

Executive Order 13175

Executive Order 13175, entitled "Consultation and Coordination with Indian Tribal Governments" (65 FR 67249, November 6, 2000), requires agencies to develop an accountable process to ensure "meaningful and timely input by tribal officials in the development of regulatory policies that have tribal implications." The phrase "policies that have tribal implications" is defined in the Executive Order to include regulations that have "substantial direct effects on one or more Indian tribes, on the relationship between the Federal government and the Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes." The proposed modification of NWP 21 does not have tribal implications. It will not have substantial direct effects on tribal governments, on the relationship between the Federal government and the Indian tribes, or on the distribution of power and responsibilities between the Federal government and Indian tribes.

Therefore, Executive Order 13175 does not apply to this proposal. However, in the spirit of Executive Order 13175, we specifically request comment from tribal officials on the proposed rule.

Environmental Documentation

A preliminary decision document, which includes a draft environmental assessment, has been prepared for the proposed modification of NWP 21. This preliminary decision document is available at: <http://www.regulations.gov> (docket ID number COE-2009-0032).

It is also available by contacting Headquarters, U.S. Army Corps of Engineers, Operations and Regulatory Community of Practice, 441 G Street, NW., Washington, DC 20314-1000.

Congressional Review Act

The Congressional Review Act, 5 U.S.C. 801 *et seq.*, as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a rule report, which includes a copy of the rule, to each House of the Congress and to the Comptroller General of the United States. We will submit a report containing the final decision concerning the modification of NWP 21 and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States. A major rule cannot take effect until 60 days after it is published in the **Federal**

Register. The proposed modification of NWP 21 is not a "major rule" as defined by 5 U.S.C. 804(2).

Executive Order 12898

Executive Order 12898 requires that, to the greatest extent practicable and permitted by law, each Federal agency must make achieving environmental justice part of its mission. Executive Order 12898 provides that each Federal agency conduct its programs, policies, and activities that substantially affect human health or the environment in a manner that ensures that such programs, policies, and activities do not have the effect of excluding persons (including populations) from participation in, denying persons (including populations) the benefits of, or subjecting persons (including populations) to discrimination under such programs, policies, and activities because of their race, color, or national origin.

The proposed modification of NWP 21 is not expected to negatively impact human health or the environment of any community, and therefore is not expected to cause any disproportionately high and adverse human health or environmental impacts to minority or low-income communities. The purpose of the modification is to strengthen environmental protection for all communities by requiring surface coal mining projects in the Appalachian region to obtain authorization through individual permits.

Executive Order 13211

The proposed modification of NWP 21 is not a "significant energy action" as defined in Executive Order 13211, "Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use" (66 FR 28355, May 22, 2001) because it is not likely to have a significant adverse effect on the supply, distribution, or use of energy. Surface coal mining activities in the Appalachian region of Kentucky, Ohio, Pennsylvania, Tennessee, Virginia, and West Virginia that involve discharges of dredged or fill material into waters of the United States can be authorized by individual permits.

Authority

We are proposing to modify NWP 21 under the authority of Section 404(e) of the Clean Water Act (33 U.S.C. 1344) and Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 401 *et seq.*).

For the reasons set out in the preamble, the Corps proposes to modify Nationwide Permit 21 as follows:

21. *Surface Coal Mining Operations*. Discharges of dredged or fill material into waters of the United States associated with surface coal mining and reclamation operations provided the activities are already authorized, or are currently being processed as part of an integrated permit processing procedure, by the Department of Interior (DOI), Office of Surface Mining (OSM), or by states with approved programs under Title V of the Surface Mining Control and Reclamation Act of 1977.

This nationwide permit does not authorize surface coal mining activities in the Appalachian region of Kentucky, Ohio, Pennsylvania, Tennessee, Virginia, and West Virginia.

Notification: The permittee must submit a pre-construction notification to the district engineer and receive written authorization prior to commencing the activity. (See general condition 27.) (Sections 10 and 404)

DEPARTMENT OF EDUCATION**Notice of Proposed Information Collection Requests**

AGENCY: Department of Education.

SUMMARY: The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

DATES: Interested persons are invited to submit comments on or before September 14, 2009.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The Director, Information Collection Clearance Division, Regulatory Information Management Services, Office of Management, publishes that notice

containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology.

Abstract: The Office of Indian Education Professional Development (OIE PD) Grants program wishes to implement (1) a Semi-Annual Participant Report (SAPR), (2) a Participant Follow-Up Protocol, and (3) an Employment Verification survey. OIE PD grantees will submit participant contact and project service information on the SAPR twice a year. The OIE PD Grants program staff will use the Participant Follow-Up Protocol to collect employment and continuing education information from IE PD participants who are not in an approved and active deferment once they have exited the program. IE PD participants will initiate contact with IE PD staff within 6 months of exiting the PD

program and every 6 months thereafter for the length of their service payback period to report their employment and continuing education information. IE PD participants working in a local educational agency enrolling 5 percent or more of American Indian/Alaska Native students will give the Employment Verification form to their principal or LEA representative to complete. The OIE PD grants program participants will submit employment verification forms to employers, starting upon employment and continuing every 6 months thereafter. The information collected through the SAPR, the Participant Follow-Up Protocol, and the Employment Verification Form is necessary to (1) assess the performance of the IE PD program on its Government Performance Results Act (GPRA) measures, (2) determine if IE PD participants are fulfilling the terms of their service payback requirements, and (3) provide project-monitoring and compliance information to IE PD Grants program staff.

Requests for copies of the proposed information collection request may be accessed from <http://edicsweb.ed.gov>, by selecting the "Browse Pending Collections" link and by clicking on link number 4082.
