

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A)⁶ of the Act and subparagraph (f)(6) of Rule 19b-4 thereunder.⁷

A proposed rule change filed under Rule 19b-4(f)(6)⁸ normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii)⁹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that the proposed rule change is consistent with the protection of investors and the public interest in that it would provide the ability to continue trading products on the Exchange that are traded or available on other option exchanges.

The Commission believes waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the Penny Pilot Program to

continue without interruption through October 31, 2009.¹⁰ Accordingly, the Commission designates the proposed rule change operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; NASDAQ OMX PHLX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Extension of the Penny Pilot Program

July 1, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 26, 2009, NASDAQ OMX PHLX, Inc. ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to continue to permit specified options series to be quoted and traded in increments of \$0.01 by extending the pilot through October 31, 2009.

The pilot began on January 26, 2007.³ All series in options included in the pilot ("pilot options") trading at a price of less than \$3.00 are currently quoted and traded in minimum increments of \$0.01, and pilot options with a price of \$3.00 or higher are currently quoted and traded in minimum increments of \$0.05, except that options overlying the PowerShares QQQQ Trust ("QQQQ") are quoted and traded in minimum increments of \$0.01 for all series regardless of the price. A list of all pilot options was communicated to membership via Exchange circular.⁴

Report to the Commission

Throughout the pilot, the Exchange has prepared and submitted periodic analytical reports ("reports") to the Commission that address the impact of the pilot on the quality of the Exchange's markets and option quote traffic and capacity. The Exchange will submit another such report not later

³ See Securities Exchange Act Release No. 55153 (January 23, 2007), 72 FR 4553 (January 31, 2007) (SR-Phlx-2006-74). In that filing, the Exchange also made conforming amendments to various Exchange rules in order to be consistent with the pilot. These conforming changes were also approved on a pilot basis. The pilot was subsequently extended through July 3, 2009. See Securities Exchange Act Release No. 59631 (March 26, 2009), 74 FR 15022 (April 2, 2009) (SR-Phlx-2009-25).

⁴ Any additions to or deletions from the list will be published in an Options Trader Alert, which will be available on the Exchange's Web site.

than the last business day of August, 2009, covering the period from May 1, 2009 through July 31, 2009, and will submit further reports as requested by the Commission as the pilot continues. The Exchange will amend its rules accordingly.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by ensuring the orderly continuity of the pilot.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A)⁷ of the Act and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to provide the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

A proposed rule change filed under Rule 19b-4(f)(6)⁹ normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii)¹⁰ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing to ensure continuity of the pilot, which is scheduled to expire July 3, 2009.

The Commission believes waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the pilot to continue without interruption through October 31, 2009.¹¹ Accordingly, the Commission designates the proposed rule change operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-60233; File No. SR-ISE-2009-44]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Order Granting Accelerated Approval to a Proposed Rule Change Relating to the Amounts That Direct Edge ECN, in Its Capacity as an Introducing Broker for Non-ISE Members, Passes Through to Such Non-ISE Members

July 2, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 30, 2009, the International Securities Exchange, LLC (the "Exchange" or "ISE") filed with the Securities and

Exchange Commission ("Commission") a proposed rule change as described in Items I and II below, which Items have been prepared by ISE. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons, and is approving the proposal on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to modify the amounts that Direct Edge ECN ("DECN"), in its capacity as an introducing broker for non-ISE Members, passes through to such non-ISE Members.

The text of the proposed rule change is available on the Exchange's Internet Web site at <http://www.ise.com> and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

DECN, a facility of ISE, operates two trading platforms, EDGX and EDGA. On June 30, 2009, the ISE filed for immediate effectiveness a proposed rule change to amend DECN's fee schedule for ISE Members³ to: (1) Reinstate the Super Tier Rebates that apply to ISE Members whose transactions meet certain volume thresholds;⁴ (2) adopt

³ References to ISE Members in this filing refer to DECN Subscribers who are ISE Members.

⁴ In SR-ISE-2009-43, the Exchange amended the DECNs' fee schedule to include a per share rebate in securities reported to Tape A and Tape C of \$0.003 for securities priced at or above \$1.00 when ISE Members add liquidity on EDGX if the ISE Member satisfies any of the following three criteria on a daily basis, measured monthly: (i) Adding 40,000,000 shares or more on either EDGX, EDGA or EDGX and EDGA combined; (ii) adding 20,000,000 shares or more on either EDGX, EDGA or EDGX and EDGA combined and routing 20,000,000 shares or more through EDGA; or (iii)

new Ultra Tier Rebates that apply to ISE Members whose transactions meet certain other volume thresholds;⁵ (3) adopt a new fee of \$0.0015 per share for securities priced at or above \$1.00 any time the ROUQ or ROUC routing strategy is used on either EDGX or EDGA and this routing strategy results in an execution by an Enhanced Liquidity Provider;⁶ and (4) make certain other clean-up changes.⁷ The fee changes made pursuant to SR-ISE-2009-43 became operative on July 1, 2009.

In its capacity as a member of ISE, DECN currently serves as an introducing broker for the non-ISE Member subscribers of DECN to access EDGX and EDGA. DECN, as an ISE Member and introducing broker, receives rebates and is assessed charges from DECN for transactions it executes on EDGX or EDGA in its capacity as introducing broker for non-ISE Members. Since the amounts of such rebates and charges were changed pursuant to SR-ISE-2009-43, DECN wishes to make corresponding changes to the amounts it passes through to non-ISE Member subscribers of DECN for which it acts as introducing broker. As a result, the per share amounts that non-ISE Member subscribers receive and are charged will be the same as the amounts that ISE Members receive and are charged.

ISE is seeking accelerated approval of this proposed rule change, as well as a retroactive effective date of July 1, 2009. ISE represents that this proposal will ensure that both ISE Members and non-ISE Members (by virtue of the pass-through described above) will in effect receive and be charged equivalent amounts and that the imposition of such

adding 10,000,000 shares or more of liquidity to EDGX, so long as added liquidity on EDGX is at least 5,000,000 shares greater than the previous calendar month.

⁵ In SR-ISE-2009-43, the Exchange adopted Ultra Tier Rebates that provide ISE Members a \$0.0032 rebate per share for securities priced at or above \$1.00 when ISE Members add liquidity on EDGX if the attributed MPID satisfies one of the following criteria on a daily basis, measured monthly: (i) Adding 100,000,000 shares or more on EDGX; or (ii) adding 50,000,000 shares or more of liquidity to EDGX, so long as added liquidity on EDGX is at least 20,000,000 shares greater than the previous calendar month. The liquidity required to qualify for criteria (i) above shall be adjusted in the event that Total Consolidated Volume ("TCV"), defined as volume reported by all exchanges and trade reporting facilities to the consolidated transaction reporting plans for Tape A, B and C securities, falls below an average of 10,000,000,000 shares per day ("Target TCV") in the relevant calendar month. In such circumstances, the adjusted amount of liquidity required to qualify under criteria (i) above shall be the percentage that actual reported TCV represents of Target TCV, multiplied by 100,000,000.
