

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration****Draft Papahānaumokuākea Marine National Monument Science Plan; Public Meetings**

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of availability of the draft monument natural resources science plan; announcement of public meetings; request for comments.

SUMMARY: This notice advises the public that NOAA, FWS, and the State of Hawai'i's Department of Land and Natural Resources (DLNR), and Office of Hawaiian Affairs have prepared a draft monument natural resources science plan (NRSP) for the Papahānaumokuākea Marine National Monument (Monument) located in the Northwestern Hawaiian Islands (NWHI). The State of Hawai'i also participated in the development of the NRSP. The monument's research activities, ongoing and proposed, are described in the Draft NRSP. The NRSP is available for public review and comments. Two public meetings are scheduled to obtain your comments on the Draft NRSP, see **DATES** for details.

DATES: To ensure consideration, written comments should be received on or before August 10th, 2009. Two public meetings will be held where you will have opportunities to ask questions about the NRSP and provide formal comments. The meetings will be held from 6 p.m. to 8:30 p.m. on the following dates and locations:

- July 21th: Papahānaumokuākea Marine National Monument conference room, 6600 Kalanianaʻole Hwy, Suite 300, Honolulu, HI 96825.
- July 23th: Mokupapapa Discovery Center, 308 Kamehameha Ave, Suite 203, Hilo, HI, 96720.

ADDRESSES: The Draft NRSP is available on the FWS and NOAA Web site <http://hawaiireef.noaa.gov/research/welcome.html>.

You may provide written comments on the Draft NRSP by any of the following methods:

- *U.S. Mail:* Papahānaumokuākea Marine National Monument, Attn: Science Plan Comments, 6600 Kalanianaʻole Hwy, Suite 300, Honolulu HI, 96825; or
- *Fax:* to (808) 397-2662; or
- *E-mail:* nwhicomments@noaa.gov.
- *Instructions:* All comments received are a part of the public record. All Personal Identifying Information (for

example, name, address, *etc.*) voluntarily submitted by the commenter may be publicly accessible. Do not submit confidential business information or otherwise sensitive or protected information. NOAA will accept anonymous comments (enter N/A in the required fields if you wish to remain anonymous). Attachments to electronic comments will be accepted in Microsoft Word, Excel, Wordperfect, or Adobe PDF file formats only.

FOR FURTHER INFORMATION CONTACT: T. 'Aulani Wilhelm, Monument Superintendent (NOAA); 6600 Kalanianaʻole Highway, 300, Honolulu, HI 96825; (808) 397-2660.

SUPPLEMENTARY INFORMATION:**Monument Background**

On June 15, 2006, President George W. Bush established the Northwestern Hawaiian Islands Marine National Monument by issuing Presidential Proclamation 8031 (Proclamation) (71 FR 36443, June 26, 2006) under the authority of the Act of June 8, 1906 (34 Stat. 225, 16 U.S.C. 431) (the Antiquities Act). On December 8, 2006, the Secretaries of Commerce and the Interior and the Governor of Hawai'i signed a Memorandum of Agreement for coordinated, integrated management and protection of the monument. On February 28, 2007, President Bush amended the Proclamation to rename the monument, Papahānaumokuākea Marine National Monument, to reflect native Hawaiian language and culture (72 FR 10031, March 6, 2007).

Location, Size, and Federal and State Resource Management

Proclamation 8031 reserves all lands and interests in lands owned or controlled by the Government of the United States in the Northwestern Hawaiian Islands (NWHI), including emergent and submerged lands and waters out to a distance of approximately 50 nautical miles from the islands. The monument is approximately 100 nautical miles wide and extends approximately 1,200 miles around coral islands, seamounts, banks, and shoals. The area includes the: Northwestern Hawaiian Islands Coral Reef Ecosystem Reserve, Midway Atoll National Wildlife Refuge/Battle of Midway National Memorial, Hawaiian Islands National Wildlife Refuge, Hawaii State Seabird Sanctuary at Kure Atoll, and State of Hawai'i's Northwestern Hawaiian Islands Marine Refuge. NOAA maintains responsibility for managing the NWHI Coral Reef Ecosystem Reserve, included within the monument, and has primary

responsibility regarding the management of the marine areas of the monument, in consultation with FWS.

Refuge areas within the monument, including the Midway Atoll National Wildlife Refuge, the Battle of Midway National Memorial, and the Hawaiian Islands National Wildlife Refuge, are managed by FWS. The State maintains responsibility for managing state lands and waters within the monument, including the NWHI State Marine Refuge and State Seabird Sanctuary at Kure Atoll.

Public Outreach and the NRSP's Relationship to Previous Plans

The Co-Trustees created the Draft NRSP as one of several eventual "step-down" plans from the Monument Management Plan. The NRSP was written in consultation with all members of the Monument Management Board. Comments and issues raised during scoping are included in the Draft NRSP.

