proposed
information collection is published to
obtain comments from the public and
affected agencies. This proposed
information collection was previously
published in the **Federal Register**
Volume 74, Number 38, pages 8988–
8989, on February 27, 2009, allowing for
a 60 day comment period.

The purpose of this notice is to allow
for an additional 30 days for public
comment until June 19, 2009. This
process is conducted in accordance with
5 CFR 1320.10.

Written comments and/or suggestions
regarding the items contained in this
notice, especially the estimated public
burden and associated response time,
should be directed to the Office of
Management and Budget, Office of
Information and Regulatory Affairs,
Attention Department of Justice Desk
Officer, Washington, DC 20503.

Additionally, comments may be
submitted to OMB via facsimile to (202)

suggestions from the public and affected
agencies concerning the proposed
collection of information are
encouraged. Your comments should
address one or more of the following
four points:

- Evaluate whether the proposed
collection of information is necessary
for the proper performance of the
functions of the agency, including
whether the information will have
practical utility;
- Evaluate the accuracy of the agency's
estimate of the burden of the proposed
collection of information, including the
validity of the methodology and
assumptions used;
- Enhance the quality, utility, and
clarity of the information to be
collected; and
- Minimize the burden of the collection
of information on those who are to
respond, including through the use of
appropriate automated, electronic,
mechanical, or other technological
collection techniques or other forms of
information technology, e.g., permitting
electronic submission of responses.
