Brief Description of Projects Partially Approved for Collection and Use at a \$3.00 PFC Level:

Western terminal area planning.

Determination: The FAA has determined that the City did not provide enough information for justification of the line items "forecast review/derivative forecasts," "airfield simulation," and "supplemental studies revenue enhancement/new technologies" in the PFC application. Therefore, those line items, totaling \$570,960 in PFC revenue, were not approved for use of PFC revenue.

Airport access road improvements.

Determination: After review of the information provided by the City, the FAA determined that portions of the roadways included in the project description are ineligible for PFC funding.

Airport transit system (ATS) vehicle acquisition and system improvements.

Determination: After review of the information provided by the City, the FAA determined that there was a mathematical error in the amount the City originally requested for purchase of nine ATS cars. Therefore, the FAA's approved amount was less than the amount originally requested by the City.

Decision Date: February 26, 2009.
