Reimbursement Rates for Calendar Year 2009

AGENCY: Indian Health Service, HHS.

ACTION: Notice.

SUMMARY: Notice is given that the Director of Indian Health Service (IHS), under the authority of sections 321(a) and 322(b) of the Public Health Service Act (42 U.S.C. 248 and 249(b)), Public Law 83-568 (42 U.S.C. 2001 (a)), and the Indian Health Care Improvement Act (25 U.S.C. 1601 *et seq.*), has approved the following rates for inpatient and outpatient medical care provided by IHS facilities for Calendar Year 2009 for Medicare and Medicaid beneficiaries and beneficiaries of other Federal programs. The Medicare Part A inpatient rates are excluded from the table below as they are paid based on the prospective payment system. Since the inpatient rates set forth below do not include all physician services and practitioner services, additional payment may be available to the extent that those services meet applicable requirements. Section 1880 of the Social Security Act authorizes Medicare Part B payment to hospitals and ambulatory care clinics operated by IHS or by an Indian Tribe or Tribal organization.

SUPPLEMENTARY INFORMATION:

Program Description

The Chemical Facility Anti-Terrorism Standards (CFATS), 6 CFR Part 27, require high-risk chemical facilities to submit personally identifiable information (PII) from facility personnel and, as appropriate, unescorted visitors with access to restricted areas or critical assets at those facilities. This PII will be screened against the consolidated and integrated terrorist watch list maintained by the Federal Government in the Terrorist Screening Database (TSDB) to identify known or suspected terrorists (i.e., individuals with terrorist ties).

High-risk chemical facilities must also perform other relevant background checks in compliance with CFATS Personnel Surety risk-based performance standard (RBPS) #12. See 6 CFR 27.230(a)(12)(i-iii) (covered facilities must “perform appropriate background checks ... including (i) Measures designed to verify and validate identity; (ii) Measures designed to check criminal history; [and] (iii) Measures designed to verify and validate legal authorization to work”). The CFATS Personnel Surety Program is not intended to halt, hinder, or replace high-risk chemical facilities’ performance of background checks currently required for employment or access to secure areas of those facilities.

Background

On October 4, 2006, the President signed the Department of Homeland Security Appropriations Act of 2007 (the Act), Public Law 109-295. Section 550 of the Act provides the Department of Homeland Security (DHS) with the authority to regulate the security of high-risk chemical facilities.

Section 550 requires that DHS’s regulations establish risk-based performance standards. RBPS #12 (6 CFR 27.230(a)(12)) requires that regulated chemical facilities implement “measures designed to identify people

with terrorist ties.” The ability to identify individuals with terrorist ties requires use of information held in Government-maintained databases. Therefore, DHS is implementing the CFATS Personnel Surety Program which will allow chemical facilities to comply with RBPS #12 to implement “measures designed to identify people with terrorist ties.”

Overview of CFATS Personnel Surety Process

The CFATS Personnel Surety Program identifies individuals with terrorist ties by comparing PII submitted by each high-risk chemical facility to the PII of known or suspected terrorists on the consolidated and integrated terrorist watch list maintained by the Federal Government in the TSDB.

The representative(s) of each high-risk chemical facility with access to the Chemical Security Assessment Tool (CSAT), the online data collection portal for CFATS, will submit PII of affected individuals to the CFATS Personnel Surety Program via CSAT. The PII to be submitted is the data needed by DHS to conduct screening against the consolidated and integrated terrorist watch list in the TSDB. Upon receipt of each affected individual’s PII, the CFATS Personnel Surety Program will send a copy of the PII to the Transportation Security Administration (TSA). TSA will compare the PII provided by the CFATS Personnel Surety Program and the PII of known and suspected terrorists on the consolidated and integrated terrorist watch list in the TSDB. TSA will forward the results from all matches to the Terrorist Screening Center (TSC), which will make a final determination of whether an individual is, or is not, a match to an individual in the TSDB.

In the event that there is a positive match, the TSC will notify the appropriate Federal law enforcement agency for coordination, investigative action, and/or response.

For positive matches, the TSC may contact the Federal agency that nominated the individual to be listed on the consolidated and integrated terrorist watch list in the TSDB for further details regarding the reasons for nominating the individual.

DHS will not provide screening results to high-risk chemical facilities nor to the individuals whose PII is submitted by high-risk chemical facilities. As warranted, high-risk chemical facilities may be contacted by Federal law enforcement as a part of appropriate law enforcement investigation activity. (See the FBI System of Records published in the
