Cooperative State Research, Education, and Extension Service

Title: Reporting Requirements for State Plans of Work for Agricultural Research and Extension Formula Funds.
OMB Control Number: 0524-0036.

Summary of Collection: Section 202 and 225 of the Agricultural Research, Extension, and Education Reform Act of 1998 (AREERA) requires that a plan of work must be submitted by each institution and approved by the Cooperative State Research, Education, and Extension Service (CSREES) before formula funds may be provided to the 1862 and 1890 land-grant institutions. The plan of work must address critical agricultural issues in the State and describe the programs and project targeted to address these issues using the CSREES formula funds. The plan of work also must describe the institution's multistate activities as well as their integrated research and extension activities.

CSREES is requesting to continue to collect an update to the 5-Year Plan of Work which began with the Fiscal Year 2007, and as a result no longer needs to collect the initial 5-Year Plan. Also, as required by the Food Conservation and Energy Act of 2008 (FCEA) (Pub. L. 110-246, Sec. 7505), CSREES is working with the university partners in extension and research to review and identify measures to streamline the submission, reporting under, and implementation of plan of work requirements.

Need and Use of the Information: Institutions are required to annually report to CSREES the following: (1) The actions taken to seek stakeholder input to encourage their participation; (2) a brief statement of the process used by the recipient institution to identify individuals or groups who are stakeholders and to collect input from them; and (3) a statement of how collected input was considered. CSREES uses the information to provide feedback to the institutions on their Plans of Work and Annual Reports of Accomplishments and Results in order for institutions to improve the conduct and the delivery of their programs. Failure to comply with the requirements may result in the withholding of a recipient institution's formula funds

and redistribution of its share of formula funds to other eligible institutions.

Description of Respondents: State, Local or Tribal Government.

Number of Respondents: 75.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 48,600.

Animal and Plant Health Inspection Service

Title: Veterinary Accreditation Program.

OMB Control Number: 0579–0032.

Summary of Collection: The Animal Health Protection Act (AHPA) of 2002 is the primary Federal law governing the protection of animal health. The law gives the Secretary of Agriculture broad authority to detect, control, or eradicate pests or diseases of livestock or poultry. The Animal and Plant Health Inspection

Service (APHIS) of the U.S. Department of Agriculture is the agency charged with carrying out this disease prevention mission. To help accomplish this mission, APHIS’ Veterinary Services administers the National Veterinary Accreditation Program. This program certifies private veterinary practitioners to work cooperatively with Federal veterinarians, as well as with State animal health officials, to conduct certain activities for APHIS. Regulations governing the Veterinary Accreditation Program are found in Title 9 of the Code of Federal Regulations, parts 160, 161, and 162.

Need and Use of the Information: APHIS will collect information to determine that a veterinarian has met the requirements for being accredited, or for obtaining re-accreditation. APHIS will also collect information to ensure that accredited veterinarians are knowledgeable of current Federal and State animal health regulations, objectives and programs and are competent in their application. If information is not collected it would significantly destroy APHIS’ ability to operate the Veterinary Accreditation Program.

Description of Respondents: Business or other for-profit; State, Local or Tribal Government.

Number of Respondents: 5001.

Frequency of Responses: Reporting: On occasion.

Total Burden Hours: 3,001.
