

more numbers available for subscribers who need and want them. If DSMI is uncertain whether a number should be placed in unavailable status, it should seek guidance from the Commission's Wireline Competition Bureau.

Current industry guidelines already require that RespOrgs requesting to place a toll free number in unavailable status submit written requests to DSMI with appropriate documentation. This collection requirement simply codifies the existing industry guidelines. DSMI (and, if necessary the FCC), will continue to use the information collected to determine if a particular toll free number appropriately can be placed in "unavailable" status. This will prevent the fraudulent use of toll free numbers.

Proposed Project: HHS 42CFR subpart B; Sterilization of Persons in Federally Assisted Family Planning Projects—OMB No. 0937-0166—Extension—

Office of Population Affairs (OPA)—Office of Family Planning

Abstract: This is a request for extension of a currently approved collection for the disclosure and record-keeping requirements codified at 42 CFR part 50, subpart B ("Sterilization of Persons in Federally Assisted Family Planning Projects"). The consent form solicits information to assure voluntary and informed consent to persons undergoing sterilization in programs of health services which are supported by Federal financial assistance administered by the OPA. It provides additional procedural protection to the individual and the regulation requires that the consent form be a copy of the form that is appended to the OPA regulation. In 2003, the sterilization consent form was revised to conform to OMB government-wide standards for the collection of race/ethnicity data and to incorporate the PRA burden statement as part of the consent form. The current form has been updated to conform to the changed name of a Federal entitlement program. The program, Aid to Families with Dependent Children (AFDC), utilized by low-income families with dependent children who need Federal assistance, has been replaced by a different program with similar aims, Temporary Assistance for Needy Families (TANF). Consequently, the reference to AFDC in the first paragraph has been replaced with a reference to TANF.

ESTIMATED ANNUALIZED BURDEN TABLE

| Type of respondent | Number of respondents | Number of responses per respondent | Average burden hours per response | Total burden hours |
|--------------------------------------|-----------------------|------------------------------------|-----------------------------------|--------------------|
| Citizens seeking sterilization | 100,000 | 1 | 15/60 | 25,000 |
