

Development (HUD) and pursuant to the information collection requirements under the Home Mortgage Disclosure Act (HMDA). Thus, the FHFA's information collection imposes only a minor incremental additional burden on Bank members and housing associates.

The OMB control number for the information collection, which expires on August 31, 2009, is 2590-0008. The likely respondents are institutions that sell AMA assets to Banks.

B. Burden Estimate

The FHFA estimates that the hour burden associated with the AMA collection is little changed. More institutions are participating in the AMA program, but the average report size has gone down dramatically. The FHFA estimates the total annual average number of respondents at 750, with 4 responses per respondent. The estimate for the average hours per response is 12 hours. The estimate for the total annual hour burden is 36,000 hours (750 respondents × 4 responses per respondent × 12 hours).

Bank members could incur additional one-time costs to be able to collect and report additional loan-level data elements. The FHFA estimates this additional, one-time cost at \$150,000 (\$2,000 × 750 members).

C. Comment Request

The FHFA requests written comments on the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of the FHFA estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility and clarity of the information collected; and (4) ways to minimize the burden of the collection of information, including through the use of automated collection techniques or other forms of information technology.
