SUPPLEMENTARY INFORMATION:

I. What Information is EPA Particularly Interested in?

Pursuant to section 3506(c)(2)(A) of PRA, EPA specifically solicits comments and information to enable it to:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility.
2. Evaluate the accuracy of the Agency's estimates of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
3. Enhance the quality, utility, and clarity of the information to be collected.
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses. In particular, EPA is requesting comments from very small businesses (those that employ less than 25) on examples of specific additional efforts that EPA could make to reduce the paperwork burden for very small businesses affected by this collection.

II. What Should I Consider when I Prepare My Comments for EPA?

You may find the following suggestions helpful for preparing your comments:

1. Explain your views as clearly as possible and provide specific examples.
2. Describe any assumptions that you used.

3. Provide copies of any technical information and/or data you used that support your views.

4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.

5. Provide specific examples to illustrate your concerns.

6. Offer alternative ways to improve the collection activity.

7. Make sure to submit your comments by the deadline identified under **DATES**.

8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

III. What Information Collection Activity or ICR Does this Action Apply to?

Affected entities: Entities potentially affected by this ICR are pesticide and other agricultural chemical manufacturing under the North American Industrial Classification System (NAICS) code 325320.

Title: Notice of Supplemental Distribution of a Registered Pesticide Product.

ICR numbers: EPA ICR No. 0278.10, OMB Control No. 2070-0044.

ICR status: This ICR is currently scheduled to expire on March 31, 2010. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This information collection activity provides EPA with notification of supplemental registration of distributors of pesticide products. EPA is responsible for the regulation of pesticides as mandated by the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. Section 3(e) of FIFRA (see 7 U.S.C. 136a(e)), allows pesticide registrants to distribute or sell a registered pesticide product under a different name instead of or in addition to his own. Such distribution and sale is termed "supplemental distribution" and the product is termed a "distributor product." EPA requires the pesticide registrant to submit a supplemental

statement (EPA Form 8570-5, Notice of Supplemental Distribution of a Registered Pesticide Product) when the registrant has entered into an agreement with a second company that will distribute the registrant's product under the second company's name and product name.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 0.24 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 1,900.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 456 hours.

Estimated total annual costs: \$37,050.

IV. Are There Changes in the Estimates from the Last Approval?

There is a decrease of 139 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease is an adjustment reflecting EPA's expectation that only 1,900 Notices of Registration of Supplemental Distribution will be submitted to the Agency annually over the next three years.

V. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the

opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.
