7 CFR Part 220

[FNS-2005-0008]

RIN 0584-AD50

School Breakfast Program: Severe Need Assistance

AGENCY: Food and Nutrition Service (FNS), USDA.

ACTION: Affirmation of interim rule as final rule.

SUMMARY: The Department is adopting as a final rule, without change, an interim rule that amended the regulations for the School Breakfast Program. The interim rule addresses and implements amendments made by Section 201 of the Child Nutrition and WIC Reauthorization Act of 2004 and amends the School Breakfast Program (SBP) regulations to eliminate the requirement that a school's costs exceed the rate of reimbursement as a criterion for receiving the higher severe need funding available in the SBP. The rule also allows State agencies to provide severe need reimbursements to certain new schools that are beginning participation in the school feeding programs and therefore have no historical second preceding year participation information, as was previously required. The rule is intended to simplify eligibility for severe need reimbursements by removing previous restrictions on receipt of those payments. This rule does not impose new administrative requirements on State or local governmental entities.

DATES: Effective on June 15, 2009, the Department is adopting as a final rule the interim rule published at 70 FR 66247 on November 2, 2005.

FOR FURTHER INFORMATION CONTACT: Ms. Melissa Rothstein, Child Nutrition

Division, Food and Nutrition Service at (703) 305-2590.

SUPPLEMENTARY INFORMATION:

Background

On November 2, 2005, the Department published an interim rule on the School Breakfast Program. Section 501(b) of Public Law 108-265 states that FNS may promulgate interim regulations to implement amendments made by Section 201 of the Child Nutrition and WIC Reauthorization Act of 2004. FNS published an interim rule to expedite implementation of the rule's provisions, while allowing public input. Comments were invited on the rule and the comment period ended on May 1, 2006. FNS received four public comments, all in support of the rule: two from State agencies, one from a school district, and one from a school. Commenters commended FNS for helping severe need schools participate in the SBP by:

- Eliminating the paperwork burden associated with documenting costs, and
- Allowing the Secretary to determine severe need funding for new schools that do not have historical participation information.

Commenters did not recommend any changes to the provisions of the interim rule. Therefore, the Department is adopting the interim rule as a final rule without change. Although there are no changes to the rule, the most recent School Breakfast Program information collection package (OMB Information Collection Request 0584-0012), shows that the overall burden hours have increased due to school food authority and school participation. This action also affirms information contained in the interim rule concerning Executive Order 12866, the Regulatory Flexibility Act, Executive Order 12988, and the Paperwork Reduction Act. Further, for this action, the Office of Management and Budget has waived its review under Executive Order 12866.

SUPPLEMENTARY INFORMATION:

Executive Order 12866

This rule has been determined to be non-significant for the purposes of Executive Order 12866 and, therefore, it has not been reviewed by the Office of Management and Budget (OMB).

Paperwork Reduction Act of 1995

Pursuant to the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the collections of information in this rule have been approved by OMB under control number 0563-0053 through March 31, 2012.

E-Government Act Compliance

FCIC is committed to complying with the E-Government Act of 2002, to promote the use of the Internet and other information technologies to provide increased opportunities for citizen access to Government information and services, and for other purposes.

Unfunded Mandates Reform Act of 1995

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA) establishes requirements for Federal agencies to assess the effects of their regulatory actions on State, local, and Tribal governments and the private sector. This rule contains no Federal mandates (under the regulatory provisions of title II of the UMRA) for State, local, and Tribal governments or the private sector. Therefore, this rule is not subject to the requirements of sections 202 and 205 of UMRA.

Executive Order 13132

It has been determined under section 1(a) of Executive Order 13132, Federalism, that this rule does not have sufficient implications to warrant consultation with the States. The provisions contained in this rule will not have a substantial direct effect on States, or on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

Regulatory Flexibility Act

FCIC certifies that this regulation will not have a significant economic impact on a substantial number of small

entities. Program requirements for the Federal crop insurance program are the same for all producers regardless of the size of their farming operation. For instance, all producers are required to submit an application and acreage report to establish their insurance guarantees and compute premium amounts, and all producers are required to submit a notice of loss and production information to determine the amount of an indemnity payment in the event of an insured cause of crop loss. Whether a producer has 10 acres or 1,000 acres, there is no difference in the kind of information collected. To ensure crop insurance is available to small entities, the Federal Crop Insurance Act (Act) authorizes FCIC to waive collection of administrative fees from limited resource farmers. FCIC believes this waiver helps to ensure that small entities are given the same opportunities as large entities to manage their risks through the use of crop insurance. A Regulatory Flexibility Analysis has not been prepared since this regulation does not have an impact on small entities, and, therefore, this regulation is exempt from the provisions of the Regulatory Flexibility Act (5 U.S.C. 605).

Federal Assistance Program

This program is listed in the Catalog of Federal Domestic Assistance under No. 10.450.

Executive Order 12372

This program is not subject to the provisions of Executive Order 12372, which require intergovernmental consultation with State and local officials. See the Notice related to 7 CFR part 3015, subpart V, published at 48 FR 29115, June 24, 1983.

Executive Order 12988

This rule has been reviewed in accordance with Executive Order 12988 on civil justice reform. The provisions of this rule will not have a retroactive effect. The provisions of this rule will preempt State and local laws to the extent such State and local laws are inconsistent herewith. With respect to any direct action taken by FCIC or to require the insurance provider to take specific action under the terms of the crop insurance policy, the administrative appeal provisions published at 7 CFR part 11 must be exhausted before any action against FCIC for judicial review may be brought.

Environmental Evaluation

This action is not expected to have a significant economic impact on the quality of the human environment, health, or safety. Therefore, neither an

Environmental Assessment nor an Environmental Impact Statement is needed.

