

histories? What are the implications of these characteristics for design and implementation of automated processes?

11. How should the pilot program be structured with respect to geographic coverage, to ensure representative results? What criteria should be employed in selecting pilot locations and participants? What control groups could be used to support a rigorous evaluation?

12. What additional concerns should be considered in structuring the pilot program and evaluation design to ensure a successful pilot evaluation?

13. What safeguards to ensure compliance with applicable fair lending and nondiscrimination requirements would be most effective?

14. What are any statutory or regulatory obstacles to automated processes?

As noted in the **ADDRESSES** section of this notice, all public comments submitted to HUD will be made available for public inspection. Accordingly, commenters are cautioned against submitting proprietary or confidential information not intended for public disclosure. All information solicited in this notice is solely for the purpose of assisting HUD in designing the pilot program, and does not imply that HUD will be contracting with any provider of automated credit evaluation services for purposes of the pilot program. Comments must be submitted by the deadline date established in the **DATES** section of this notice, and in accordance with the instructions contained in the **ADDRESSES** section of this notice.

HUD will consider all public comments in the development of the pilot program. HUD will announce the establishment of the pilot program in a follow-up **Federal Register** notice that is based on the consideration of these comments.
