II. Contractor Requirements

Under these contract numbers, the contractor will perform the following: Under Contract Nos. EP07H00213 and EP-W-07-025, Industrial Economics, Incorporated (IEc) will access FIFRA/CBI data in the preparation of financial analyses of the firms that are the subject of EPA enforcement actions taken under FIFRA. In the course of these enforcement actions, IEC may need to review such documents as a violator's tax returns, financial statements, sales data, bank statements, recent load applications, W-2 Forms, etc. The contractor needs this information in order to determine what the violator can afford vis a vis compliance cost, clean-up cost and civil penalties. IEC may also be reviewing this information in regards to determining how much money and economic benefit, the violators obtained by violating the law. For example, if the violations involved the illegal sale of an unregistered pesticide, EPA's policy is to determine the size of the violator's

economic benefit and make that benefit plus a nontrivial gravity component the minimum civil penalty.

These contracts involve no subcontractors.

The OPP has determined that the contracts described in this document involve work that is being conducted in connection with FIFRA, in that pesticide chemicals will be the subject of certain evaluations to be made under this contract. These evaluations may be used in subsequent regulatory decisions under FIFRA.

Some of this information may be entitled to confidential treatment. The information has been submitted to EPA under sections 3, 4, 6, and 7 of FIFRA and under sections 408 and 409 of FFDCA.

In addition, Industrial Economics, Incorporated is required to submit for EPA approval a security plan under which any CBI will be secured and protected against unauthorized release or compromise.
