

public review and comment in March 2008 and was the subject of a consultation with the CASAC on April 2 and 3, 2008. Comments received from that consultation were considered in developing the document titled "Risk and Exposure Assessment to Support the Review of the Secondary National Ambient Air Quality Standards for Oxides of Nitrogen and Oxides of Sulfur: First Draft," which was released for public review and comment in August 2008. This document was the subject of a CASAC review on October 1–2, 2008. Comments received from that review have been considered in developing the document titled, "Risk and Exposure Assessment to Support the Review of the Secondary National Ambient Air Quality Standards for Oxides of Nitrogen and Oxides of Sulfur: Second Draft," which is being released at this time.

The second draft risk and exposure assessment for the secondary NO_x/SO_x NAAQS review released at this time conveys the approach taken to assess ecological effects due to the deposition of ambient NO_x and SO_x, and present the results of these analyses. This draft document will be available online at: http://www.epa.gov/ttn/naaqs/standards/no2so2sec/cr_rea.html.

The EPA is soliciting advice and recommendations from the CASAC and public comments by means of a review of the draft document at an upcoming public meeting of the CASAC scheduled for July 22–23, 2009 in Research Triangle Park, NC. A separate **Federal Register** notice will provide additional details about this meeting and the process for participation. Following the CASAC meeting, EPA will consider comments received from the CASAC and the public in preparing a final risk and exposure assessment report.

Draft Toxicological Review of 1,4-Dioxane: In Support of the Summary Information in the Integrated Risk Information System (IRIS); Correction

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; correction.

SUMMARY: The EPA published a notice in the **Federal Register** of Tuesday, June 9, 2009 (74 FR, 27313–27315), announcing a listening session for the external review draft document titled, "Toxicological Review of 1,4-Dioxane: In Support of Summary Information on the Integrated Risk Information System (IRIS)" (EPA/635/R–09/005). The notice contained incorrect dates.

FOR FURTHER INFORMATION CONTACT: For information on the public listening session, please contact Christine Ross, IRIS Staff, National Center for Environmental Assessment (NCEA), (8601P), U.S. EPA, 1200 Pennsylvania Avenue, NW., Washington, DC 20460; telephone: 703–347–8592; facsimile: 703–347–8689; or e-mail: ross.christine@epa.gov.

Correction

In the **Federal Register** of June 9, 2009, in FR Doc. FRL–8914–2, on page 27314, in the second column, correct the Dates and Addresses captions to read:

DATES: The listening session on the draft IRIS health assessment for 1,4-dioxane will be held on Monday, July 6, 2009, beginning at 9 a.m. and ending at 4 p.m., Eastern Daylight Time. If you wish to make a presentation at the listening session, you should register by Monday, June 29, 2009, and indicate that you wish to make oral comments at the session, and indicate the length of your presentation. At the time of your registration, please indicate if you require audio-visual aid (e.g., lap top and slide projector). In general, each presentation should be no more than 30 minutes. If, however, there are more requests for presentations than the allotted time will allow, then the time limit for each presentation will be adjusted accordingly. A copy of the agenda for the listening session will be available at the meeting. If no speakers have registered by Monday, June 29, the listening session will be cancelled. EPA will notify those registered to attend of the cancellation.

ADDRESSES: The listening session on the draft 1,4-dioxane assessment will be held at the EPA offices at Two Potomac Yard (North Building), 7th Floor, Room 7100, 2733 South Crystal Drive, Arlington, Virginia 22202. To attend the listening session, register by Monday, June 29, 2009, via the Internet at <http://epa.versar.com/14dioxane/listening>. You may also register via e-mail: ssarraino@versar.com (subject line: 1,4-Dioxane Listening Session), by phone (703) 750–3000, ext. 316 or toll free at 1–800–2–VERSAR (1–800–283–7727), (ask for the 1,4-Dioxane listening

session coordinator, Stephanie Sarraino), or by faxing a registration request to (703) 642–6954 (please reference the "1,4-Dioxane Listening Session" and include your name, title, affiliation, full address and contact information).

