ENVIRONMENTAL PROTECTION AGENCY

[FRL-8913-4]

Proposed Settlement Agreement

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of proposed settlement agreement; request for public comment.

SUMMARY: In accordance with section 113(g) of the Clean Air Act, as amended ("Act"), 42 U.S.C. 7413(g), notice is hereby given of a proposed settlement agreement to address a lawsuit filed by American Petroleum Institute (API) in the United States Court of Appeals for the District of Columbia Circuit: *American Petroleum Institute v. EPA*, No. 06-1321 (D.C. Cir.). API filed a petition for review of an EPA rule promulgating regulations requiring new

source performance standards for new stationary compression ignition internal combustion engines. Under the terms of the proposed settlement agreement, EPA agrees to propose revisions to the new source performance standards and to issue guidance specifying particular standards applicable under the regulations.

DATES: Written comments on the proposed settlement agreement must be received by *July 6, 2009*.

ADDRESSES: Submit your comments, identified by Docket ID number EPA-HQ-OGC-2009-0354, Online at <http://www.regulations.gov> (EPA's preferred method); by e-mail to oei.docket@epa.gov; by mail to EPA Docket Center, Environmental Protection Agency, Mailcode: 2822T, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; or by hand delivery or courier to EPA Docket Center, EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC, between 8:30 a.m. and 4:30 p.m. Monday through Friday, excluding legal holidays. SUPPLEMENTARY INFORMATION:

I. Additional Information About the Proposed Settlement Agreement

This proposed settlement agreement would potentially resolve a petition for judicial review filed by API for review of a rule promulgating new source performance standards for new stationary compression ignition internal combustion engines. Under the terms of the proposed settlement agreement, EPA agrees to propose, no later than one year after execution of the settlement agreement, revisions to the new source performance standards. The proposed revisions would allow owners and operators more options in operating and maintaining their engines, but would require more testing for sources using the additional options. The proposal would also clarify certain provisions of the existing regulations and make minor modifications unrelated to the stringency of the standards. After considering any comment reviewed,

EPA agrees to sign a final rule within one year of the publication of the proposal. If the relevant provisions of the final rule are in substantial conformance with the revisions in the draft agreement, then API agrees to the dismissal of its petition for review. Additionally, based on API concerns that the regulations are not sufficiently clear regarding the not-to-exceed standards and multiples applicable to engines subject to the regulations, EPA agrees to issue guidance specifying the not-to-exceed standards and multiples applicable to such engines.

For a period of thirty (30) days following the date of publication of this notice, the Agency will accept written comments relating to the proposed settlement agreement from persons who were not named as parties or intervenors to the litigation in question. EPA or the Department of Justice may withdraw or withhold consent to the proposed settlement agreement if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act. Unless EPA or the Department of Justice determines, based on any comment submitted, that consent to this settlement agreement should be withdrawn, the terms of the agreement will be affirmed.

II. Additional Information About Commenting on the Proposed Settlement Agreement
