**SECURITIES AND EXCHANGE COMMISSION**

[Release No. IC-28725; File No. 4-582]

**Hearing on Target Date Funds and Similar Investment Options**

**AGENCIES:** Employee Benefits Security Administration, U.S. Department of Labor ("Department") and Securities and Exchange Commission ("Commission") (each, an "Agency," collectively, the "Agencies").

**ACTION:** Notice of hearing.

**SUMMARY:** Notice is hereby given that the Department of Labor and the Securities and Exchange Commission will hold a joint one-day hearing on issues relating to investments in target date funds and similar investment options by 401(k) plan participants and other investors.

**DATES:** The one-day hearing will be held on June 18, 2009, beginning at 9 a.m., EST.

**ADDRESSES:** The hearing will be held at the U.S. Department of Labor, 200 Constitution Avenue, NW., Washington, DC 20210.

**FOR FURTHER INFORMATION CONTACT:** Fred J. Wong, Office of Regulations and Interpretations, Employee Benefits Security Administration, U.S. Department of Labor, at (202) 693-8500, or Tara R. Buckley, Office of Chief Counsel, Division of Investment Management, U.S. Securities and Exchange Commission, at (202) 551-6825. These are not toll-free numbers.

**SUPPLEMENTARY INFORMATION:** "Target date" or "lifecycle" funds and other similar investment options ("TDFs") are investment products that allocate their investments among various asset classes and automatically shift that allocation to more conservative investments as a "target" date approaches. This shift in asset allocation, often referred to as a fund's "glide path," may differ significantly among funds with the same target date. Recent studies suggest that TDFs are becoming more common as investment options in participant-directed retirement plans, such as 401(k) plans.<sup>1</sup> The growing popularity of TDFs has focused attention on issues relating to the design, operation and selection of TDFs as investment options. The designation of investment options

to be made available under a private-sector retirement plan is governed by the fiduciary responsibility provisions of the Employee Retirement Income Security Act of 1974 ("ERISA"). Persons with this responsibility must prudently select and monitor those investment options.

The Department's 2008 ERISA Advisory Council studied several aspects of TDFs as 401(k) plan investment options, including the challenges and risks they may pose to plan fiduciaries and to participants who invest in TDFs, the different types of TDFs, and appropriate criteria for adopting and monitoring them. In its 2008 report to the Secretary of Labor, the Advisory Council recommended that the Department provide additional guidance to plan fiduciaries on the selection and monitoring of TDFs. The Advisory Council also called for the development of participant education materials and illustrations to enhance awareness of the value and the risks associated with these investments.<sup>2</sup>

The U.S. Senate Special Committee on Aging recently began an investigation of certain TDFs marketed to 401(k) plans. In preliminary findings shared with the Agencies, the Committee found a wide range of objectives, portfolio compositions, and risks among same-year TDFs. The Committee expressed concern that, given these variations, some investors may be investing in TDFs without being aware of the financial risk. The Committee therefore urged the Agencies to commence a review of TDFs.<sup>3</sup>

In view of the importance of these issues for the retirement savings of investors, the Department and the Commission have decided to hold a public hearing. The primary purpose of this hearing is to determine if additional guidance by either Agency would be helpful. The Agencies are specifically interested in obtaining information on:

- How TDF managers determine asset allocations and changes to asset allocations (including glide paths) over the course of a TDF's operation;
- How they select and monitor underlying investments;
- How the foregoing, and related risks, are disclosed to investors; and
- The approaches or factors for comparing and evaluating TDFs.

The hearing will be held on June 18, 2009, beginning at 9 a.m. and ending at
