

3. Provide copies of any technical information and/or data you used that support your views.

4. If you estimate potential burden or costs, explain how you arrived at the estimate that you provide.

5. Provide specific examples to illustrate your concerns.

6. Offer alternative ways to improve the collection activity.

7. Make sure to submit your comments by the deadline identified under **DATES**.

8. To ensure proper receipt by EPA, be sure to identify the docket ID number assigned to this action in the subject line on the first page of your response. You may also provide the name, date, and **Federal Register** citation.

III. What Information Collection Activity or ICR Does this Action Apply to?

Affected entities: Entities potentially affected by this ICR are pesticide and other agricultural chemical manufacturing under the North American Industrial Classification System (NAICS) code 325320.

Title: Notice of Supplemental Distribution of a Registered Pesticide Product.

ICR numbers: EPA ICR No. 0278.10, OMB Control No. 2070-0044.

ICR status: This ICR is currently scheduled to expire on March 31, 2010. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the Code of Federal Regulations (CFR), after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers for certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: This information collection activity provides EPA with notification of supplemental registration of distributors of pesticide products. EPA is responsible for the regulation of pesticides as mandated by the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended. Section 3(e) of FIFRA (see 7 U.S.C. 136a(e)), allows pesticide registrants to distribute or sell a registered pesticide product under a different name instead of or in addition to his own. Such distribution and sale is termed "supplemental distribution" and the product is termed a "distributor product." EPA requires the pesticide registrant to submit a supplemental

statement (EPA Form 8570-5, Notice of Supplemental Distribution of a Registered Pesticide Product) when the registrant has entered into an agreement with a second company that will distribute the registrant's product under the second company's name and product name.

Burden statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average 0.24 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

The ICR provides a detailed explanation of this estimate, which is only briefly summarized here:

Estimated total number of potential respondents: 1,900.

Frequency of response: On occasion.

Estimated total average number of responses for each respondent: 1.

Estimated total annual burden hours: 456 hours.

Estimated total annual costs: \$37,050.

IV. Are There Changes in the Estimates from the Last Approval?

There is a decrease of 139 hours in the total estimated respondent burden compared with that identified in the ICR currently approved by OMB. This decrease is an adjustment reflecting EPA's expectation that only 1,900 Notices of Registration of Supplemental Distribution will be submitted to the Agency annually over the next three years.

V. What is the Next Step in the Process for this ICR?

EPA will consider the comments received and amend the ICR as appropriate. The final ICR package will then be submitted to OMB for review and approval pursuant to 5 CFR 1320.12. EPA will issue another **Federal Register** notice pursuant to 5 CFR 1320.5(a)(1)(iv) to announce the submission of the ICR to OMB and the

opportunity to submit additional comments to OMB. If you have any questions about this ICR or the approval process, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

SUPPLEMENTARY INFORMATION: EPA has submitted the following ICR to OMB for review and approval according to the procedures prescribed in 5 CFR 1320.12. On February 5, 2009 (74 FR 6152), EPA sought comments on this ICR pursuant to 5 CFR 1320.8(d). EPA received no comments. Any additional comments on this ICR should be submitted to EPA and OMB within 30 days of this notice.

EPA has established a public docket for this ICR under Docket ID No. EPA-HQ-RCRA-2008-0913, which is available for online viewing at <http://www.regulations.gov>, or in person viewing at the Resource Conservation and Recovery Act (RCRA) Docket in the EPA Docket Center (EPA/DC), EPA West, Room 3334, 1301 Constitution Ave., NW., Washington, DC. The EPA/DC Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Reading Room is (202) 566-1744, and the telephone number for the RCRA Docket is (202) 566-0270.

Use EPA's electronic docket and comment system at <http://www.regulations.gov>, to submit or view public comments, access the index listing of the contents of the docket, and to access those documents in the docket that are available electronically. Once in the system, select "docket search," then key in the docket ID number identified above. Please note that EPA's policy is that public comments, whether submitted electronically or in paper, will be made available for public viewing at <http://www.regulations.gov> as EPA receives them and without change, unless the comment contains copyrighted material, confidential business information (CBI), or other information whose public disclosure is restricted by statute. For further information about the electronic docket, go to <http://www.regulations.gov>.

Title: General Hazardous Waste Facility Standards (Renewal).

ICR numbers: EPA ICR No. 1571.09, OMB Control No. 2050-0120.

ICR Status: This ICR is scheduled to expire on June 30, 2009. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's

regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: Section 3004 of the Resource Conservation and Recovery Act (RCRA), as amended, requires that the U.S. Environmental Protection Agency (EPA) develop standards for hazardous waste treatment, storage, and disposal facilities (TSDFs) as may be necessary to protect human health and the environment. Subsections 3004(a)(1), (3), (4), (5), and (6) specify that these standards include, but not be limited to, the following requirements:

- Maintaining records of all hazardous wastes identified or listed under subtitle C that are treated, stored, or disposed of, and the manner in which such wastes were treated, stored, or disposed of;
- Operating methods, techniques, and practices for treatment, storage, or disposal of hazardous waste;
- Location, design, and construction of such hazardous waste treatment, disposal, or storage facilities;
- Contingency plans for effective action to minimize unanticipated damage from any treatment, storage, or disposal of any such hazardous waste; and
- Maintaining or operating such facilities and requiring such additional qualifications as to ownership, continuity of operation, training for personnel, and financial responsibility as may be necessary or desirable.

The regulations implementing these requirements are codified in 40 CFR parts 264 and 265. The collection of this information enables EPA to properly determine whether owners/operators or hazardous waste treatment, storage, and disposal facilities meet the requirements of section 3004(a) of RCRA.

Burden Statement: The annual public reporting burden for this collection of information is estimated to average 324 hours per respondent, and the annual public recordkeeping burden for this collection of information is estimated to average 88 hours per respondent. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying

information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Entities potentially affected by this action are business and other for-profit, as well as State, Local, and Tribal governments.

Estimated Number of Respondents: 1,403.

Frequency of Response: On occasion.

Estimated Total Annual Hour Burden: 578,381.

Estimated Total Annual Cost: \$38,057,653 including \$37,384,641 annualized labor costs and \$673,012 annualized capital or operation & maintenance costs.

Changes in the Estimates: There is a decrease of 73,931 hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens. This reduction is due to an estimated decrease in the respondent universe of 128.

Dated: June 18, 2009.

John Moses,

Director, Collection Strategies Division.

EPA Launches NetDMR

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice.

SUMMARY: Clean Water Act Discharge Monitoring Reports (DMRs) represent the highest volume of information collection undertaken by the Environmental Protection Agency (EPA). EPA Regions and select States, Tribes, and Territories will have a new tool available to assist their regulated National Pollutant Discharge Elimination System (NPDES) facilities in reporting DMRs beginning June 22, 2009. Additional States, Tribes, and Territories may adopt Network Discharge Monitoring Report (NetDMR) and enable their regulated NPDES facilities to begin utilizing the electronic reporting tool. NetDMR provides an
