

that is routed away from the Exchange through CYCLE or RECYCLE.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder that are applicable to a national securities exchange, and, in particular, with the requirements of Section 6 of the Act.⁵ Specifically, the Exchange believes that the proposed rule change is consistent with Section 6(b)(4) of the Act,⁶ in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and other persons using any facility or system which the Exchange operates or controls. The Exchange notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive. Finally, the Exchange believes that the proposed rates are equitable in that they apply uniformly to all Members.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change imposes any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

No written comments were solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing proposed rule change has been designated as a fee change pursuant to Section 19(b)(3)(A)(ii) of the Act⁷ and Rule 19b-4(f)(2) thereunder,⁸ because it establishes or changes a due, fee or other charge imposed on members by the Exchange. Accordingly, the proposal is effective upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

Self-Regulatory Organizations; NASDAQ OMX BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Penny Pilot Program on the Boston Options Exchange Facility

July 1, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 25, 2009, NASDAQ OMX BX, Inc. (the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Exchange filed the proposed rule change pursuant to Section 19(b)(3)(A) of the Act,³ and Rule 19b-4(f)(6) thereunder,⁴ which renders the proposal effective upon filing with the Commission. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Chapter V, Section 33 (Penny Pilot Program) of the Rules of the Boston Options Exchange Group, LLC ("BOX") to extend, through October 31, 2009, the pilot program that permits certain classes to be quoted in penny increments on BOX ("Penny Pilot Program"). II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed rule change seeks to extend the effective date of the Penny Pilot Program on BOX for approximately four additional months, through October 31, 2009.⁵ The Penny Pilot Program permits certain classes to be quoted in penny increments on BOX. The minimum price variation for all classes included in the Penny Pilot Program, except for the QQQs, will continue to be \$0.01 for all quotations in option series that are quoted at less than \$3 per contract and \$0.05 for all quotations in option series that are quoted at \$3 per contract or greater. The QQQs will continue to be quoted in \$0.01 increments for all options series. The Exchange is not currently proposing any changes to the classes included within the Penny Pilot Program.

BOX will deliver a report ("Penny Pilot Report") to the Commission which will be composed of data from approximately three months of trading, from May 1, 2009 through July 31, 2009. This Penny Pilot Report will be

⁵ The Penny Pilot Program has been in effect on BOX since January 26, 2007. See Securities Exchange Act Release No. 55155 (January 23, 2007), 72 FR 4741 (February 1, 2007) (SR-BSE-2006-49). The Penny Pilot Program was later extended through September 27, 2007. See Securities Exchange Act Release No. 56149 (July 26, 2007), 72 FR 42450 (August 2, 2007) (SR-BSE-2007-38). A subsequent rule filing by the Exchange on September 27, 2007 initiated a two-phased expansion of the Penny Pilot Program. See Securities Exchange Act Release No. 56566 (September 27, 2007), 72 FR 56400 (October 3, 2007) (SR-BSE-2007-40). See also Securities Exchange Act Release No. 57566 (March 26, 2008), 73 FR 18013 (April 2, 2008) (SR-BSE-2008-20). The Penny Pilot Program was later extended and is currently set to expire on July 3, 2009. See Securities Exchange Act Release No. 59629 (March 26, 2009), 74 FR 15021 (April 2, 2009) (SR-BX-2009-017). The extension of the effective date is the only change to the Penny Pilot Program being proposed at this time.

delivered to the Commission during the month of August 2009. The Penny Pilot Report will analyze the impact of penny pricing on market quality and options system capacity.⁶

2. Statutory Basis

The Exchange believes that the proposal is consistent with the requirements of Section 6(b) of the Act,⁷ in general, and Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism for a free and open market and a national market system and, in general, to protect investors and the public interest. Specifically, the proposed extension will allow the Penny Pilot Program to remain in effect on BOX without interruption.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change: (1) Does not significantly affect the protection of investors or the public interest; (2) does not impose any significant burden on competition; and (3) by its terms does not become operative for 30 days after the date of this filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A)⁹ of the Act and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁰

⁶ BOX has previously delivered several Penny Pilot Reports to the Commission composed of data from preceding time periods during which the Penny Pilot Program has been in effect on BOX.

⁸ 15 U.S.C. 78f(b)(5).

⁹ 15 U.S.C. 78s(b)(3)(A).

¹⁰ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to

A proposed rule change filed under Rule 19b-4(f)(6)¹¹ normally does not become operative for 30 days after the date of filing. However, Rule 19b-4(f)(6)(iii)¹² permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay so that the proposal may become operative immediately upon filing. The Exchange states that such waiver will permit the Exchange to immediately implement the proposed rule change without interruption of the Penny Pilot Program and allow BOX to remain competitive with other exchanges.

The Commission believes waiving the 30-day operative delay is consistent with the protection of investors and the public interest because such waiver will allow the Penny Pilot Program to continue without interruption through October 31, 2009.¹³ Accordingly, the Commission designates the proposed rule change operative upon filing with the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

provide the Commission with written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. [Release No. 34-60212; File No. SR-NASDAQ-2009-061]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to the Extension of the Penny Pilot Program

July 1, 2009.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4 thereunder,² notice is hereby given that on June 25, 2009, The NASDAQ Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NASDAQ is filing a proposal for the NASDAQ Options Market ("NOM" or "Exchange") to amend Chapter VI, Section 5 to extend until October 31, 2009, a pilot program to quote and to trade certain options in pennies.

The text of the proposed rule change is available on Nasdaq's Web site at <http://nasdaq.cchwallstreet.com>, at Nasdaq's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to extend the Exchange's pilot program in Chapter VI, Section 5 that

allows quoting and trading certain options in penny increments (the "Penny Pilot Program" or "Pilot").

Pursuant to the Exchange's Penny Pilot Program that has been operational since 2008, as many as sixty-three options are quoted in increments of \$0.01.³ The purpose of the proposed rule change is to extend the Pilot through October 31, 2009.

Prior to the Penny Pilot Program, options were being quoted in nickel and dime increments. For options that are not in the Pilot, the minimum price variation for quotations in options series that are priced (trading) at less than \$3 per contract is \$0.05 and the minimum price variation for quotations in options series that are priced at \$3 per contract or greater is \$0.10.

Under the Penny Pilot Program, market participants are able to quote in penny increments in certain series of option classes. The minimum price variation for all classes included in the Pilot, except for the QQQQs, is \$0.01 for option series that are priced at less than \$3 per contract and \$0.05 for series that are priced at \$3 per contract or greater. The QQQQs are quoted in \$0.01 increments for all options series.

During the extended Penny Pilot Program, the Exchange will submit a report addressing the impact of the Pilot on the quality of the Exchange's markets and option quote traffic and capacity by August 31, 2009, covering the period from May 1, 2009, through July 31, 2009.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁴ in general, and furthers the objectives of Section 6(b)(5) of the Act⁵ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, by extending the Penny Pilot Program to the benefit of market participants and the public.