Condition Report

In preparation for science plan review, NOAA has produced a Papahānaumokuākea Marine National Monument Condition Report. The Condition Report provides a summary of resources in PMNM, pressures on those resources, the current condition and trends, and management responses to the pressures that threaten the integrity of the marine environment. Specifically, the Condition Report includes information on the status and trends of water quality, habitat, living resources and maritime archaeological resources and the human activities that affect them. The report serves as a supporting document for the Natural Resources Science Plan Review Process, to inform constituents who desire to participate in that process. It can be found online at <http://sanctuaries.noaa.gov/science/condition/pnmn/download.html>.

Public Availability of Comments

Before including your address, phone number, e-mail address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, it cannot be guaranteed that we will be able to do so. For more information, please see the **ADDRESSES** section.

Dated: July 1, 2009.

Daniel J. Basta,

Director, Office of National Marine Sanctuaries.

Foreign-Trade Zones Board

[Order No. 1632]

Grant of Authority for Subzone Status, Cornell Dubilier Marketing, Inc. (Electrolytic Capacitors), Liberty, SC

Pursuant to its authority under the Foreign-Trade Zones Act of June 18, 1934, as amended (19 U.S.C. 81a-81u), the Foreign-Trade Zones Board (the Board) adopts the following Order:

Whereas, the Foreign-Trade Zones Act provides for "... the establishment * * * of foreign-trade zones in ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes," and authorizes the Foreign-Trade Zones Board to grant to qualified corporations the privilege of establishing foreign-trade zones in or adjacent to U.S. Customs and Border Protection ports of entry;

Whereas, the Board's regulations (15 CFR Part 400) provide for the establishment of special-purpose subzones when existing zone facilities cannot serve the specific use involved, and when the activity results in a significant public benefit and is in the public interest;

Whereas, the South Carolina State Ports Authority, grantee of Foreign-Trade Zone 38, has made application for authority to establish special-purpose subzone status at the aluminum electrolytic capacitor manufacturing plant of Cornell Dubilier Marketing, Inc. (Docket 46-2008, filed 8-18-2008);

Whereas, notice inviting public comment was given in the **Federal Register** (73 FR 49990, 8-25-2008); and,

Whereas, the Board adopts the findings and recommendations of the examiner's report, and finds that the requirements of the FTZ Act and the Board's regulations are satisfied, and that approval of the application is in the public interest;

Now, therefore, the Board hereby grants authority for subzone status for activity related to the manufacturing of aluminum electrolytic capacitors at the Cornell Dubilier Marketing, Inc., facility located in Liberty, South Carolina (Subzone 38I), as described in the application and **Federal Register** notice, and subject to the FTZ Act and the Board's regulations, including Section 400.28.

Signed at Washington, DC, this 26th day of June 2009.

Ronald K. Lorentzen,

Acting Assistant Secretary of Commerce for Import Administration, Alternate Chairman, Foreign-Trade Zones Board.

Attest:

Andrew McGilvray,

Executive Secretary.

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Notice of Invention Available for Licensing

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of invention available for licensing.

SUMMARY: The invention listed below is owned in part by the U.S. Government, as represented by the Department of Commerce, and George Mason University. The U.S. Government's ownership in the invention is available for licensing in accordance with 35 U.S.C. 207 and 37 CFR part 404 to achieve expeditious commercialization of results of federally funded research and development.

FOR FURTHER INFORMATION CONTACT:

Technical and licensing information on this invention may be obtained by writing to: National Institute of Standards and Technology, Office of Technology Partnerships, *Attn:* Mary Clague, Building 222, Room A240, Gaithersburg, MD 20899. Information is also available via telephone: 301-975-4188, fax 301-975-3482, or *e-mail:* mary.clague@nist.gov. Any request for information should include the NIST Docket number and title for the invention as indicated below.

SUPPLEMENTARY INFORMATION: NIST may enter into a Cooperative Research and Development Agreement ("CRADA") with the licensee to perform further research on the invention for purposes of commercialization. The invention available for licensing is: [NIST DOCKET NUMBER: 07-001].

Title: Interactive Analysis of Attack Graphs Using Relational Queries.

Abstract: Attack graph is important in defending against well-orchestrated network intrusions. However, the current analysis of attack graphs requires an algorithm to be developed and implemented, causing a delay in the availability of analysis. Such a delay is

usually unacceptable because the needs for analyzing attack graphs may change rapidly in defending against network intrusions. An administrator may want to revise an analysis upon observing its outcome. Such an analysis, similar to that in decision support systems, is difficult if at all possible with current approaches based on proprietary algorithms. This invention removes the above limitation and enables interactive analysis of attack graphs. A relational model is devised for representing necessary inputs including network configuration and domain knowledge. The attack graph from those inputs as relational views is generated. Typical analyses of the attack graph can be realized as relational queries against the views are shown. This approach eliminates the needs for developing a proprietary algorithm for each different analysis, because an analysis is now simply a relational query. The interactive analysis of attack graphs is now possible, because relational queries can be dynamically constructed and revised at run time. Moreover, the mature optimization techniques in relational databases can also improve the performance of the analysis.