Citric Acid; Antimicrobial Registration Review Final Work Plan and Proposed Registration Review Decision; Notice of Availability

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: This notice announces the availability of EPA's final work plan and proposed registration review decision for the pesticide citric acid and opens a public comment period on the proposed decision. Registration review is EPA's periodic review of pesticide registrations to ensure that each pesticide continues to satisfy the statutory standard for registration, that is, that the pesticide can perform its intended function without unreasonable adverse effects on human health or the environment. Through this program, EPA is ensuring that each pesticide's registration is based on current scientific and other knowledge, including its effects on human health and the environment.

DATES: Comments must be received on or before August 17, 2009.

ADDRESSES: Submit your comments, identified by docket identification (ID) number EPA–HQ–OPP–2008–0855, by one of the following methods:

- *Federal eRulemaking Portal:* <http://www.regulations.gov>. Follow the on-line instructions for submitting comments.

- *Mail:* Office of Pesticide Programs (OPP) Regulatory Public Docket (7502P), Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460–0001.

- *Delivery:* OPP Regulatory Public Docket (7502P), Environmental Protection Agency, Rm. S–4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. Deliveries are only accepted during the Docket Facility's normal hours of operation

(8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays). Special arrangements should be made for deliveries of boxed information. The Docket Facility telephone number is (703) 305-5805.

Instructions: Direct your comments to docket ID number EPA-HQ-OPP-2008-0855. EPA's policy is that all comments received will be included in the docket without change and may be made available on-line at <http://www.regulations.gov>, including any personal information provided, unless the comment includes information claimed to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Do not submit information that you consider to be CBI or otherwise protected through [regulations.gov](http://www.regulations.gov) or e-mail. The [regulations.gov](http://www.regulations.gov) website is an "anonymous access" system, which means EPA will not know your identity or contact information unless you provide it in the body of your comment. If you send an e-mail comment directly to EPA without going through [regulations.gov](http://www.regulations.gov), your e-mail address will be automatically captured and included as part of the comment that is placed in the docket and made available on the Internet. If you submit an electronic comment, EPA recommends that you include your name and other contact information in the body of your comment and with any disk or CD-ROM you submit. If EPA cannot read your comment due to technical difficulties and cannot contact you for clarification, EPA may not be able to consider your comment. Electronic files should avoid the use of special characters, any form of encryption, and be free of any defects or viruses.

Docket: All documents in the docket are listed in the docket index available at <http://www.regulations.gov>. Although listed in the index, some information is not publicly available, e.g., CBI or other information whose disclosure is restricted by statute. Certain other material, such as copyrighted material, is not placed on the Internet and will be publicly available only in hard copy form. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, at the OPP Regulatory Public Docket in Rm. S-4400, One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA. The hours of operation of this Docket Facility are from 8:30 a.m. to 4 p.m., Monday through Friday, excluding legal holidays. The Docket Facility telephone number is (703) 305-5805.

FOR FURTHER INFORMATION CONTACT: For pesticide-specific information, contact: Heather Garvie, Chemical Review Manager, Antimicrobials Division (7510P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave., NW., Washington, DC 20460-0001; telephone number: (703) 308-0034; fax number: (703) 305-5620; e-mail address: garvie.heather@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this Action Apply to Me?

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, farm worker, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the appropriate person listed under **FOR FURTHER INFORMATION CONTACT**.

B. What Should I Consider as I Prepare My Comments for EPA?

1. **Submitting CBI.** Do not submit this information to EPA through [regulations.gov](http://www.regulations.gov) or e-mail. Clearly mark the part or all of the information that you claim to be CBI. For CBI information in a disk or CD-ROM that you mail to EPA, mark the outside of the disk or CD-ROM as CBI and then identify electronically within the disk or CD-ROM the specific information that is claimed as CBI. In addition to one complete version of the comment that includes information claimed as CBI, a copy of the comment that does not contain the information claimed as CBI must be submitted for inclusion in the public docket. Information so marked will not be disclosed except in accordance with procedures set forth in 40 CFR part 2.

