Federal Register

Vol. 74, No. 118

Monday, June 22, 2009

This section of the FEDERAL REGISTER contains notices to the public of the proposed issuance of rules and regulations. The purpose of these notices is to give interested persons an opportunity to participate in the rule making prior to the adoption of the final rules.

DEPARTMENT OF THE TREASURY

Alcohol and Tobacco Tax and Trade Bureau

27 CFR Parts 40, 41, 44, and 45

[Docket No. TTB-2009-0002; Notice No. 95; Re: T.D. TTB-78]

RIN 1513-AB72

Implementation of Statutory Amendments Requiring the Qualification of Manufacturers and Importers of Processed Tobacco and Other Amendments Related to Permit Requirements, and the Expanded Definition of Roll-Your-Own Tobacco

AGENCY: Alcohol and Tobacco Tax and Trade Bureau, Treasury.

ACTION: Notice of proposed rulemaking; cross-reference to temporary rule.

SUMMARY: Elsewhere in this issue of the **Federal Register**, the Alcohol and Tobacco Tax and Trade Bureau is issuing a temporary rule to implement certain changes made to the Internal Revenue Code of 1986 by the Children's Health Insurance Program Reauthorization Act of 2009. The principal changes involve permit and related requirements for manufacturers and importers of processed tobacco and an expansion of the definition of roll-your-own tobacco. The text of the regulations in the temporary rule published in the Rules and Regulations section of this issue of the **Federal Register** serves as the text of the proposed regulations.

DATES: Comments must be received on or before August 21, 2009.

ADDRESSES: You may send comments on this notice to one of the following addresses:

SUPPLEMENTARY INFORMATION:

Background

In the Rules and Regulations section of this issue of the **Federal Register**, we are publishing a temporary rule setting forth regulatory amendments to implement certain provisions of the Children's Health Insurance Program Reauthorization Act of 2009 (CHIPRA) (Pub. L. 111-3, 123 Stat. 8). The principal changes made by CHIPRA that are the basis for the regulatory amendments contained in this document involve permit and related requirements for manufacturers and importers of processed tobacco and an expansion of the definition of roll-your-own tobacco.

The temporary regulations published elsewhere in this issue of the **Federal Register** involve amendments to parts 40, 41, 44, and 45 of the TTB regulations (27 CFR parts 40, 41, 44, and 45). The text of the temporary regulations serves as the text of these proposed

regulations. The preamble to the temporary regulations explains the proposed regulations.

[DOD-2009-HA-0051]

RIN 0720-AB31

TRICARE; Coverage of National Cancer Institute (NCI) Sponsored Phase I Studies

AGENCY: Office of the Secretary, DoD.

ACTION: Proposed rule.

SUMMARY: This proposed rule adds coverage of National Cancer Institute (NCI) sponsored Phase I studies for certain beneficiaries. The NCI sponsored clinical treatment trials are conducted in a series of steps called phases. Phase I trials are the first studies conducted in people. They evaluate how a new drug should be given (by mouth, injected into the blood, or injected into the muscle), how often, and what dose is safe.

DATES: Written comments received at the address indicated below by August 21, 2009 will be accepted.

ADDRESSES: You may submit comments, identified by docket number and/or Regulatory Information Number (RIN) number and title, by either of the following methods:

- *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.
- *Mail:* Federal Docket Management System Office, 1160 Defense Pentagon, Washington, DC 20301-1160.

Instructions: All submissions received must include the agency name and docket number or RIN for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT:
Colonel John Kugler, TRICARE
Management Activity, Office of the
Chief Medical Officer, telephone (703)

SUPPLEMENTARY INFORMATION: This proposed rule adds the coverage of a subset of National Cancer Institute (NCI) sponsored Phase I trials for certain TRICARE patients. The NCI sponsored clinical treatment trials are conducted in a series of steps called phases. Phase I trials are the first studies conducted in people. They evaluate how a new drug should be given (by mouth, injected into the blood, or injected into the muscle), how often, and what dose is safe. A Phase I trial usually enrolls only a small number of patients, sometimes as few as a dozen. A Phase II trial continues to test the safety of the drug, and begins to evaluate how well the new drug works. Phase II studies usually focus on a particular type of cancer. A Phase III trial tests a new drug, a new combination of drugs, or a new surgical procedure in comparison to the current standard. A participant will usually be assigned to the standard group or the new group at random. Phase III trials often enroll large numbers of people and may be conducted at many doctors' offices, clinics, and cancer centers nationwide.

This proposed rule adds coverage only of NCI sponsored Phase I trials with clinical or preclinical data providing a reasonable expectation that the treatment will be at least as effective as the non-investigational alternative. Additionally, only those TRICARE patients for whom standard treatment has been or would be ineffective, does not exist, or there is no superior non-investigational treatment alternative, would be eligible for these additional trials. TRICARE has covered NCI sponsored Phase II and III trials since 1996. The NCI estimates that Phase I trial participants represent about 3.4 percent of overall Phase II and III participants combined. Based on the history of DoD participation in these studies, it is estimated that there would be a maximum of one thousand new patients annually enrolling in Phase I trials. It is estimated that the net cost to TRICARE of adding Phase I treatment trials will increase costs by 12.8 percent of the total gross costs (approximately \$150,000 in FY09). Currently ten states mandate coverage of at least some Phase I trials.

Regulatory Procedures

Executive Order 12866, "Regulatory Planning and Review"

Section 801 of title 5, United States Code (U.S.C.), and Executive Order (E.O.) 12866 requires certain regulatory assessments and procedures for any major rule or significant regulatory action, defined as one that would result

in an annual effect of \$100 million or more on the national economy or which would have other substantial impacts. It has been certified that this rule is not an economically significant rule, however, it is a regulatory action which has been reviewed by the Office of Management and Budget as required under the provisions of E.O. 12866.

Sec. 202, Public Law 104-4, "Unfunded Mandates Reform Act"

It has been certified that this rule does not contain a Federal mandate that may result in the expenditure by State, local and tribal governments, in aggregate, or by the private sector, of \$100 million or more in any one year.

Public Law 96-354, "Regulatory Flexibility Act" (5 U.S.C. 601)

The Regulatory Flexibility Act (RFA) requires each Federal agency prepare, and make available for public comment, a regulatory flexibility analysis when the agency issues a regulation which would have a significant impact on a substantial number of small entities. This proposed rule will not significantly affect a substantial number of small entities for purposes of the RFA.

Public Law 96-511, "Paperwork Reduction Act" (44 U.S.C. Chapter 35)

This rule will not impose additional information collection requirements on the public under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501-3511).

Executive Order 13132, "Federalism"

This proposed rule has been examined for its impact under E.O. 13132 and it does not contain policies that have federalism implications that would have substantial direct effects on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government; therefore, consultation with State and local officials is not required.
