

Complaints submitted to the USPTO must identify the name and address of the complainant and the invention promoter or promotion firm, explain the basis for the complaint, and include the signature of the complainant. The identifying information is necessary so that the USPTO can forward the complaint to the invention promoter or promotion firm and also notify the complainant that the complaint has been forwarded. Complainants should understand that the complaints will be forwarded to the invention promoter for response and that the complaint and response will be made available to the public as required by the Inventors' Rights Act. If the USPTO does not receive a response from the invention promoter, the complaint will still be published without the response. The USPTO does not accept complaints under this program if the complainant requests confidentiality.

This information collection includes one form, Complaint Regarding Invention Promoter (PTO/SB/2048), which is used by the public to submit a complaint under this program. This

form is available for download from the USPTO Web site. Use of this form is not mandatory as long as the complaint includes the necessary information and is clearly marked as a complaint filed under the Inventors' Rights Act. There is no associated form for submitting responses to the complaints.

II. Method of Collection

By mail, facsimile, or hand delivery to the USPTO.

III. Data

OMB Number: 0651-0044.

Form Number(s): PTO/SB/2048.

Type of Review: Revision of a currently approved collection.

Affected Public: Individuals or households; businesses or other for-profits; and not-for-profit institutions.

Estimated Number of Respondents: 100 responses per year.

Estimated Time per Response: The USPTO estimates that it will take the public approximately 15 minutes (0.25 hours) to gather the necessary information, prepare the form, and submit a complaint to the USPTO and approximately 30 minutes (0.5 hours)

for an invention promoter or promotion firm to prepare and submit a response to a complaint.

Estimated Total Annual Respondent Burden Hours: 38 hours per year.

Estimated Total Annual Respondent Cost Burden: \$5,970 per year. The USPTO expects that complaints will be prepared by paraprofessionals or independent inventors. Using the average of the paraprofessional rate of \$100 per hour and the estimated rate of \$30 per hour for independent inventors, the USPTO estimates that the average rate for preparing the complaints will be approximately \$65 per hour. The USPTO expects that the responses to the complaints will be prepared by attorneys or invention promoters. Using the average of the professional rate of \$310 per hour for attorneys in private firms and the estimated rate of \$100 per hour for invention promoters, the USPTO estimates that the average rate for preparing the responses to the complaints will be approximately \$205 per hour. Therefore, the respondent cost burden for this collection is estimated to be \$5,970 per year.

Item	Estimated time for response (minutes)	Estimated annual responses	Estimated annual burden hours
Complaint Regarding Invention Promoter (PTO/SB/2048)	15	50	13
Responses to the Complaints	30	50	25
Totals		100	38

Estimated Total Annual Non-hour Respondent Cost Burden: \$897. There are no capital start-up costs, maintenance costs, recordkeeping costs, or filing fees associated with this information collection. However, the public may incur postage costs when submitting a complaint or a response to a complaint by mail to the USPTO. The USPTO estimates that the first-class postage cost for a mailed complaint will be 44 cents. Promotion firms may choose to send responses to complaints using overnight mail service at an estimated cost of \$17.50 per response. Therefore, the total annual (non-hour) respondent cost burden for this collection in the form of postage costs is estimated to be \$897 per year.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have

practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, e.g., the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized or included in the request for OMB approval of this information collection; they also will become a matter of public record.

The Co-Directors of the Joint Hydrographic Center and two other employees of the National Oceanic and Atmospheric Administration serve as nonvoting members of the Panel. The

Director, Office of Coast Survey, serves as the Designated Federal Official (DFO). This solicitation is to obtain candidate applications for one current voting vacancy on the Panel, and for five voting members whose terms expire January 1, 2010, and candidates for voting members who might resign at any time during 2009. Any individual appointed to a partial or full term may be reappointed for one additional full term. A voting member may serve until his or her successor has taken office. The Panel selects one voting member to serve as the Chair and another to serve as the Vice Chair. The Vice Chair acts as Chair in the absence or incapacity of the Chair but will not automatically become the Chair if the Chair resigns. Meetings occur at least twice a year, and at the call of the Chair or upon the request of a majority of the voting members or of the Under Secretary. Voting members receive compensation at a rate established by the Under Secretary, not to exceed the maximum daily rate payable under section 5376 of title 5, United States Code, when engaged in performing duties for the Panel. Members are reimbursed for actual and reasonable expenses incurred in performing such duties.