2. **Tips for preparing your comments.** When submitting comments, remember to:

- i. Identify the document by docket ID number and other identifying information (subject heading, **Federal Register** date and page number).
- ii. Follow directions. The Agency may ask you to respond to specific questions or organize comments by referencing a Code of Federal Regulations (CFR) part or section number.
- iii. Explain why you agree or disagree; suggest alternatives and substitute language for your requested changes.
- iv. Describe any assumptions and provide any technical information and/or data that you used.
- v. If you estimate potential costs or burdens, explain how you arrived at your estimate in sufficient detail to allow for it to be reproduced.
- vi. Provide specific examples to illustrate your concerns and suggest alternatives.
- vii. Explain your views as clearly as possible, avoiding the use of profanity or personal threats.
- viii. Make sure to submit your comments by the comment period deadline identified.

II. Background

A. What Action is the Agency Taking?

Pursuant to 40 CFR 155.58, this notice announces the availability of EPA's proposed registration review decision for the pesticide citric acid (Registration Review Case 4024) and opens a 60-day public comment period on the proposed decision. Citric acid is a food-contact and non-food contact antimicrobial pesticide used in many products for residential and public access premises (e.g., kitchen counter tops, bathroom shower stalls, toilets, utensils, kitchen cutting boards, diaper pails, changing tables, garbage cans, pet area, cafeterias, and doctor's offices) and as a disinfectant fruit and vegetable wash, sanitizer, virucide, and germicide. It is also an inert ingredient in other pesticide products. In addition, citric acid is characterized by low toxicity, is biodegradable, and is found extensively in nature.

The registration review docket for a pesticide includes earlier documents related to the registration review of the case. For example, the review opened with the posting of a summary document, containing a preliminary work plan, for public comment. Because no comments were received, and because the Agency required no further risk assessments to complete registration review of this case, the final work plan and proposed decision were combined into a single document.

The documents in the initial docket described the Agency's rationales for

not conducting additional risk assessments for the registration review of citric acid. This proposed registration review decision continues to be supported by those rationales included in documents in the initial docket. Following public comment, the Agency will issue a final registration review decision for products containing citric acid.

The registration review program is being conducted under congressionally mandated time frames, and EPA recognizes the need both to make timely decisions and to involve the public. Section 3(g) of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, required EPA to establish by regulation procedures for reviewing pesticide registrations, originally with a goal of reviewing each pesticide's registration every 15 years to ensure that a pesticide continues to meet the FIFRA standard for registration. The Agency's final rule to implement this program was issued in August 2006 and became effective in October 2006, and appears at 40 CFR part 155, subpart C. The Pesticide Registration Improvement Act of 2003 (PRIA) was amended and extended in September 2007. FIFRA, as amended by PRIA in 2007, requires EPA to complete registration review decisions by October 1, 2022, for all pesticides registered as of October 1, 2007.

The registration review final rule at 40 CFR 155.58(a) provides for a minimum 60-day public comment period on all proposed registration review decisions. This comment period is intended to provide an opportunity for public input and a mechanism for initiating any necessary amendments to the proposed decision. All comments should be submitted using the methods in **ADDRESSES**, and must be received by EPA on or before the closing date. These comments will become part of the docket for citric acid. Comments received after the close of the comment period will be marked "late." EPA is not required to consider these late comments.

The Agency will carefully consider all comments received by the closing date and will provide a "Response to Comments Memorandum" in the docket and regulations.gov. The final registration review decision will explain the effect that any comments had on the decision and provide the Agency's response to significant comments.

Background on the registration review program is provided at: http://www.epa.gov/oppsrrd1/registration_review. Links to earlier documents related to the registration review of citric acid are provided at:

http://www.epa.gov/oppsrrd1/registration_review/citric_acid/index.htm.

B. What is the Agency's Authority for Taking this Action?

Section 3(g) of FIFRA and 40 CFR part 155, subpart C, provide authority for this action.
