

adding a meeting to the schedule. The additional meeting will be held on June 30, 2009, in Omaha, NE.

Our goal is to gather feedback and input from a wide range of stakeholders to assist us in making an informed decision regarding both the future of the NAIS and the objectives and direction for animal identification and traceability. We would particularly welcome feedback on the following topics:

- *Cost.* What are your concerns about the cost of the NAIS? What steps would you suggest APHIS use to address cost?

- *Impact on small farmers.* What are your concerns about the effect of the NAIS on small farmers? What approaches would you suggest APHIS take to address the potential impact on small farmers?

- *Privacy and confidentiality.* What are your concerns regarding how the NAIS will affect your operation's privacy and/or the confidentiality of your operation? What steps or tactics would you suggest APHIS use to address privacy and confidentiality issues?

- *Liability.* What are your concerns about your operation's liability under the NAIS? What would you suggest APHIS consider to address liability concerns?

- *Premises registration.* Do you have any suggestions on how to make premises registration, or the identification of farm or ranch locations, easier for stakeholders? How should we address your concerns regarding premises registration?

- *Animal identification.* Do you have any suggestions on how to make animal identification practical and useful to stakeholders while simultaneously meeting the needs of animal health officials who must conduct disease tracebacks?

- *Animal tracing.* Do you have any suggestions on how to make the animal tracing component practical, in particular the reporting of animal movements to other premises, while meeting the needs of animal health officials who must conduct disease tracebacks?
