In addition to the intergovernmental coordination required under Alternative A, a long-term management agreement with the State natural resource agencies would be needed for them to administer the current recreation area and facility. Partnerships would remain as under Alternative A.

SUPPLEMENTARY INFORMATION:

Background

On March 13, 2007, the Department of the Interior published a notice of establishment of the Committee and call for nominations in the **Federal Register** (72 FR 11373). The Committee's purpose is to provide advice and recommendations to the Secretary of the Interior (Secretary) on developing effective measures to avoid or minimize impacts to wildlife and their habitats related to land-based wind energy facilities. The Committee is expected to exist for 2 years and meet approximately four times per year, and its continuation is subject to biennial renewal. All Committee members serve without compensation. In accordance with the Federal Advisory Committee Act (5 U.S.C. App.), a copy of the Committee's charter has been filed with the Committee Management Secretariat, General Services Administration; Committee on Environment and Public Works, U.S. Senate; Committee on Natural Resources, U.S. House of Representatives; and the Library of Congress. The Secretary appointed 22 individuals to the Committee on October 24, 2007, representing the varied interests associated with wind energy development and its potential impacts to wildlife species and their habitats. The Service held five Committee meetings in 2008, and has held four meetings in 2009. All Committee meetings are open to the public. The public has an opportunity to comment at all Committee meetings.

Public Land Order No. 7732; Partial Revocation of Power Site Reserve No. 530; California

AGENCY: Bureau of Land Management, Interior.

ACTION: Public land order.

SUMMARY: This order partially revokes a withdrawal created by an Executive Order insofar as it affects approximately 11 acres of public land withdrawn for Power Site Reserve No. 530. This order also opens the land to exchange.

DATES: *Effective Date:* June 4, 2009.

FOR FURTHER INFORMATION CONTACT: Duane Marti, Realty Specialist, at (916) 978-4675 or via e-mail at Duane_Marti@ca.blm.gov.

All portions of the following described lands lying within 50 feet of the center line of the right of way granted to Coachella Valley Ice and Electric Company:

T. 3 S., R. 5 E.,

Sec. 32, S $\frac{1}{2}$ SE $\frac{1}{4}$ NW $\frac{1}{4}$, NE $\frac{1}{4}$ SW $\frac{1}{4}$, and SE $\frac{1}{4}$.

The area described contains approximately 11 acres in Riverside County.

2. At 10 a.m., on July 6, 2009, the above-described land is hereby made available for exchange pursuant to Section 206 of the Federal Land Policy and Management Act of 1976, 43 U.S.C. 1716 (2000).

This new classification for lease only is for all of the above-described lands aggregating 196.48 acres and changes the previous classification of 149.36 acres from lease or conveyance to lease only.

The land is not needed for any Federal purposes. The R&PP Act provides for leasing of public lands by local governments for public purposes such as golf courses without monetary

consideration. Leasing is consistent with current BLM land use planning, Lands and Realty Decision, LAR-8, of the Price Field Office Resource Management Plan—October 2008, and would be in the public interest.

Upon the effective date of this classification, a new lease will be issued to replace the existing lease and incorporate the expansion area lands. The lease, when issued, will be subject to the following terms and conditions:

1. Provisions of the Recreation and Public Purposes Act and all applicable regulations of the Secretary of the Interior including compliance with the plans of development and management approved on November 26, 1986 and October 2, 2008.

2. The lessee shall indemnify the United States against any liability for damage to life or property arising from the occupancy or use of BLM-administered lands under this lease.

3. The lessee shall comply with applicable Federal and State laws and regulations affecting in any manner construction, operation, maintenance or termination of the lease, including water quality, public health and public safety.

4. The lease is subject to existing rights which include the following rights-of-way:

a. UTU-54669; Water Storage Tank and Pipeline owned by City of Ferron.

b. UTU-66122; Power Line owned by PacifiCorp dba Utah Power and Light.

c. UTU-67436; Millsite Dam and Reservoir owned by Utah Division of Water Resources.

d. UTU-78704; Oil and Gas Lease held by Henry A Alker.

e. UTU-84129; Oil and Gas Lease held by International Petroleum.

5. The lessee shall immediately bring to the attention of the lessor any cultural or paleontological resources discovered during operations under the lease. The lessee shall not disturb any cultural or paleontological resources except as instructed by the lessor. The cost of investigating and protecting cultural and paleontological resources discovered during construction or operations shall be borne by the lessee.

6. The lessee shall protect all survey monuments, witness corners, reference monuments and bearing trees within this lease against disturbance during construction, operation, maintenance, and rehabilitation. If any damage occurs, the lessee shall have a Registered Land Surveyor restore or take other measures found in the *Manual of Surveying Instructions for the Survey of the Public Lands of the United States, latest edition.*
