

DEPARTMENT OF COMMERCE**Submission for OMB Review;
Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Highly Migratory Species Tournament Registration and Reporting.
OMB Control Number: 0648-0323.

Form Number(s): None.

Type of Request: Regular submission.
Burden Hours: 110.

Number of Respondents: 300.

Average Hours Per Response: Registration, 2 minutes; reporting, 20 minutes.

Needs and Uses: Under the authorization of the Magnuson-Stevens Fishery Conservation and Management Act and the Atlantic Tunas Convention Act, the National Marine Fisheries Service (NMFS) requires that operators of fishing tournaments involving Atlantic Highly Migratory Species (HMS) provide advance identification of the tournament (registration) and then, for selected tournaments, provide summary information after the tournament is completed (reporting) on the HMS caught, whether they were kept or released, the length and weight of the fish, and other information. Most of the data required for post-tournament reporting is already collected in the routine course of tournament operations. The data collected is needed by NMFS to estimate the total annual catch of these species, to evaluate the impact of tournament fishing in relation to other types of fishing, and to evaluate the impact of HMS management measures on tournament operations.

Affected Public: Business or other for-profit organizations; not for-profit institutions.

Frequency: Annually and on occasion.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

Copies of the above information collection proposal can be obtained by calling or writing Diana Hynek, Departmental Paperwork Clearance Officer, (202) 482-0266, Department of Commerce, Room 7845, 14th and Constitution Avenue, NW., Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

Written comments and recommendations for the proposed information collection should be sent

within 30 days of publication of this notice to David Rostker, OMB Desk Officer, FAX number (202) 395-7285, or David_Rostker@omb.eop.gov.

Dated: June 8, 2009.

Gwellnar Banks,

Management Analyst, Office of the Chief Information Officer.

Comment Request**

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Alaska Interagency Electronic Reporting System.

OMB Control Number: 0648-0515.

Form Number(s): None.

Type of Request: Regular submission.

Burden Hours: 19,084.

Number of Respondents: 239.

Average Hours per Response: eLandings registration, 15 minutes; landing reports, 35 minutes; production reports: at sea, 20 minutes; shoreside, 10 minutes.

Needs and Uses: The interagency electronic reporting system (IERS) was implemented for use in the fisheries of the Exclusive Economic Zone (EEZ). National Marine Fisheries Service (NMFS) requires that eLandings, the data entry component of IERS, be used as a single reporting system for commercial harvest and production of groundfish (including rockfish), Pacific halibut, and certain species of crab. eLandings allows processors and others to make all three required landings reports with a single reporting system to NMFS, the International Pacific Halibut Commission (IPHC), and Alaska Department of Fish and Game (ADF&G). NMFS collects groundfish harvest and production data for Fishery Management Plan (FMP) species in the EEZ (FMPs are prepared and amended as authorized by the Magnuson-Stevens Fishery Conservation and Management Act). ADF&G collects harvest data for groundfish species taken in the State of Alaska (State) waters, and has responsibility for some fisheries in the EEZ, such as lingcod and black rockfish. ADF&G and NMFS cooperatively manage the Crab Rationalization Program fisheries. NMFS and IPHC

cooperatively manage Individual Fishing Quota (IFQ) Pacific halibut in both State waters and in the EEZ.

Affected Public: Business or other for-profit organizations.

Frequency: Daily and weekly.

Respondent's Obligation: Mandatory.

OMB Desk Officer: David Rostker, (202) 395-3897.

SUPPLEMENTARY INFORMATION:

I. Abstract

The purpose of the Public Telecommunications Facilities Program is to assist, through matching funds, in the planning and construction of public telecommunications facilities in order to achieve the following objectives:

- Extend delivery of public telecommunications services to as many citizens in the United States as possible by the most efficient and economical means, including the use of broadcast and nonbroadcast technologies;
- Increase public telecommunications services and facilities available to, operated by, and owned by minorities and women; and
- Strengthen the capability of existing public radio and television stations to provide public telecommunications services to the public.

The reports submitted by the grantees include:

- Construction schedule/planning timetable (one time).
- Performance reports (quarterly).
- Close-out materials after completion of the project (one time).
- Annual reports for the duration of the government's interest in the equipment (annually for a ten-year period).

II. Method of Collection

The reports may be submitted by mail, fax, or the Internet (beginning in FY 2010, all reports will be submitted over the Internet).

Certain Frozen Warmwater Shrimp from Ecuador: Notice of Extension of Time Limit for the Final Results of the Third Administrative Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

EFFECTIVE DATE: June 12, 2009.

FOR FURTHER INFORMATION CONTACT:

Gemal Brangman at (202) 482-3773, or David Goldberger at (202) 482-4136, AD/CVD Operations, Office 2, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue, NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On March 9, 2009, the Department of Commerce (the Department) published a notice for the preliminary results of the administrative review of the antidumping duty order on certain frozen warmwater shrimp from Ecuador covering the period February 1, 2007, through August 14, 2007. *See Certain Frozen Warmwater Shrimp from Ecuador: Preliminary Results of Antidumping Duty Administrative Review*, 74 FR 9983 (March 9, 2009). The final results for this administrative review are currently due no later than July 7, 2009, 120 days from the date of publication of the preliminary results of review.

Extension of Time Limit for the Final Results

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended (the Act), requires the Department to issue the final results of an administrative review within 120 days after the date on which the preliminary results are published. If it is not practicable to complete the review within that time period, section 751(a)(3)(A) of the Act allows the Department to extend the deadline for the final results to a maximum of 180 days after the date on which the preliminary results are published.

The Department determines that completion of the final results of the review within the original time limit is not practicable. Due to the complexity of the issues raised in this review, the Department requires additional time to review and analyze them in order to complete this review. Therefore, the Department is extending the time limit for completion of the final results of this review by 60 days, in accordance with section 751(a)(3)(A) of the Act. The final results are now due no later than September 8, 2009.

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act.

Dated: June 8, 2009.

John M. Andersen,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.
