ARCTIC RESEARCH COMMISSION

Meeting Notice

Notice is hereby given that the U.S. Arctic Research Commission will hold its 89th meeting in Washington, DC on June 16–18, 2009. The Business Session, open to the public, will convene at 9:30 a.m., Tuesday, June 16, 2009 in Washington, DC. An Executive Session will follow adjournment of the Business Session.

The Agenda items include:

- (1) Call to order and approval of the Agenda.
- (2) Approval of the Minutes of the 88th Meeting.
- (3) Commissioners and Staff Reports.
- (4) Discussion of USARC Goals and Activities.

The focus of the meeting will be reports and updates on programs and research projects affecting the Arctic.

Any person planning to attend this meeting who requires special accessibility features and/or auxiliary aids, such as sign language interpreters, must inform the Commission in advance of those needs.

Contact Person for More Information: John Farrell, Executive Director, U.S. Arctic Research Commission, 703–525–0111 or TDD 703–306–0090.

John Farrell,

Executive Director.

BILLING CODE 7555–01–M

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).
Title: American Fisheries Act: Vessel and Processor Permit Applications.
OMB Control Number: 0648–0393.
Form Number(s): None.
Type of Request: Regular submission.
Burden Hours: 157.
Number of Respondents: 44.
Average Hours Per Response:

Application for permit for replacement vessel, 30 minutes; application for inshore catcher vessel cooperative permit, 2 hours; and application for contract fishing by non-cooperative vessels, 4 hours.

Needs and Uses: Under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*) National Marine Fisheries Service (NMFS) manages the groundfish fisheries in the exclusive economic zone (EEZ) off Alaska through fishery management plans. The regulations that implement those fishery management plans appear at 50 CFR part 679. The American Fisheries Act (AFA), 16 U.S.C. 1851 provided a new program for the Bering Sea and Aleutian Islands (BSAI) Management Area pollock fishery. In response to the AFA, NMFS developed a management program for BSAI pollock to include a set of permits for AFA catcher/processors, AFA catcher vessels, AFA inshore processors, AFA motherships, and AFA cooperatives. Vessels and processors in the BSAI pollock fishery are required to have valid AFA permits on board the vessel or at the processing plant, in addition to any other Federal or State permits. With the exceptions of the inshore vessel cooperatives, replacement vessel, and inshore vessel contract fishing applications, the AFA permit program had a one-time application deadline of December 1, 2000.

Affected Public: Business or other for-profit organizations; individuals or households.

Frequency: Annually and on occasion.
Respondent's Obligation: Required to obtain or retain benefit.

OMB Desk Officer: David Rostker, (202) 395–3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482–0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this

notice to David Rostker, OMB Desk Officer, FAX number (202) 395–7285, or David_Rostker@omb.eop.gov.

Dated: May 27, 2009.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Southeast Region Vessel Monitoring System (VMS) and Related Requirements.

OMB Control Number: 0648–0544.

Form Number(s): None.

Type of Request: Regular submission.
Burden Hours: 2,348.

Number of Respondents: 882.

Average Hours per Response: Fishing activity reports, 1 minute; VMS activation checklists, 15 minutes; and power-down exemption request, 10 minutes.

Needs and Uses: Under Amendment 18A to the Fishery Management Plan for Reef Fish Fisheries in the Gulf of Mexico, codified in 50 U.S.C. 622, owners of vessels with valid permits were required to install vessel monitoring systems (VMS) on their vessels. VMS units automatically send periodic reports on the position of the vessel. National Marine Fisheries Service (NMFS) uses the reports to monitor the vessel's location and activities while enforcing area closures. When a VMS is installed and turned on, an activation checklist must be sent to NMFS Office for Law Enforcement. Every vessel that is required to have a VMS unit must have that VMS unit on and properly functioning at all times, even when docked, and prior to each fishing trip, or during a trip if activity changes, a report of fishing activity must be submitted to NMFS VMS personnel. A power-down exemption request may be submitted when boats are out of the water, i.e., for maintenance/repairs in drydock.

Affected Public: Business or other for-profit organizations.

Frequency: One time and on occasion.

Respondent's Obligation: Mandatory.
