Title: National Survey of Child and
Adolescent Well-Being Second Cohort
(NSCAW II).

OMB No.: 0970-0202.

Description: The Department of
Health and Human Services (HHS)
intends to collect follow-up data on a
sample of children and families for the
National Survey of Child and
Adolescent Well-Being (NSCAW). The
NSCAW was authorized under Section
427 of the Personal Responsibility and
Work Opportunities Reconciliation Act
of 1996. The NSCAW is the only source
of nationally representative, firsthand
information about the functioning and
well-being, service needs, and service
utilization of children and families who
come to the attention of the child

welfare system. Information is collected
about children's cognitive, social,
emotional, behavioral, and adaptive
functioning, as well as family and
community factors that are likely to
influence their functioning. Family
service needs and service utilization
also are addressed in the data collection.

Selection of the current NSCAW
sample and baseline data collection
began in 2007 with a final anticipated
sample size of 5,700 children. The
proposed data collection will allow for
follow-up of this sample 18 months
post-baseline, and will follow the same
format as that used in the baseline
round and will employ, with only
modest revisions, the same instruments
that were used in the previous round.
Data from NSCAW are made available to
the research community through
licensing arrangements from the
National Data Archive on Child Abuse
and Neglect at Cornell University.

Respondents: Children and their
associated permanent or foster
caregivers, caseworkers, and teachers.

ANNUAL BURDEN ESTIMATES

Instrument	Number of respondents	Number of responses per respondent	Average burden hours per response	Total burden hours
Child Interview	1,424	1	1.33	1,894
Caregiver Interview	1,424	1	1.9	2,706
Caseworker Interview	285	3	1	855
Teacher Questionnaire	855	1	.50	428

*Estimated Total Annual Burden
Hours:* 5,882.

Additional Information: Copies of the
proposed collection may be obtained by
writing to the Administration for
Children and Families, Office of
Planning, Research and Evaluation, 370
L'Enfant Promenade, SW., Washington,
DC 20447, Attn: OPRE Reports
Clearance Officer. All requests should
be identified by the title of the
information collection. E-mail address:
OPREinfocollectiori@acf.hhs.gov.

OMB Comment: OMB is required to
make a decision concerning the
collection of information between 30
and 60 days after publication of this
document in the **Federal Register**.
Therefore, a comment is best assured of
having its full effect if OMB receives it
within 30 days of publication. Written
comments and recommendations for the
proposed information collection should
be sent directly to the following:

Office of Management and Budget
Paperwork Reduction Project, Fax: 202-
395-6974, Attn: Desk Officer for the
Administration for Children and
Families.

Dated: June 17, 2009.

Seth F. Chamberlain,

OPRE Reports Clearance Officer.

Activity; Comment Request**

Title: Cross-Site Evaluation of the
Children's Bureau Grantee.

Cluster: Supporting Evidence-Based
Home Visiting Programs to Prevent
Child Maltreatment (EBHV).

OMB No.: New Collection.

Description: The Administration for
Children and Families (ACF), U.S.
Department of Health and Human
Services (HHS), is proposing this cross-
site evaluation data collection activity to
identify successful strategies for
adopting, implementing, and sustaining
high-quality home visitation programs

to prevent child maltreatment. An
evaluation study will address four
domains: (1) Systems change to develop
infrastructure, (2) fidelity to home
visiting models, (3) costs, and (4) family
and child outcomes (via a review of
grantee analysis reports). A process
study will focus on the broader grant
initiative to understand how programs
plan and develop the infrastructure
needed to support home visitation
services and how programs ensure
service quality.

Information will be collected through
biennial site visits, semi-annual
progress reports, and monthly entries
into a web-based data system. Site visits
will include interviews with key grantee
staff and stakeholders involved in the
execution of the grant and in the efforts
to make system changes. Progress report
cross-site evaluation data will capture
the costs of home visiting and provide
additional information on systems
change. Web-based data entry will
include EBHV program and participant
characteristics along with systems
change updates on goals and operations
every six months. Additionally, cross-