Background

On May 22, 2008, the 2008 Farm Bill was enacted. Section 12011 of the 2008 Farm Bill amended section 508(e) of the Federal Crop Insurance Act (7 U.S.C. 1508(e)) to allow producers who elect whole-farm or enterprise units to receive, to the maximum extent practicable, the same dollar amount of premium subsidy that would have otherwise been paid if they had elected a basic or optional unit for the crop.

The increased subsidy amount provides a much larger incentive than in the past to qualify for an enterprise unit. The increased incentive may lead to unintended consequences when producers change planting intentions solely for the purpose of qualifying for the larger subsidy. To qualify for an enterprise unit, current provisions require a producer to plant some acreage in two or more sections, FSA farm serial numbers, or other means of land measurement. There is no requirement stating a minimum number of acres that must be planted in more than one section, FSA farm serial number, *etc.*, to qualify for an enterprise unit. This leaves the program vulnerable to producers who will plant only a small amount of acreage in an additional section, FSA farm serial number, *etc.* solely for the purpose of qualifying for an enterprise unit and the increased subsidy. FCIC has received questions and anecdotal information and has seen blogs on agricultural forums indicating that some insured producers are contemplating taking these actions.

The new subsidy amounts are intended only for producers who are willing to combine optional or basic units, not for those who manipulate unit structures solely to benefit from the higher subsidy. For this reason, FCIC is revising the definition of "enterprise unit" in the Basic Provisions to specify at least two of the sections, section equivalents, FSA farm serial numbers, or units established by written agreement must each have planted acreage that constitutes at least the lesser of 20 acres or 20 percent of the insured crop acreage in the enterprise unit. The lesser of 20 acres or 20 percent is consistent with other provisions in the policy that require a minimum amount of acreage to qualify for certain other coverage (for example, a replanting payment may be made when the number of acres replanted is at least the lesser of 20 acres or 20 percent of the insured planted acreage in a unit). This change is necessary to protect

program integrity by ensuring that producers are unable to manipulate their unit structure by making slight changes in their farming operation to gain additional benefits from the increased subsidy.

The amendments in this rule are applicable for the 2010 and succeeding crop years for all crops with a 2010 crop year contract change date on or after the effective date of this rule and for the 2011 and succeeding crop years for all crops with a 2010 crop year contract change date prior to the effective date of this rule.

Good cause is shown to make this rule effective upon publication in the **Federal Register**. Good cause to make the rule effective upon publication in the **Federal Register** exists when the 30 day delay in the effective date is impracticable, unnecessary, or contrary to the public interest.

With respect to the provisions of this rule, it would adversely affect program integrity to delay its implementation. If FCIC is required to delay the implementation of this rule 30 days after the date it is published, the provisions of this rule could not be implemented until the next crop year for those crops having a contract change date prior to the effective date of this publication. Because a delay in the effective date of this rule is contrary to the public interest, good cause exists to make these policy changes effective upon publication in the **Federal Register**.

(b) * * *

1. Definitions.

* * * * *

Enterprise unit. All insurable acreage of the insured crop in the county in

which you have a share on the date coverage begins for the crop year.

(1) To qualify, an enterprise unit must contain all of the insurable acreage of the same insured crop in:

(i) One or more basic units that are located in two or more separate sections, section equivalents, FSA farm serial numbers, or units established by written agreement; or

(ii) Two or more optional units established by separate sections, section equivalents, FSA farm serial numbers, or as established by written agreement; and

(2) At least two of the sections, section equivalents, FSA farm serial numbers, or units established by written agreement making up the basic or optional units in paragraph (1) of this definition must each have planted acreage that constitutes at least the lesser of 20 acres or 20 percent of the insured crop acreage in the enterprise unit.

Premiums

AGENCY: Farm Credit System Insurance Corporation.

ACTION: Notice of effective date.

SUMMARY: The Farm Credit System Insurance Corporation (FCSIC) issued a direct final rule with opportunity for comment on April 15, 2009 (74 FR 17371) amending its premium regulations under 12 CFR part 1410 to reflect the amendments of the Farm Credit Act of 1971 that were made by the enactment of the Food, Conservation, and Energy Act of 2008. The purpose of the amended rule is to clarify the premium regulations and eliminate provisions of the premium regulations that are obsolete or inconsistent with the Farm Credit Act of 1971, as amended. The opportunity for comment expired on May 15, 2009. The FCSIC received no comments and therefore, the direct final rule becomes effective without change. In accordance with 12 U.S.C. 2252, the effective date

of the rule is 30 days from the date of publication in the **Federal Register** during which either or both Houses of Congress are in session. Based on the records of the sessions of Congress, the effective date of the regulations is June 9, 2009.

DATES: *Effective Date:* The regulation amending 12 CFR part 1410 published on April 15, 2009 (74 FR 17371) is effective June 9, 2009.

Standard Instrument Approach Procedures, and Takeoff Minimums and Obstacle Departure Procedures; Miscellaneous Amendments

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This establishes, amends, suspends, or revokes Standard Instrument Approach Procedures (SIAPs) and associated Takeoff Minimums and Obstacle Departure Procedures for operations at certain airports. These regulatory actions are needed because of the adoption of new or revised criteria, or because of changes occurring in the National Airspace System, such as the commissioning of new navigational facilities, adding new obstacles, or changing air traffic requirements. These changes are designed to provide safe and efficient use of the navigable airspace and to promote safe flight operations under instrument flight rules at the affected airports.

DATES: This rule is effective June 15, 2009. The compliance date for each SIAP, associated Takeoff Minimums, and ODP is specified in the amendatory provisions.

The incorporation by reference of certain publications listed in the regulations is approved by the Director
